AWARD

The Government of West Bengal, in the Labour Department, by orders Nos. 1988Dis./D/7L-47(a)/53, 2329Dis./D/7L-47/54, 3393Dis./D/3A-10/54,

3537Dis./D/7L-47/54 and 4130Dis./D/7L-47/54, dated 7th April 1954, 6th May 1954, 12th July 1954, 21st July 1954 and 26th August 1954, respectively, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

Sampatia, a workman of Messrs. Agarpara Jute Mills, applied on 1st February 1955 under section 33A of the Industrial Disputes Act complaining against her dismissal on various grounds. The petitioner prays that the Company may be directed to reinstate her with other consequential reliefs.

The Company, in its written statement, states that the application under section 33A is misconceived and not maintainable in law, as the Company has not in any way contravened section 33 of the Act. The question of termination of service of the petitioner does not arise, as she was found medically unfit for further service on 4th January 1955. She was examined by the Mill Medical Officer on 4th January 1955, and it was reported from her Department that she was irregular and apt to be careless about her work. The Mill Medical Officer found that Sampatia had poor vision and was also suffering from general debility. In view of the Mill Medical Officer's report, Sampatia was informed that she could retire on medical grounds and collect her dues from the Mill Labour Bureau. It is submitted that the complainant is not entitled to reinstatement as claimed. The Company prays that the application under section 33A should be rejected on the preliminary point of law and on merits.

On 1st December 1956 the applicant filed a petition praying for withdrawal of the complaint under section 33A. Heard the parties on the petition. The petition appears as Appendix A to this award. The applicant is permitted to withdraw her application. The application in Appendix A shall form a part of this award. I award accordingly.

M. C. BANERJI,

Chairman, Jute Textile Industry Tribunal.

Amar Hind Rama Hotel, 21 Surendra Banerjee Road, Calcutta-13 and their workers represented by the Calcutta Hotel and Restaurant Workers' Association, Congress Bhaban, 59-B Chowringhee Road, Calcutta, regarding the matters specified in the schedule thereto was referred for adjudication to the Second Industrial Tribunal;

ANNEXURE

In the matter of an industrial dispute between Messrs. Amar Hind Rama Hotel, 21 Surendra Banerjee Road, Calcutta-13 and their workmen represented by the Calcutta Hotel and Restaurant Workers' Association, Congress Bhaban, 59B Chowringhee Road, Calcutta.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. P. MUKHERJEE, *Judge, Second Industrial Tribunal.*

Appearances.

For the employees: Shri Sunil De Sarkar, Secretary, Calcutta Hotel and Restaurant Workers' Association.

For the Company: Shri Baijnath Mandal and Shri Bhai Lall, proprietors of the Hotel.

The Government of West Bengal, Labour Department, by its order No. 4011Dis./D/11L-155/56, dated 7th September 1956, referred the above industrial dispute to this Tribunal for adjudication of the following issues:—

(1) Whether the management was justified in dismissing the following six workers:—(i) Dhiren, (ii) Ram Chandra Mondal, (iii) Gopi Bahadur, (iv) Bachan Singh, (v) Shib Charan Panda, (vi) Padam Bahadur.

(2) What relief are they entitled to?

AWARD

The Union's case in short is that these 6 workers as mentioned in the schedule to the order of reference were employed in Amar Hind Rama Hotel. As the workmen of the aforesaid Hotel had many grievances against the employer, they wanted to stand collectively for the redress of their grievances, and formed a Union on 7th January 1956. These 6 workers were elected as members of the Executive Committee of that Union. So, they were spotted and ear-marked for victimisation as the proprietor wanted to get rid of them. On 13th January 1956, Ram Chandra Mandal

[serial No. (ii)] was suddenly dismissed for no fault of his. Not content with it, the proprietor of the Hotel on 29th January 1956 drove out the remaining 5 workers. The Management also withheld payment of their dues. The dismissal of these 6 workers was illegal and unwarranted, and it was effected by way of victimisation for their union activities. Accordingly, reinstatement, wages due and compensation for the period of unemployment have been claimed on their behalf.

The employer has denied most of the allegations as made in the written statement of the Union. The version of the employer is that of these 6 workers, who all were employed in the hotel, Ram Chandra Mandal in the evening of 13th January 1956 came to the proprietor, and demanded pay at a higher rate, which was turned down. At this, he refused to continue and went away from the hotel next morning. The other 5 workers on 28th January 1956 similarly demanded higher pay, which was refused. At this, they said that they were not willing to continue and left the hotel. In this way, they had voluntarily tendered their resignation. They were not dismissed, nor were they driven out by way of victimisation as alleged. All these workers, when they left the hotel, were asked to come for their dues in the first week of February 1956. Of them, Padam Bahadur (serial No. vi) only came and took his dues, while the other 5 workers did not turn up to take their dues, which the Management was always ready to pay.

Both the issues are taken up together for the sake of convenience. In the present case, the Tribunal is to consider which version is true. It has got to decide whether the Management dismissed these 6 workers, or whether they themselves resigned. Three of the workers concerned have given evidence before the Tribunal, while Shri Bhai Lall, one of the proprietors of the hotel, was examined on behalf of the employer. The three workers concerned have said no doubt that they had not resigned, but they were dismissed. O.P.W. 1 Shri Bhai Lall on the other hand has deposed on oath that all these workers left their service of their own accord, when their demand to pay at higher rate was refused by the Management. So, there is oath against oath. I have given my careful and anxious consideration to the oral evidence as adduced in this case. The version of the workers is unworthy of credit, and I am not prepared to place any reliance on the same. O.P.W. 1 Shri Bhai Lall, one of the proprietors, who deposed on behalf of the employer, impressed me as a truthful witness. He was not cross-examined even. I do not, therefore, think that I should dis-believe his evidence. It bears the stamp of truth. I am led to hold that the employer's case that these workers quitted their service reflects the correct picture. On the evidence of O.P.W. 1, the conclusion can be legitimately drawn that all these 6 workers demanded higher pay, and expressed their inability to continue in service, if they were not allowed pay at higher rates. As the Management could not agree to meet their demands, the workers concerned threw up their jobs and went away. It can hardly be believed that the employer, who was running a hotel with a few workers for business purpose, would take the risk of dismissing abruptly as many as 5 workers at a time. Not only the Management was likely to be seriously embarrassed thereby, but such action was also likely to paralyse the running of the hotel altogether. No employer running a business for profit could afford to take such an indiscret and hasty action. So, considering the circumstances and probabilities, I have reached the conclusion that the employer did not dismiss the workers concerned, nor did he terminate their services, but the workers themselves had left their service of their own accord. It was probably expected that by such tactics adopted by the workers, the proprietor of the hotel would be brought down

to their knees, and the workers might get their demand for higher pay granted. I, therefore, hold that this was a case of resignation, and not of termination of service by the employer. In this view of the matter, the present case appears to be out of bounds of the Industrial Disputes Act. The question of reinstatement of these workers or of their getting any compensation does not arise at all.

However, these workers are entitled to have from the employer wages due to them for the period they worked in the hotel. This leads the Tribunal necessarily to decide how much they are entitled to get on this account. In this respect, the parties are at variance. The Union in paragraph 9 of its written statement has stated how much is due to each of these 6 workers, while the employer in Appendix I to his written statement has stated what amount each of these workers will actually get after adjustment of advances already made to them. In this Appendix, the dates of appointments of these workers as also their pay have been stated. The employer has produced the attendance registers, pay register and also some receipts showing payments made to some of the workers. They are Exts. B.C. and A-series. On a consideration of the materials placed before the Tribunal, I am led to hold that what is stated in Appendix I to the written statement of the employer is true and correct. The employer has furnished oral and documentary evidence in support of this. The dues of these workers as shown and stated in paragraph 9 of the Union's written statement, cannot be accepted as correct. The dates of appointment as deposed to by 2 workers, P.W. 2 Shri Bachan Singh and P.W. 3 Shri Ram Chandra Mandal do not appear also to be correct. The dues of the workers as stated in the written statement of the Union seem to be exaggerated, and there is no corroborative evidence in support of the same. P.Ws. 2 and 3 in giving evidence that they were appointed on 1st August 1955 and in September 1955 respectively departed from the truth in a remarkable degree. The books and papers produced by the employer cannot be lightly brushed aside. In the result, on a consideration of the matter I hold that nothing is due to Padam Bahadur (serial No. vi) and that the remaining 5 workers shall get their dues as noted below against their names for the period they worked in this hotel:—

1. Dhiren (serial No. i)—Rs. 18.
2. Ram Chandra Mandal (serial No. ii)—Rs. 22-8.
3. Gopi Bahadur (serial No. iii)—Rs. 14.
4. Bachan Singh (serial No. iv)—Rs. 70-13.
5. Shib Charan Panda—Rs. 56-12.

The said payments be made to the abovenamed 5 persons within 14 days from the date of publication of this award in the *Calcutta Gazette*.

This is my award.

ORDER

No. 5406I.R./D/7L-61/56.—19th December 1956.—Whereas under the Government of West Bengal, Labour Department, order No. 2035Dis./D/7L-1/52, dated the 29th July 1952, the industrial dispute between the Eastern Manufacturing Co., Ltd., Titaghur, 24-Parganas and their workmen represented by the Eastern Manufacturing Company Employees' Union, Ali Hyder Road, Musalmanpara, Titaghur, 24-Parganas, regarding the matters specified in the schedule thereto was referred for adjudication to the Fourth Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal a complaint in writing was made by Shri Balaram Jena and Shri Gouranga, workmen of the said Company, before the said Tribunal, against the said Company, alleging that the Company had altered, to the prejudice of the said workmen, the conditions of service applicable to them immediately before the commencement of the said proceedings;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act, 1947, filed by Shri Balaram Jena and other against Messrs. Eastern Manufacturing Company, Limited, post office Titagarh, 24-Parganas, in connection with an industrial dispute between Messrs. Eastern Manufacturing Company, Limited and their workmen referred under Government order No. 2035Dis., dated 29th July 1952 (Case No. 8 of 1953).

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. N. GAN, *Judge, Fourth Industrial Tribunal.*

For the Union: Shri Patit Paban Pathak.

For the Company: None.

AWARD

Balaram Jena and Gouranga, two employees of Eastern Manufacturing Company, Limited, hereinafter called the Company, filed an application under section 33A of the Industrial Disputes Act against their employers alleging that they were suspended on 25th September 1952 pending enquiry into certain false charges and that since then they were not given any work. The Company's application under section 33 of the Industrial Disputes Act for dismissing them from services was not heard before the Tribunal.

In reply, the Company contended that the application was not maintainable in law for there was no violation of section 33 of the Industrial Disputes Act. Both the applicants were charge-sheeted on 23rd September 1952 for misconduct under Standing Orders and kept under suspension pending permission of the Tribunal to dismiss them. Their application under section 33 was struck off for want of jurisdiction and a previous complaint by the applicants was rejected by the Tribunal holding that there was no contravention of section 33 of the Industrial Disputes Act.

Points for decision

(1) Is the application maintainable?

(2) What relief, if any, are the applicants entitled to?

Points 1 and 2

Of the two complainants, Balaram appears and deposes in this case. Gouranga is absent. The Company is also absent. It appears from the evidence of Balaram that in the month of September 1952 more than four years ago, he was charge-sheeted along with Gouranga for alleged misconduct and that they replied to the charges. He was not given any employment for six months and was subsequently re-employed on temporary basis. Gouranga was not given any re-employment and left for home. It is difficult to ascertain, at this distance of time, on this meagre evidence, how the complainants were actually dealt with by the employers. And there is nothing on record to show that the Company is guilty of any violation of the terms of section 33 of the Industrial Disputes Act. Suspension pending enquiry and pending permission of the Tribunal is no punishment. Neither it amounts to discharge or dismissal from service. The Company applied for permission of the Tribunal to dismiss the applicants from the services. The application was struck off as the Tribunal became *functus officio*. Thereafter, Balaram was taken into employment. He is continuing in it even now. Accordingly, he cannot now maintain this complaint on the allegations made in it. It is difficult to find out what is the actual position regarding Gouranga. In any case, the complaint is not maintainable. It is, however, observed that the Company will favourably consider the case of Balaram regarding his claim for continuity of service. As to Gouranga, his case for re-employment, if he offers for it within a fortnight from the date of the award, may also be favourably considered by the management of the Company.

The application is disposed of. No cost.

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Judge, First Industrial Tribunal.*

For the complainant: Shri Panchanan Bhattacharjee.

For the Company: Shri N. M. Das Gupta, Advocate.

AWARD

The present application under section 33A of the Industrial Disputes Act arises in connection with the order of reference No. 2736Dis./D/11L-166/54, dated 27th May 1954, in connection with the industrial dispute between Messrs. Babulall & Co., Ltd. and their employees. The award of the Tribunal on this reference was made on 30th June 1956 and was published in the *Calcutta Gazette* on 28th June 1956.

On 19th August 1955 Bhagwan Das filed an application under section 33A of the Industrial Disputes Act stating that the opposite party Company suspended the petitioner on 12th July 1955 for an unlimited period and this amounted to a substantive punishment. It is further stated that as this punishment was awarded without the prior permission of the Tribunal, the action was illegal and *mala fide* and in violation of section 33 of the Industrial Disputes Act. The petitioner, therefore, prays for an award directing the Company to allow the petitioner to work and pay full compensation for the period of unemployment.

The Company, in its written statement, states that the application under section 33A is not maintainable in law inasmuch as there has been no contravention of section 33 of the Act. The petitioner was suspended by way of a security measure pending enquiry about his conduct and disposal of his case. The Company applied to the Tribunal for permission to dismiss the petitioner for misconduct committed by him. After a full enquiry and investigation to the charges, the Management was fully satisfied that the petitioner was guilty of gross misconduct, for which he was liable to be dismissed. As the Tribunal proceeding was pending, the petitioner was informed that he would continue to remain suspended as a security measure till the permission of the Tribunal to dismiss him was obtained. In the circumstances, suspension of the petitioner was not a punishment and therefore has not been in contravention of section 33 of the Act. The application was, therefore, not maintainable.

The points that arise for the decision of this case are as follows:—

(1) Is the application under section 33A of the Act maintainable?

(2) Is the petitioner entitled to any relief?

AWARD

DECISIONS

Points Nos. 1 and 2

It appears that there was an enquiry in regard to the alleged misconduct committed by the petitioner. A charge-sheet was issued on him and he was suspended pending enquiry. After the enquiry, the Management applied to the Tribunal for permission to dismiss him for misconduct and the petitioner was directed to continue to remain suspended as a security measure till the permission of the Tribunal to dismiss him was obtained.

It has been decided by the Hon'ble Labour Appellate Tribunal of India that suspension pending enquiry or for the time that is required for permission from the Tribunal is not punishment (*vide* case of Assam Oil Company, reported in 1954 L.A.C., 307 at 320) and the case of Sasa Musa Sugar Works, reported in 1955 L.A.C., 495 at page 500. It is, therefore, clear that the suspension of the workman pending permission of the Tribunal in a proceeding under section 33 of the Act is not punishment and the application under section 33A of the Act complaining of such suspension is not maintainable.

Exhibit A is the certified copy of the application under section 33 of the Industrial Disputes Act filed for permission of the Tribunal to dismiss the petitioner on various grounds in support of the Company's case on the application. Exhibit B is the certified copy of the order of the Tribunal striking off the application under section 33 of the Act, on the ground that the Tribunal lost jurisdiction to adjudicate on it, as the pendency of the proceeding in the main adjudication had terminated. It is, therefore, clear that the Company did not violate the provisions of section 33 of the Act in suspending the applicant as it did pending permission of the Tribunal to dismiss him.

It has been decided by the Hon'ble Supreme Court in the case of Automobile Products of India, reported in 1955 L.A.C., 221, that it is the contravention by the employer of section 33 of the Industrial Disputes Act that gives rise to a cause of action in favour of the workman to approach and move the Tribunal for relief under section 33A of the Act and this contravention is the condition precedent to the exercise by the Tribunal of the jurisdiction and powers conferred on it by section 33A of the Act. The

present application under section 33A is, therefore, not maintainable in law and should be rejected. The applicant is not entitled to any relief. These issues are accordingly answered.

Hence it is ordered that the application under section 33A of the Act be rejected.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. PALIT, *Judge, Fifth Industrial Tribunal, West Bengal.*

Present for the Company: Shri P. R. Mukherji, Lawyer, on behalf of the Company.

Present for the Union: Shri D. L. Sen Gupta, Advocate.

1. By Government order No. 533Dis./D/10L-128/55, dated the 6th February 1956, the aforesaid dispute has been referred to the Fifth Industrial Tribunal, presided over by me, for adjudication under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947). The said Fifth Industrial Tribunal was constituted under section 7 of the Act by the notification No. 3581Lab., dated the 9th June 1951.

2. The reference was received here on 11th February 1956. The Union filed written objection on 12th March 1956. The Company filed written objection on 28th April 1956. After several adjournments the case was taken up for hearing on 15th November 1956. The evidence was concluded on that day. The argument was heard on 17th November 1956. The award was reserved.

3. The only issue contained in the schedule to the order of reference stands as follows:—

(1) Whether the discharge of Shri K. Banerji is justified. To what relief in the way of reinstatement and/or compensation is he entitled?

AWARD

4. The original order of reference was corrected by the subsequent order No. 1834Dis./D/10L-49/56, dated 5th May 1956. As a result of this amendment the words "and their workmen" were substituted in place of "and their employee Shri K. Banerji".

It is the case of the Union that Shri K. Banerji was the first Secretary of the Union in the year 1947 when it was first organised. During his regime two strikes were launched by the workmen under his leadership, viz., one from 2nd June 1949 to 28th September 1949 and the other from the middle of 1952 and lasting for nearly 6 months. On both these occasions the settlement ended in the victory of the Union. Thereafter a charter of demand was submitted to the Company. Shri K. Banerji was promoted to the post of Foreman from his position of a welder mistry. But on 11th May 1955 he was suddenly discharged from the service on the plea of reorganisation in the Company. Only a few days before this discharge Shri K. Banerji had changed over from the I. G. Employees' Union to the I.G.W.S. Union. The Company picked up this change-over as an opportunity to let down Shri K. Banerji and as a result it had recourse to this retrenchment, says the Union.

The Company, on the other hand, denies all the allegations and contends that the very fact that Shri K. Banerji had so many promotions under the Company proves that the Company bore no grudge against him. In his service in the post of Foreman he was found wanting in supervisory duties and control. So, while doing reorganisation his services were dispensed with. The Company takes legal objection saying that Shri K. Banerji cannot come under the Industrial Disputes Act, 1947, because he is not a "workman". It has also taken objection to the amendment of the order of reference by the Government.

Regarding the first objection that Shri K. Banerji is not a workman, the Union relies upon the supplemental provisions of the Industrial Disputes Act, 1956, clause 1. It contends that with regard to the pending proceedings the Tribunal is competent to extend the extended definition of "workman" which has come into operation on 28th August 1956. As such, even if it is assumed that Shri K. Banerji had been exercising merely supervisory function, he will still come under the definition of "workman". The Union stresses on the word "may" occurring in the clause 1 of the supplemental provision. I am, however, inclined to think that the word "may" in this statute is not very different from the word "shall". This interpretation is permissible under the General Clauses Act. Besides, the matter of jurisdiction should be decided with reference to the time when the Tribunal comes to have seisin of the dispute. Here that is the date of the reference, *i.e.*, the 6th February 1956. At that time this extended

definition of workman was not operating. So I hold that the supplemental provision, clause 1, is not attracted to the present case. I have to decide the dispute according to the definition of workman occurring in the old Act.

Next, when I turn to the evidence, I find that Shri K. Banerji, P.W. 1, asserts saying "There was no change in my work when I was a Head Mistry and thereafter when I was made a Foreman except that as a Foreman I had to do some additional clerical jobs". He further says "In 1945 I started my service here as a welder. In 1948 I became the Head Mistry. As a mistry I used to do gas welding and electric welding. I used to do all such work with my own hands. In 1953 after the second strike, I was made the Assistant Foreman. There was no Head Mistry at that time. When I was promoted as the Assistant Foreman, I was required to do my previous work..... Sometime in 1954 I was transferred to the Hopes Department..... In the Hopes Department 4 new welding machines were installed in connection with doors and windows. So I was transferred there. In this way my work in welding practically stood unchanged even after my transfer there..... On the 15th February 1955 I was transferred to the Ferguson Shop No. 2. There I had to do aluminium welding, cleaning and painting, I mean, painting of Ferguson trailers. There were men for the job, but those which were defective were done by me. I had no maintain production chart..... The major portion of my work consisted in aluminium welding and gas welding. There was no man at that time for aluminium welding by gas. I had to do the entire work myself with the help of two others who were trainees. I continued at that time as a Foreman." Thus it is clear that Shri K. Banerji was essentially a Mistry though his designation was changed from a Head Mistry to a Foreman. As a foreman he had to do certain departmental duties of clerical nature which, however, comprised only a fraction of his total duties. Now, no competent witness is forthcoming to contradict Shri Banerji that he was not doing these duties. Shri P. Sarkar, O.P.W. 1, who is the Labour Officer of the Company, joined the service of the Company in December 1955. So he is not competent to say what work Shri K. Banerji was actually doing. Somebody in the department could have been produced if the Company really wanted to contradict Shri Kamaksha Banerji's version. On the other hand, P.W. 2, who is a co-worker of Shri K. Banerji, corroborates Shri Banerji. The Company wants to make a capital of the fact that Shri K. Banerji had to do supervisory function as the main part of his total duties. But if I look to the Ext. A which dates as far back as the 21st November 1951, when Shri K. Banerji was the Head Mistry, I find that he was accused of being wanting in supervision over the operators working under his charge. He was also accused of not submitting production returns and wanting in initiative. So it is clear that Shri K. Banerji even when he was the Head Mistry was doing all these functions. But these functions have now been set up against him constituting him a supervisor and disentitling him to the designation of "workman". Exhibit A is the letter of the Company. Can the Company interpret it in any other way? In the Ext. A1 which is dated June 3/4, 1952, when Shri K. Banerji was the Head Mistry, he was accused of not submitting production report in proper form. It is, therefore, clear that so far back as that he was submitting production returns. So the Company cannot be permitted to deny the status of a workman to Shri K. Banerji. To say that he was a supervisor out and out is a mere plea. The Company refers to the letter of Shri Kali Mookerji, President of the Union, dated the 10th June 1955 (Annexure 1 to the Company's written statement), in which Shri K. Banerji was described as a supervisory staff. But I cannot attach much importance to this letter of the Union President, so far as this matter is concerned. Even in that letter I find that Shri K. Banerji was differentiated from the "managerial

staff". So, having regard to all these facts and circumstances, I find that Shri K. Banerji was a "workman", and his case is attracted by the Industrial Disputes Act, 1947.

Then regarding the second objection, *viz.*, that Government was not competent to amend the order of reference in the way it did, I must say that there is some substance in the objection raised by the Company. It was held by the Patna High Court in the case of Bata Shoe Company, Ltd. *versus* the State of Bihar and others, reported in the current issue of the L.L.J., *i.e.*, November 1956, Volume II, page 358, that section 21 of the General Clauses Act cannot justify such interference. The Supreme Court decision in the case of Minerva Mills, Ltd. and also Straw Board Manufacturing Company has been distinguished. But even if I put out of consideration this amendment, what is the legal position? It then becomes only an individual dispute between the Company and Shri K. Banerji. Even there I find in the original order of reference that Shri K. Banerji was represented by the Indian Galvanizing Works Staff Union whose Secretary he was at that time. Besides, the letter of Shri Kali Mookerji, President of the Union, Annexure 1 to the Company's written statement, which is dated the 10th June 1955, shows that the Union espoused the cause of Shri K. Banerji as far back as June 1955. The President of the Union pointed out in the above letter that Shri K. Banerji should be immediately reinstated so that good relations between the employer and the employees could be maintained. So, in that view, the reference cannot be thrown out on the ground of it being based on an individual dispute.

In course of the arguments, Shri P. R. Mukherji, the lawyer on behalf of the Company, contends that Shri K. Banerji being a discharged employee cannot bring up a dispute because he is not a workman whose discharge is in course of the dispute. But he stands contradicted by the uncontroverted facts of there having been as many as two strikes engineered by this gentleman Shri K. Banerji within recent years. Even there was a charter of demands pending. So when he was discharged, he was discharged certainly in course of a pending dispute. This disposes of all the legal and preliminary objections raised by the Company to defeat the claim of the workman Shri K. Banerji.

Next, I look to the case on its merits. The Company says that there was a reorganisation in the Company and as a result Shri K. Banerji was retrenched. If I turn to the Ext. 1 by which Shri K. Banerji's appointment was terminated, I find the following in the introductory portion of the said letter:—

> "As a result of reorganisation of the works, which will be undertaken with immediate effect, it is regretted that the Company will no longer be able to utilise your services. It has therefore been decided that your services shall be terminated as with effect from today the 11th May 1955."

So the reorganisation was not yet undertaken. It was to be undertaken forthwith. The service of Shri K. Banerji was at once done away with. Now, why is this indecent hurry? Does it not give rise to suspicion? Does it conclusively show that the Company's conduct was *bona fide*? Then where is the evidence of the proposed reorganisation? The Company does not place its card on the table. If the Company merely says that it wants reorganisation and lays the axe of retrenchment on anybody's head it likes,

would not the destiny of workmen be at the mercy of the employer? If the workmen are thus thrown at the mercy and sweet whims of the employer, then where is the security of service? For what does the Tribunal exists? It is for this purpose that Tribunals have from time to time in such cases called upon the Company to place before it the plan of retrenchment and to show conclusively that retrenchment was indispensably necessary and that proper persons were being retrenched. But here the Company would seek to keep its own counsel. It would not take the Tribunal into confidence. The learned lawyer of the Company argues that it is the inherent right of the Company to reorganise its staff. Nobody disputes that proposition, so far it goes. But the Tribunal has got to be satisfied, *viz.*, that the retrenchment is not a mere plea but is absolutely *bona fide*. In the present case the Company does not make out the case of reorganisation before the Tribunal by evidence.

The learned lawyer of the Company next argues that if the Company had any grudge or ill will against Shri K. Banerji, then why should he be given promotion from the post of a welder mistry to the exalted status of a Foreman in course of a few years? Why should his salary be raised so frequently? That is no doubt worthy of consideration if it stands by itself. But here I find that this gentleman had been responsible for launching two strikes in the past. The Company had to yield on both these occasions. It can never be supposed that the Company was still generous enough to have a very soft corner for this man who had engineered those successful strikes in the past. If that is so, that is more than good. But what I am inclined to find is that Shri K. Banerji was the Secretary of the Union and he harped on the matter of his promotion off and on. He was also a deserving hand. So the Company, in spite of its grudge against him, had to concede his demand and grant him promotion which could not be resisted. It may be said that if that was so, why should he now be let down so suddenly? The answer I find in the fact that Shri K. Banerji had left the I. G. Employees' Union and joined the Staff Union only on the 1st April 1955. He became its Secretary on 7th May 1955. Immediately in its wake came his discharge letter on 11th May 1955. The Company might have thought that Shri K. Banerji had lost the support of the Employees' Union and so it was just the time when he should be got rid of. The members of the Employees' Union might not support his cause. This is also what I get in the letter of Shri Kali Mookerji, the President of the Union, which is Annexure 1 to the Company's written statement.

So, having regard to all these facts and circumstances, I hold that the discharge of Shri K. Banerji was not justified. Regarding relief, I find that he is entitled to reinstatement. Regarding compensation, as I find that his discharge was not justified, he should get by way of compensation all that he might have earned had he been in service during the period of his forced unemployment. The Company may say that it did not have the benefit of his service during that period and so payment of compensation as above would be punitive and cause hardship on the Company. That may be, but for that the Company has to blame itself. If a workman is unjustly retrenched and thrown out of employment to fall back on his slender resources, hardship on him is not certainly very slight and negligible. So I award that Shri K. Banerji will get during the period of his forced unemployment from 11th May 1955 up to the date of his reinstatement all dues which he would have earned had he been in employment. Reinstatement is ordered to take effect within two weeks of the award coming into operation. If Shri K. Banerji has been paid any retrenchment compensation or any notice pay with an eye to retrenchment, that would be set off

against the compensation allowed above. The compensation must be paid within one month of the award becoming operative.

ANNEXURE

In the matter of an industrial dispute between Messrs. Bose Brothers, 76 Benaras Road, Howrah and their workmen represented by Iron and Steel Workmen's Union, 76/15 Benaras Road, North Bantra, Howrah.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. P. MUKHERJEE, *Judge, Second Industrial Tribunal.*

Appearances.

For the employees: Shri Kali Chakrabarty, Vice-President of the Union and Shri Satyen Das, Joint Secretary of the Union.

For the Company: Shri S. C. Sen, Advocate and Shri S. K. Bhanja Chowdhury, Labour Adviser.

The Government of West Bengal, Labour Department, by its order No. 3144Dis./D/10L-98/56, dated 18th July 1956, referred the above dispute to this Tribunal for adjudication.

The issues contained in the schedule to the order of reference stand as follows:—

(1) Revision of wage rates.

(2) Bonus payable in 1955.

(3) Festival holiday with full pay.

AWARD

After usual notice, the parties entered appearance and filed their written statements. The hearing was concluded on 7th December 1956.

Issues 1 and 2

For the sake of convenience and with a view to avoid repetition of facts, these two issues are taken up together for discussion. The Union demands a revision of the present rates of wages on the allegation that these rates are extremely inadequate, and compare unfavourably with those prevailing in the comparable concerns of the locality. It is said that the wages paid to the workers of this concern fall below the minimum prescribed by the Major Engineering Tribunal Award. The Union also demanded two months' full wages as bonus payable in 1955. Regarding bonus, the Union's case is that the Company is a flourishing concern, and can afford to pay bonus to its workers, and that bonus has been awarded in the year in question by other similar industries. The Company opposes and contests both the claims. Regarding wage rates, the Company contends that the wages paid to its daily-rated and piece-rated workers are the same as prevailing in comparable industries in the neighbourhood, and that the basic wages as paid are also in conformity with the Major Engineering Tribunal Award. Regarding the claim for bonus, the Company says that it never paid bonus to its workers, and that in view of its trading and financial position, it is not in a position to give any bonus.

The Company has produced a chart (Ext. C) to show the present rates of wages as paid to the different categories of its workmen. The said chart has been prepared from the Wage Registers (Exts. D-series). The Company has also produced audited balance-sheet for the year in question. But the Union has not produced anything to show what wages are actually paid to workers in similar concerns in the neighbourhood, although it demanded a revision of the present rates of wages, and contended that the rates of wages in this concern were grossly inadequate and much below those prevailing in the comparable concerns of the locality. The Union remained content by examining its Joint Secretary Shri Satyen Das on the point, but his evidence in this respect is not at all helpful. He is not a worker of this concern, nor did he ever work in similar concern. Yet, he had the temerity of saying that the existing rates of wages in this concern were lower than those prevailing in similar concerns in the neighbourhood, and that some other concerns of this nature paid bonus to their workers. He was constrained to admit that his information was based on the reports that he got from the workers. This shows that he has no personal knowledge in the matter. It is also curious that none of the workers of this concern were examined on behalf of the Union to say that the existing wage structure in this concern was so low and inadequate as to call for a revision thereof. Even, no body from other similar concerns was examined by the Union to show that the wages paid to the workers of this Company were lower than the rates of wages prevailing in similar concerns in the neighbourhood. Furthermore, no papers were also called for from similar concerns in the area by the Union to substantiate its allegation in this respect. One worker was, of course, examined on behalf of the Union, and he is P.W. 2 Shri

Sahid. But this witness nowhere in his evidence has stated that the wages paid to the workers of this concern are low or inadequate. No tangible evidence has also been produced by the Union to disprove that the wages as paid by this Company to its workers are, in fact, inadequate and low as compared with similar concerns in the locality. In the circumstances, the Tribunal cannot revise the rates of wages of the workers of this Company, simply on the *ipse dixit* of the Joint Secretary of the Union, who has no personal knowledge about what he has deposed. I must, therefore, confess that no reliable data are forthcoming in this connection. It will not be proper and safe for the Tribunal to disturb the existing basic wage off-hand, as that will only introduce complication without any satisfactory solution. The Tribunal finds no good reason to discard the chart (Ext. C) filed by the Company as incorrect as there is no alternative evidence on record to decide the issue. As stated already, the Company says that the wages paid to different categories of its workers are fair and reasonable, and compare favourably with similar concerns of the locality. I have carefully examined the said chart with reference to Pay Registers produced before the Tribunal. I cannot possibly say that the basic wages that are being paid by this concern to the different categories of its workers are so inadequate and inequitable, so as to call for an immediate revision. It appears that the existing basic wages as are being paid by the Company to the unskilled and semi-skilled workers are in conformity with the award of the First Major Engineering Tribunal. This Major Engineering Tribunal fixed minimum basic wages for unskilled workers at Rs. 30 per month or Rs. 1-2-6 per day, and for semi-skilled workers at Rs. 35 per month or Rs. 1-5-6 per day. The said chart (Ext. C) shows that the Company has been paying basic wages to the workers above that level. Regarding skilled workers, the matter was left by the Major Engineering Tribunal to be decided between the parties. But the chart (Ext. C) indicates that the skilled workers are being paid basic wages at a decent rate. It is true no doubt that no separate dearness allowance is paid to the workers of this concern, but if the basic wages as paid to all categories of workers by this concern be considered in an isolated manner, it seems that the workers can have no reasonable grievance in this respect. The Union has not alleged or proved anything as to why the basic wages as paid at present to the different categories of workers by this Company, which are according to the award of the Major Engineering Tribunal, should be revised. In my view, such wages should not be disturbed without proof of new or altered circumstances, which came into existence thereafter. Such wages could be revised only on 'industry-*cum*-region' basis. The Company contends, and I think rightly that the minimum wages should be the same as prevailing in comparable industries in the region. There is nothing to show that the wage structure in this concern for workmen is not fair and reasonable, and compares unfavourably with those of the comparable concerns of the region. The Union could not show or establish that some factors were not taken into account in fixing the wage structure as it exists, or that some factors peculiar to this concern have arisen since the existing wage rates were fixed. The issue on wages has got to be considered also in the back ground of the Company's work, stability and finances. In actual fact, the present Company is an Engineering concern on a small scale. It mainly manufactures iron pans. It is a purely proprietory concern. The business was started by the father of the present proprietors about 40 years ago, and three brothers who are now the proprietors of this concern, are looking after it. They have no Manager or Supervisor, but they themselves manage its affairs by devoting their whole energy and time. They have no other occupation save and except looking after this concern, and the income therefrom is the only source of their livelihood. The audited balance-sheet (Ext. A) for the year in question

shows that there has been only net profit of Rs. 11,866-1-9 in this concern after meeting necessary expenses. Such profit in the share of each brother comes to Rs. 3,955-5-9 a year. If Rs. 250 or Rs. 300 per month be allowed to them as remuneration for the service they render to the Company, there remains little or no profit out of the said net profit of Rs. 11,866-1-9. The proprietors can legitimately claim this remuneration per month for their labour and work in this Company, as without taking such remuneration it is impossible for them to maintain their family in these hard days, as has been stated in his evidence by O.P.W. 2 Shri S. K. Bose, one of the proprietors, to the effect that the income from this Company is the only source of their livelihood. The facts and figures as stated in the balance-sheet should be accepted as correct, as nothing to the contrary could be shown on behalf of the Union. A statement of machineries and buildings in respect of this concern has also been produced, and it is Ext. E. The total value thereof as stated therein is Rs. 1,57,700. It appears that the value of the machineries alone exceeds Rupees one lakh. It has transpired from the evidence that all the machineries as shown in the list were in existence in this concern before World War II. Hence some of the machineries must have become old now by natural wear and tear, and might require replacement, for which the Company has got to be prepared. The proprietors shall have to find out money sooner or later for this, as there is no reserve fund for such depreciation. It has further transpired from the evidence of O.P.W. 2, who is one of the proprietors that the wage bill of the workers alone comes to Rs. 2,500 or Rs. 2,600 per month. Taking all the facts into consideration, I am of the view that it will not be fair and equitable to impose any heavy financial burden on the Company on account of wages or bonus. If, in this state of financial position, any further imposition on its slender means be made either by way of revision of wages or by granting of bonus, it would bring about a sure ruin of the industry itself, which is not desirable in the interests of the employer and the employees. This concern cannot be said to be a prosperous and flourishing one. I get the impression that it is eking out its existence anyhow with its slender finances. Bonus has never been paid to the workers by this concern. So, it cannot be claimed as a condition of service. The financial condition of the Company as depicted above, does not permit any payment of bonus. Therefore, considering the matter in all its bearings, I hold that the workers cannot claim any revision of their wages, nor can they have any bonus payable in 1955. No ad hoc increments as claimed by the Union can also be allowed. Ad hoc increments can only be granted, if the two conditions are fulfilled, namely, (i) there are certain grades and (ii) time scales of pay. In the present case, both the conditions are absent. So, no such increments in the basic wages would be proper in the circumstances of the case. Moreover, both financial ability and stability are requisite conditions. The financial condition of the Company must be such as to lead to the condition that it would be in a position to pay such increments year by year for an appreciable number of years, for wage scales when settled are intended to be long term schemes. So, no increment should be forced upon an employer, unless it is established that the employer has the present capacity to pay, and its financial capacity can be counted upon in future. In the instant case, on a review of the evidence and circumstances, I am of the view that this concern is not in a position to pay ad hoc increments as claimed on behalf of the Union. Regarding demand for a percentage increase in piece rates as claimed by the Union, I may observe that there is also no sufficient data before the Tribunal. In the circumstances, I am unable to interfere with the existing wages paid to the piece-rated workers of this concern. Moreover, such increment in the piece rates is to be determined

on scientific basis, with an eye to job valuation, time and motion study. These two issues are decided accordingly.

Before I part with these two issues, I want to say a few words regarding the petition of compromise that has been filed in this case on behalf of 81 workers of this concern. This petition is Ext. B, and it has been filed and proved by Shri Nirmal Kumar Das, Advocate. He has said that he was authorised by these 81 workers, who have signed this petition, to file it before the Tribunal. It appears from a petition, which is Annexure to Ext. B that these 81 workers duly authorised Shri Nirmal Kumar Das, Advocate, to represent them before the Tribunal in this respect. In this petition of compromise that has been filed by these 81 workers, it has been stated that all the disputes between the Company and themselves pending before this Tribunal have been amicably settled as per terms below:—

(a) That the Company will grant 8 festival holidays with wages to its workmen during the course of 4 remaining months of the current year 1956, and thereafter 8 festival holidays with wages each year regularly.

(b) That the Company will grant leave with wages as per provisions of Factories Act to its workmen as they have been giving as per the same provisions so long.

(c) That all the claims and demands of the workmen referred to the learned Tribunal have been withdrawn unconditionally by the workmen.

(d) That the Company would submit similar petition to the learned Tribunal on its own behalf.

In view of what has been stated in this petition, it is clear that these 81 workers have withdrawn their claims and demands regarding the Issues 1 and 2—revision of wage rates and bonus payable in 1955. Regarding Issue No. 3—festival holiday with full pay, it was only agreed that the Company will grant 8 festival holidays each year to its workmen regularly. This petition was seriously challanged on behalf of the Union. It was contended that these 81 workers, who are signatories to this petition, were coerced by the Management to sign it. O.P.W. 2—Shri S. K. Bose, one of the proprietors of this concern, who deposed in this case, has emphatically denied this allegation. He went to the length of saying that it would be false, if it was said that the Management obtained the signature of the workers in the compromise petition by way of coercion. O.P.W. 1 Shri Nirmal Kumar Das, Advocate, who filed this petition before the Tribunal, has said in his evidence that excepting one, all the workers signed the compromise petition in his presence. In the face of the evidence of O.P.Ws. 1 and 2, it can hardly be believed that these 81 workers were coerced to sign this petition by the Management. The Union could have examined some of the signatories of this petition to prove that the signatures of the workers were obtained under threat or coercion. But no attempt was made by the Union in this respect. It is also interesting to note that none of the signatories to this petition came forward to challenge its veracity, or to say that the workers mentioned therein had to put their signatures under threat or coercion by the Management. I am, therefore, disposed to hold that the said petition was signed by the workers of their own accord, after knowing fully well its terms and contents. In the view of the Tribunal, the said petition was mental and physical act of these 81 workers. It is evident that Shri Nirmal Kumar Das, learned Advocate, was duly authorised by those workers to represent them, and to file this petition on their behalf before the Tribunal. In the face of such authority, the Union can no longer be deemed to represent these 81 workers in the present proceedings.

The power and authority, which the Union derived at the initial stage of the proceedings on their behalf, came to an end at the moment these 81 workers executed a document authorising Shri Nirmal Kumar Das, Advocate, to represent them before the Tribunal. I, therefore, come to the conclusion that the petition of compromise as filed by these 81 workers, is in order, and it represents the actual state of things. That being so, the said petition cannot be thrown over-board or lightly brushed aside. Weight and importance, which this petition deserves, should be given. We have got it from the evidence of O.P.W. 2 Shri S. K. Bose that the total number of workers in this concern is 91, excluding helpers who are contractors' men. It is, therefore, clear that the aforesaid petition was signed by a vast majority of workers, only 10 workers having not signed it. At best, it can be said that these 10 workers, who formed the minority, were being represented by the Union at the time of hearing. It is extremely difficult to hold that as many as 81 workers, who signed this petition of compromise, would be so fool or unwise, as to do anything which might affect or prejudice the rights and interests of the workers. They must have been satisfied or convinced before signing this petition that the demands of the workers for revision of wages and for bonus payable in 1955 were not reasonable and fair, in view of the size of the concern, its work and finances. So, they withdrew their claims in these respects, and confined their claim only to leave and holidays, regarding which an amicable settlement could be reached, and the terms thereof were incorporated in the aforesaid petition. The Company was not giving any festival holidays to its workers since its inception, but the Company had to concede to the demand of the workers for getting festival holidays for a few days in every year with full wages. Accordingly, it was agreed that the Company would grant 8 days' festival holidays with full wages to its workers each year regularly. So, on a consideration of the matter, I am of the opinion that the attitude taken by the majority of workers, was reasonable. The terms appearing in the said petition of compromise are also fair. In this view of the matter, the claims for revision of wage rates and for bonus, which have already been found to be untenable on merits, cannot succeed also. I think, it would have been quite decent and graceful on the part of the Union, had it accepted the terms of the petition as filed by 81 workers. When it found that the majority of workers did not like to press their demands regarding revision of wage rates and bonus, the Union should have stopped instead of pursuing the matter further on behalf of 10 workers only, who undoubtedly were in minority.

Issue No. 3

The Tribunal directs that the workers shall get 8 days' festival holidays with full pay each year regularly as agreed to by the majority of workers in the petition of compromise. Such holidays are to be fixed by the Management in consultation with the representatives of the workers.

This is my award.

ORDER

No. 54631.R./D/11L-417/55.—21st December 1956.—Whereas under the Government of West Bengal, Labour Department, order No. 1908Dis./D/11L-417/55, dated the 10th May 1956, the industrial dispute between Messrs. The Amtala Talkies (Shilpayanee, Ltd.), Amtala, post office Kannyanagar, 24-Parganas, and their employees represented by Bengal Motion Pictures Employees' Union, 53 Creek Row, Calcutta, regarding the matters specified in the schedule thereto was referred for adjudication to the Sixth Industrial Tribunal;

And whereas the said Sixth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. The Amtala Talkies (Shilpayanee, Ltd.), Amtala, post office Kannyanagar, 24-Parganas and their employees represented by Bengal Motion Picture Employees' Union, 53, Creek Row, Calcutta (Case No. VIII-126 of 1956).

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL, NEW SECRETARIAT BUILDINGS, THIRD FLOOR, CALCUTTA.

PRESENT:

SHRI SAILESH SENGUPTA, *Judge, Sixth Industrial Tribunal.*

Appearances.

For the Amtala Talkies (Shilpayanee, Ltd.): Shri N. M. Das Gupta, Advocate.

For the Union: Shri P. K. Nandy, Bar.-at-law.

This reference made by Government order No. 1908Dis./D/11L-417/55, dated Calcutta, the 10th May 1956, centres round the employees' demand for bonus for 1954 and increment of pay.

The issues stand as follows:—

(1) Bonus for 1954 payable in 1955.

(2) Increment.

At the time of hearing the Tribunal was informed that the question of bonus was amicably settled between the parties and hence no adjudication on that issue is required. The Tribunal is therefore dealing with the question of increment which is issue No. 2.

Issue No. 2

An agreement was concluded between the Bengal Motion Pictures Association and the Bengal Motion Picture Employees' Union on the 5th of October 1956. Both parties appearing before the Tribunal agreed to abide by the terms of that agreement, which has been marked Ext. 1. Incremental scale was fixed both for picture houses in Calcutta and in the

muffussil. In determining the rate of increment the contracting parties proceeded on the basis of weekly sales. The picture house we are concerned with is carrying on business in the muffussil.

According to the balance-sheets the sales in 1953 (Ext. A) were in the region of Rs. 72,000 odd. In 1954, the sales rose to Rs. 82,000 odd. In 1955, they fell to Rs. 80,000 odd. The balance-sheets must be treated as reflecting a true picture of the fortunes of the concern unless the contrary is shown. The Union in this instance has not supplied any material to foster any suspicion regarding genuineness of the accounts appearing in the balance-sheet. By the agreement rates of increment have been fixed on the basis of average weekly sales. The lowest rate is provided for workers of a concern which did not receive more than Rs. 2,000 by its weekly sales. The rate so far as this category is concerned is shown in the last column in Schedule A. The figures available from the balance-sheets support the contention of the management that the average weekly sales were below Rs. 2,000 and hence the rate of increment will be as shown in the last column of the deed of agreement. The Union not being satisfied with the data available from the balance-sheet wanted production of the chalans by which amusement tax had been paid to Government. Those were produced and were offered to the Union for inspection and scrutiny. The Union could not detect any flaw or shortcomings in the chalans. Since the sales did not rise above 2,000, the rate of increment in this particular case will be as agreed upon and shown in the last column of the chart.

The Union pressed for retrospective operation so that increments might be had from the date of the demand. The agreement which has been accepted by the parties and has been marked as an exhibit for the Union specifically prescribes 1st September 1956 as the date on which it will come into effect. Having agreed to be bound by the terms accorded in Ext. 1, the Union cannot now plead for any variation. It is hence awarded that the rate of increment will be the same as provided in the agreement for employees of a picture house in the muffussil whose average weekly sales are between Rs. 1,001 and Rs. 2,000. This scale will be in operation from 1st September 1956.

DECISION

On the 1st of September 1954 the services of Shri Biswanath Bhattacherjee were terminated by the Management.

By order No. 2316Dis./D/11L-144(A)/55, made on the 26th May 1955, the Government of West Bengal, in the Ministry of Labour referred the following issues for adjudication to the Sixth Industrial Tribunal, West Bengal, Calcutta:—

(1) Is the retrenchment of Shri Biswanath Bhattacherjee justified?

(2) What relief is he entitled to?

In the award under appeal, the Industrial Tribunal has found *inter alia* that, inasmuch as there was no industrial dipute existing at the time when the order of termination of services was made, Shri Biswanath Bhattacherjee was not a workman within section 2(s) of the Act. In this connection, reliance is placed on *Bilesh Chandra* versus *Balmer Lawrie & Co.*, 1953 (I) L.L.J., page 337.

In 1953 (I) L.L.J., page 337, Bose J. said—

"If the discharge itself originates or gives birth to the dispute, then the dispute does not arise till the moment when the discharge takes effect or till some time later than the discharge and in such a case, there cannot be an industrial dispute between the employer and the dismissed employee, provided there was no other dispute existing at the time."

With great respect, we follow the decision in 1953 (I) L.L.J., page 337.

Finding as we do, that there was no dispute existing on the 1st of September 1954, when Shri Biswanath Bhattacherjee was retrenched, we uphold the award of the Industrial Tribunal.

In the result, the appeal fails and is dismissed.

No order as to costs in appeal.

DECISION

The present appeal by the Company arises out of an award of the Second Industrial Tribunal, West Bengal, published in the *Calcutta Gazette*, dated the 12th January 1956. The award is in respect of 8 items of industrial dispute between the Company and its workmen listed in 2 orders of reference of the Government of West Bengal Nos. 3983Dis./D/11L-114/55 and 3984-Dis./D/11L-114/55, dated the 26th August 1955, as detailed below:—

Ref: No. 3983: (1) Leave and holidays and (2) whether piece-rated workers are entitled to any leave.

Ref: No. 3984: (1) Abolition of contract labour, (2) conversion of piece-rated wages to time-rated wages, (3) service cards, (4) Provident Fund, (5) extra remuneration of the mistries for supervision work over ordinary workers and (6) whether the continuity of services of the workmen mentioned in the list attached herewith (Annexure "A") should be maintained.

The Company's appeal is confined to the award relating to item No. 2 of the first reference and items 2, 5 and 6 of the second reference.

Shri P. R. Mukherjee on behalf of the workmen raised a preliminary objection that none of the items of the industrial disputes to which the present appeal relates are specifically appealable subjects under section 7(1)(b) of the Industrial Disputes (Appellate Tribunal) Act, 1950 and submits that the appeal on one or other of these items may be entertained only if it is shown that the appeal in respect of the particular item or items

involves a substantial question of law. This preliminary objection will be discussed separately with reference to the several items to which the present appeal relates when we take up the appeal against the award in respect of these items.

Whether the piece-rated workers are entitled to any leave.—Admittedly all the workers under the Company are entitled to 17½ days festival holidays in addition to the statutory leave with pay under the Indian Factories Act. The only difference being that the piece-rated workers whom the company calls Nagdas or casual workers do not get any pay for the festival holidays whereas in the case of the other workers whom the company calls permanent workers, these festival holidays are with pay. The Adjudicator has directed that these piece-raters should be given leave facilities like the permanent workers.

The Company's contention is that the festival holidays should be without pay in respect of the piece-raters. The order of reference on this item as the parties understood it and that rightly, really indicates that the Adjudicator was required not to fix the number of paid holidays but to decide whether such festival holidays for the piece-rated workers should be with or without pay. Thus the pith and substance of the dispute in respect of this item directly involves the question about wages and in this view of the case, this particular item is a specific appealable subject and the present appeal, relating to wages, as it does, for festival holidays in respect of the piece-raters is quite competent.

These piece-rated workers were originally contractors' men. Following an agitation by the workers, to end the contract system the system was abolished, by an agreement arrived at between the parties in conciliation proceeding on the 10th November 1947 (Ex. 1) and thenceforward the piece-raters who were contractors' men became the direct employees under the Company. By this agreement these contractors' men who came directly under the Company were admittedly given certain benefits at par with those available to other employees, namely:—

(a) Bonus equivalent to one month's wages,

(b) ten statutory holidays with pay;

(c) retrenchment benefit; and

(d) fuel allowance.

Attendance registers were started for them in which their attendance was recorded and they were given hajira cards. It may be noted that the attendance register for these piece-rated workers and the permanent workers are separate and that on any particular day on which work cannot be provided for these piece-raters, a note is made to that effect in the proper column under the particular date. They were also admitted to the benefit of Provident Fund by rule (3) of the Provident Fund Rules of the Company which came into operation with effect from 4th Baisak 1357 corresponding to April 1950, which runs as follows:—

> "Every employee of the Company who is in permanent (monthly or weekly paid) service and carpenters (piece-rated) who are in the employ of the Company for three years or more, shall be eligible to become a subscriber to the Fund. An employee who wants to be a subscriber to the Fund shall submit an application on the prescribed form (Form A) to the trustees for being enlisted as a subscriber to the Fund."

The Adjudicator considered these facts and refused to held that the piece-raters were nagdas or casual workers and awarded leave facilities to these workers at par with the other direct employees of the Company called permanent workmen.

The Standing Orders of the Company which appears to have been certified on 20th April 1949, classify the workers as below:—

(1) Permanent, (2) temporary and (3) nagdas or piece-job workers. A nagda has been defined in the Standing Order as an employee who is recruited by the Company for some special job of the factory and whose services are terminated as soon as the dues for his working period are paid.

We could understand from the representatives of both sides that all carpenters are piece-rated workers and that they are the only piece-rated workers under the Company. They are employed on special jobs one after the other, with due regard to the amount of such special work, with the result that the carpenters cannot be employed for all the working days of the year. The following statement will bear this out:—

Year.	No. of working days in the year.	Maximum employment in days.	Minimum employment in days.
1950-51	270	258	116
1951-52	294	285	121
1952-53	297	199	81
1-1-54 to 31-12-54	295	233	107

(Based on Exhibit K.)

These facts establish clearly that the carpenters were the only piece-rated workers of the Company or Nagdas under the Standing Orders which came into existence long after the agreement abolishing the contract system. In answer to a query from the Bench as to whether there is any bar to a Tribunal imposing terms and conditions of service of the workmen at variance with the Standing Orders, Shri Sen, representing the Management states that he does not question such jurisdiction of the Tribunal but submits that the Tribunal should consider the financial implications of the change and the interest of the industry before any such direction is given. The Company's statement Ex. K gives the total number of working days in each year and the number of days of employment of each worker in each of these years. The yearly average of the working days for these four years was 289. The permanent workers, *i.e.*, those who are employed in all the working days of the year get 17½ festival holidays with pay. These festival holidays represent about 6 per cent. of the average working days in the year. Thus the cost of production in respect of the works done by them under the head "wages" are increased by about 6 per cent. on account of these paid holidays over what would have been if these holidays were without pay. But in the case of the piece-raters who cannot be employed on all the working days of the year, the cost of production in respect of jobs done by them under the head "wages" would be much higher if the benefit of pay for the festival holidays is extended to them. It appears that one man worked only 81 days in one of these years. The cost of production in respect of jobs done by him under the head "wages" would have been increased by 21.5 per cent., if he was given these festival holidays with pay. These would undoubtedly have a serious reaction on the finances of the Company and would adversely affect this particular unit of the industry in the competitive market. Besides, a man who has worked for 81 days in the year cannot expect the same leave facilities as are enjoyed by one who has worked for 289 days. In the present job position of the Company and other circumstances, it is not possible to improve upon the scheme for distribution of work as embodied in the memorandum of agreement already referred to and in the absence of any suggestion, we cannot totally exonerate the workmen from the responsibility for the wide disparity in the number of days of their employment. All workers might not have been very regular in their attendance and this might be the reason for the disparity in their employments.

The Adjudicator did not look into this aspect of the question and did not consider the question objectively in the interest of the industry. He appears to have been influenced by the fact that these piece-rated workers enjoy the same facilities and benefits in certain matters and are treated at par with those of the permanent workers. This fact by itself does not enlarge the status of these workmen. They are Nagdas under the Standing Orders of the Company and having raised no objection against this classification, they must be presumed to have accepted this position for a pretty long time. Whatever benefits have been extended to these workers, these were the result of the goodness and generosity of the employer and there cannot be any compulsion or exploitation on such goodness and generosity. The benefits which have been extended to the piece-raters are related to the actual number of days worked by the individual workers or to their actual earnings. Such benefits will no doubt increase the wage-costs of production for jobs performed by them; but such increase in the cost both in respect of jobs done by them and the jobs done by the other direct employees will be uniform and is not expected to lead to absurd results. Considering the question from all possible angles, we are not inclined to extend the benefits of leave facilities as are enjoyed by the permanent workers, to the piece-rated workers. The award on this issue shall accordingly be vacated and the parties shall be relegated to the pre-award position.

Conversion of piece-rated wages to time-rated wages.—This issue was not pressed at the hearing before the Adjudicator but the Adjudicator observes:—

> "All that I wish and direct is that where a piece-rated worker is a whole-time worker for this particular Company, it should see that his earnings do not fall below the earnings of a time-rated worker of the same category."

The Company makes a grievance of this observation and Shri Sen submits that this observation was unwarranted and unjustified. As it has been already pointed out that in the present position of the jobs for these workers, it is hardly possible to give full day's work to these workers. The effect of the observation in the abstract would be as Shri Sen submits, to encourage dilatory tactics of the workers. His definite suggestion is that the workers will keep themselves employed for the whole day over such jobs as could otherwise be finished much earlier. The Adjudicator's primary duty is to settle industrial disputes with a view to secure industrial peace; all attempts must be made to avoid observations which are likely to create discontent and fresh disputes disturbing the peace in the industry. The observation might have been appropriate in the context of fixing piece-rates which are not covered by the order of reference. In this view of the case, the observation was beyond the jurisdiction of the Adjudicator and the present appeal over this observation is quite competent. We direct that the observation be expunged.

Extra remuneration of the mistries for supervision work over ordinary workers.—The issue as mentioned in the order of reference has not been happily worded and is hardly intelligible except with reference to the pleading of the parties. The piece-raters who were previously the contractor's men are carpenters. They are employed in groups and their work may be called team-work. Each group has a leader who also works in the group. This leader was the contractor under the contract system. When the contract system was in vogue the contractors were paid for the finished works they executed with their men at specified rates. The execution of the contract involved some amount of supervision for which the contractors appropriated one anna in the rupee, out of the total payments received from the Company and the balance was distributed among the workers including the Contractor himself, who worked along with the other workmen, in the gang or team. Thus the total payment less the supervision charges represented the charges of the manual labour involved in doing the job. This system still continues. The leaders are entitled to some extra remuneration for the supervision work. A question arises as to whether these supervision charges are included in the job rates. The Company asserts in its written statement that the remuneration for supervision work done by the Head of the group is included in the rates offered for pieces and that no real deduction from the wages of the piece-raters is made as alleged. There is no denial of this point and there is no satisfactory evidence that the job rates less 0-1-0 per rupee for supervision charges are below and prevalent price-rates for the manual work involved for different jobs. This was the position under the contract system and has been retained by the Company. The job rates do not entirely represent the piece-rates for the manual workers employed. In this view of the case we do not consider deduction of supervision charges for the leaders of the gang from the rates of finished jobs unwarranted and justified. In this view of the case the appeal on this point be allowed.

Continuity of services of the workmen mentioned in the "Annexure A" to the second order of reference.—The workmen started agitation over Puja Bonus for 1952-53 and the Company pleaded financial inability on the ground that it had been undergoing losses since 1947. The employees resorted to all tactics to extort bonus from the Management, without any regard to the fairness or otherwise of such tactics. On 5th October 1953 they kept confined the Director and the Factory Manager for long hours. However, the Vice-President of the Union apologised for the unhappy incident and this fact was recorded in an agreement arrived at between the parties on 24th October 1953. An assurance appears to have been given that in future, the workers would co-operate with the Management wholeheartedly and would not indulge in any indiscipline and illegal activity (Ex. A). But the workmen did not respect this assurance and indulged in repeated strikes including stay-in-strikes in quick succession as detailed below:—

Rates.	Coercive activities of workmen.
27-10-53 ...	Stay-in-strike.
9-11-53 ...	Sudden stoppage of work by a section of workers (Exs. B and C).
11-11-53 ...	Stoppage of work from 3-30 to 5-30 p.m. (Ex. C).
25-11-53 ...	Stoppage of work by the Carpenters (Exs. D, E. F and G).

The Management was exasperated and in utter despair it closed the factory with effect from 30th November 1953. We are not here to investigate whether the closure of the factory was justified but the fact remains that the factory was closed and it has been established by authoritative decisions that the Management has an inherent right to close its business. The effect of such closure was to throw the workmen out of employment or in the other words, the services of the workmen stood terminated from the date of such closure. We are not also called upon to decide whether the workmen are entitled to compensation for loss of employment in consequence of the closure of the factory. Anyhow, the Management was persuaded by the Labour Directorate of West Bengal and the President of the Union, Shri Bejoy Krishna Nahar to reopen the factory by fresh appointments to some of the workmen who were willing to work. Such appointments were to be from the date on which such workmen would join. The recommendation of the Labour Commissioner (Ex. H) reads as under:—

> "The Management should start the factory immediately with the following 28 workmen on a temporary basis and continuation of employment of these men and also engagement of more hands will be dependant upon the availability of work. These workmen will be given fresh appointment from the date on which they join."

Shri Bejoy Krishna Nahar, by his letter, dated the 17th December 1953, forwarded a list of workmen willing to work according to the suggestion of the Labour Officer, referred to above. The text of the letter forwarding the list of workers was "I would recommend the names as per list attached and who are willing to join work as per suggestion of Mr. Kundu (Labour Officer) and my reply thereto." The reply of the President to the Labour

Commissioner's suggestion, has not been placed on the record. It was the duty of the Union to produce the copy of the reply before the Tribunal; in the absence of any such evidence, we may fairly assume that the reply of Shri Nahar to the Labour Commissioner's suggestion does not suggest any term different from what is contained in Ex. J. At the hearing Shri Chittaranjan Dey, P.W. 1, the Assistant Secretary to the Union, appears to have denied that they agreed to the terms of agreement proposed by the Labour Directorate. We cannot take him at his words in the teeth of the positive evidence that the President of the Union Shri Bejoy Singh Nahar had agreed to the proposed terms. On the evidence placed before us we are satisfied that it was only on the suggestion of the Labour Officer Shri Kundu and the President of the Union accepting the suggestion of the Labour Officer that the Management agreed to reopen the factory on the terms suggested by the Labour Officer and accepted by Shri Bejoy Singh Nahar, the President of the Union. Thirty-seven workers mentioned in the schedule to the order of reference were re-employed and were not reinstated. In this view of the case, the question of linking their present employment with that of the period to the closure of the factory cannot arise. We accordingly cannot uphold the decision.

Hence in the result, it is ordered that the appeal be allowed and the award of the Tribunal below be set aside as indicated in the body of our judgment. We make no order as to costs.

DECISION

The present appeal by Messrs. Ispahani, Limited, is directed against an award of the 2nd Industrial Tribunal, West Bengal, under section 35A of the Industrial Disputes Act, 1947, published in the *Calcutta Gazette*, dated the 19th January 1956.

2. On the 20th July 1954 four workmen, (1) Md. Salim, (2) Abdul Hakim, (3) Abdul Zalil and (4) Kshetrabashi Barik filed an application before the Industrial Tribunal complaining that they had been discharged during pendency of adjudication proceedings before the Tribunal without express permission of the Tribunal, as contemplated by section 33 of the Industrial Disputes Act, 1947.

3. The Company contended before the adjudicator that the application under section 33A was not maintainable and that the complainants were not entitled to any relief inasmuch as they had been discharged by way of retrenchment on *bona fide* trading grounds.

4. The Adjudicator turned down the preliminary objection raised on behalf of the Company and held that although there was a *bona fide* ground for retrenchment of the complainants, the principle of "last come first go" was not observed by the Company in retrenching the four complainants without any justification whatsoever. In this view of the case, the Adjudicator directed the reinstatement of complainants with compensation. The present appeal has been filed by the Company and Shri P. R. Mukherjee, who appears for the Company, has urged the following points:—

(1) The petition under section 33A of the Industrial Disputes Act is not maintainable.

(2) The complainants are drivers and khamalis for a motor car and two lorries; that as the motor car and the two lorries to which they were attached had been disposed of and could not be replaced by new ones, the complainants had no work.

5. The facts of the case as disclosed by the pleadings and the evidence of the parties are that adjudication proceedings arising out of two references from the Government of West Bengal, Labour Department, Nos. 3009Dis./D/11L-180/53, dated 11th August 1953 and 4786Dis./D/11L-180/53, dated 17th December 1953, over an industrial dispute between Messrs. Ispahani, Ltd. and their workmen were pending before the Second Industrial Tribunal, West Bengal, at least till 27th December 1954 on which date the present petition under section 33A of the Industrial Disputes Act was filed. The workmen complainants were discharged on different dates during the pendency of the said adjudication proceedings as indicated below:—

	Names.	Designation.	Date of discharge.	Reference to exhibits.
1.	Mohd. Salim	Khamali	29th January 1954	Letter, dated 29th January 1954, Ex. C-2.
2.	Abdul Hakim	Ditto	31st October 1953	Letter, dated 31st October 1953, Ex. C.
3.	Abdul Zalil	Driver	31st October 1953	Letter, dated 31st October 1953, Ex. C-1.
4.	Kshetrabashi Barik	Ditto	28th December 1953	Letter, dated 28th December 1953, Ex. B.

6. That these four workmen were concerned in the individual disputes pending before the Second Industrial Tribunal, West Bengal, as aforesaid has not been disputed and it has not been suggested that the Company obtained permissions from the Tribunal for their discharge as contemplated under section 33 of the Industrial Disputes Act. Thus the Management having effected the discharge of the workmen/complainants, during the pendency of adjudication proceedings before the Second Industrial Tribunal, West Bengal, over an industrial dispute between the Company and its workmen in which the complainants were concerned, without the express permission in writing from the Tribunal, contravened the provisions of section 33 of the Industrial Disputes Act. The workmen/complainants have accordingly filed a complaint before the Second Industrial Tribunal under section 33A of the Act which is the basis of the award under appeal. It may be noted in this connection that sometime before the present complaint was filed, the Government of West Bengal referred another industrial dispute between Messrs. Ispahani, Ltd. and their workmen to the Second Industrial Tribunal by order No. 2254Dis./D/11L-63/54, dated the 27th April 1954 and Shri M. N. Gan, who was the then presiding over the Second Industrial Tribunal, gave an award on 30th July 1954 (that is the day after the present complaint was filed); that there was no outstanding dispute between the parties. The industrial dispute which was the subject matter of the lastmentioned reference was in respect of discharge of some workmen including Abdul Hakim, Abdul Zalil and Kshetrabashi Barik. This award was passed on a petition of the Union which was made a part of the award. The award together with the petition of the Union is Ex. A. It may be noted that all these adjudication proceedings were concluded and the petition of complaint under section 33A which is the basis of the award under appeal was filed, in the Second Industrial Tribunal, West Bengal, when Shri M. N. Gan presided over the said Tribunal. In or about May 1955 the services of Shri M. N. Gan were not available and Shri G. P. Mukherjee was appointed in his place and the Tribunal was reconstituted accordingly.

7. The preliminary objections of Shri P. R. Mukherjee for the appellant Company are twofold: (1) the contravention of the provisions of section 33A of the Industrial Disputes Act, if there had been any, having taken place long before the appointment of Shri G. P. Mukherjee to the Industrial Tribunal. Shri G. P. Mukherjee had no jurisdiction to entertain the application under section 33A and to give an award on it.

8. The dispute over the discharge of the four workmen in question was extinct both in law and in fact and after the "no dispute" award given by Shri M. N. Gan specially because the said award was given on the application of the Union and cannot be reagitated. For a clear appreciation of the first contention of Shri P. R. Mukherjee, it may be recalled that after the Industrial Disputes Act, 1947, came into force, the State Government

of West Bengal constituted different Industrial Tribunal by the names of the Judges who were to preside over the Tribunals and references and adjudications of industrial disputes were made to the Judges by their names. Sections 33 and 33A were introduced by the Industrial Disputes (Appellate Tribunal) Act, 1950, by way of amendment of the Industrial Disputes Act, 1947. Sometime after the enactment of these sections, the West Bengal Government, Labour Department, in its wisdom introduced a change in the past practice and indicated the different Tribunals by the ordinal numbers 1st, 2nd, 3rd and so on and appointed Judges having the requisite qualifications to preside over these Industrial Tribunals and industrial disputes were referred for adjudication to these Industrial Tribunals and not to the presiding Judges by names. Whenever the services of a particular Judge are not available, the Tribunal is reconstituted accordingly. The necessary implication is that the appointee is the successor in the office of the outgoing Judge and certainly section 8 of the Industrial Disputes Act comes into play. The Act does not say that disputes, pending for adjudication in the Tribunal over which the outgoing Judge presided, are to be referred afresh, when a new Judge is appointed in his place to preside over the Tribunal. Section 8 was enacted to do away with the necessity of a fresh reference and therefore a reference of the industrial dispute pending for adjudication in the Tribunal after appointment of the new presiding Judge cannot be insisted; it was not so the very purpose of section 8 would be defeated. The following is the relevant extract from section 8 of the Industrial Disputes Act:—

> "(2) Where a Court or Tribunal consist of one person only and his services cease to be available the appropriate Government shall appoint another independent person in his place and the proceedings shall be continued before the person so appointed."

It follows accordingly that the newly appointed Judge in the Tribunal may assume jurisdiction over all proceedings pending in the Tribunal without any fresh reference from the Government and may, at its discretion, continue the proceedings from the stage at which the vacancy is filled up without starting *de novo*. In this view of the case, the application under section 33A which was quite in order, at the time when it was filed in the Second Industrial Tribunal, presided over by Shri M. N. Gan, could not be invalidated by the appointment of Shri G. P. Mukherjee, and the reconstitution of the Second Tribunal when the services of Shri M. N. Gan were no longer available. Thus G. P. Mukherjee could not refuse jurisdiction over the complaint of the workmen. We accordingly hold that Shri G. P. Mukherjee acted within his jurisdiction to hear the complaint and gave his award as contemplated by section 33A of the Industrial Disputes Act. The first objection of Shri P. R. Mukherjee is answered accordingly.

9. For ascertaining the correct implication of the "no dispute" award, we need hardly say that any interpretation of the award without reference to the petition of the Union, which formed the basis of the award and part of the award is likely to lead to absurdities. The award must be read with the petition which forms a part of it. The reference which led to the "no dispute" award was in respect of discharge of 8 workmen, Gopinath Mondal, Amanath Hossain Khan, Sk. Sulaiman, Abdul Hakim, Jalil, Zahrul Haq, Zama Khan and Khetrabasi Barik and suspension of two workmen, namely, (1) Kartick Chandra Mitra and (2) Muzaffar Hossain Khan. Gopinath Mondal was dead and the industrial dispute over his discharge could not survive. Amanath Hossain Khan ceased to be a member of the Union and did not instruct the Union to proceed with the dispute in which he was directly involved. Sk. Sulaiman, Zahrul Haq and Zama Khan received their dues in full and final settlement of their claim and left for their native place. Kartick Chandra Mitra who had been suspended pending permission of the Tribunal for his discharge was deemed to have been in the employment of the Company, inasmuch as permission had been refused to the Company for his discharge and the dispute in which Muzaffar Hossain Khan was directly involved was finally disposed of by the Tribunal. In this view, the Union did not press the disputes so far as these workmen were concerned but it was made specifically clear that Abdul Hakim, Jalil and Khetrabashi Barik had themselves filed a complaint under section 33A for relief. The Union or for a matter of that, the workmen who were the members of the Union, did not relinquish the grievance over the discharge of the lastmentioned three workmen. The Union did not intend to keep two separate proceedings pending over the same subject matter and did not accordingly press the grievance over the discharge of these three workmen under the reference from the Government of West Bengal under section 10 of the Industrial Disputes Act, when the grievance was pending before the Tribunal or the complaint of the aggrieved workmen themselves under section 33A of the Act. As Md. Salim was not covered by the said reference from the Government, nothing was said about him either in the petition of the Union or in the award. Having considered these facts, we are definitely of the opinion that the "no dispute" award does not debar the workmen/complainants from agitating over the grievances under section 33A. Thus the second objection of Shri P. R. Mukherjee is also overruled.

10. Now we shall discuss the merits of the case. The four workmen before us are said to have been retrenched on *bona fide* trading grounds. The Tribunal has decided all the points relevant to the question of retrenchment in favour of the Company except that in selecting the four workmen for retrenchment, the Company did not follow the principle of "last come first go". At the time of the retrenchment, Khetrabashi Barik used to drive the car of Shri Bose, one of the Officers of the Company and Mohd. Salim, Abdul Hakim and Abdul Zalil were khamalis and drivers of the lorries of the Company at the Munshigunge Godown. The car which was given to Shri Bose and the lorries at the Munshiganj Godown have been sold away and could not be replaced by new ones for reasons not known. There is nothing to show that Khetrabashi Barik was initially appointed for the car of Shri A. Bose or that Abdul Jalil, Abdul Hakim and Mohd. Salim were initially appointed for the lorries in the Munshigunge Godown. In the absence of any suggestion to the contrary, we may presume that they were appointed in general terms to be employed under the Company and they were allotted to Shri A. Bose or to the Munsif of the Godown by accident. It is an established principle that the Industrial Tribunals including this Tribunal to respect seniority. This principle is based on considerations for security of service of the workmen and this principle has received statutory recognition of section 25G of the Industrial Disputes Act, 1947, introduced by Act XLIII of 1953. The evidence on the record clearly shows that among the drivers, there were some who were junior in service to these two drivers. Among the khamalis Mohd. Salim and Abdul Hakim are the seniormost (Ex. E). Nothing has been suggested as to why the recognised principle was deviated from. Although the principle of "last come first go" has never been insisted upon to be too rigid to admit of any deviation, it stands to reason that the employers who intend to deviate from the normal principle must make out a case to support his action. Nothing has been said by the Company to support its action against the normal principle. In the interest of security of service we cannot support this deviation.

11. In the result, we cannot but uphold the award of the Tribunal below. Hence ordered that the appeal be dismissed and the appellants are directed to pay Rs. 50 as costs to the respondents.

Amount of maintenance.

23. (1) It shall be in the discretion of the court to determine whether any, and if so what, maintenance shall be awarded under the provisions of this Act, and in doing so the court shall have due regard to the considerations set out in sub-section (2) or sub-section (3), as the case may be, so far as they are applicable.

24. The amount of maintenance, whether fixed by a decree of court or by agreement, either before or after the commencement of this Act, may be altered subsequently, if there is a material change in the circumstances justifying such alteration.

25. Subject to the provisions contained in section 26 debts of every description contracted or payable by the deceased shall have priority over the claims of his dependants for maintenance under this Act.

Maintenance when to be a charge.

26. A dependant's claim for maintenance under this Act shall not be a charge on the estate of the deceased or any portion thereof, unless one has been created by the will of the deceased, by a decree of court, by agreement between the dependant and the owner of the estate or portion, or otherwise.

Effect on transfer of property on right to maintenance.

27. Where a dependant has a right to receive maintenance out of an estate and such estate or any part thereof is transferred, the right to receive maintenance may be enforced against the transferee if the transferee has notice of the right; or if the transfer is gratuitous; but not against the transferee for consideration and without notice of the right.

CHAPTER IV

REPEALS AND SAVINGS

Repeals.

28. The Hindu Married Women's Right to Separate Residence and Maintenance Act, 1946, and sub-section (2) of section 30 of the Hindu Succession Act, 1956, are hereby repealed. 19 of 1946. 30 of 1956

Savings.

29. Nothing contained in this Act shall affect any adoption made before the commencement of this Act, and the validity and effect of any such adoption shall be determined as if this Act had not been passed.

STATEMENT OF OBJECTS AND REASONS

This part of the Hindu Code deals with the subject of adoptions and maintenance among Hindus.

2. With the passing of the Hindu Succession Act, 1956, which treats sons and daughters equally in the matter of succession, it has now become possible to simplify the law of adoption among Hindus. The Bill provides for the adoption of boys as well as girls. There is no longer any justification for allowing a husband to prevent his wife from taking a child in adoption after his death. The adoption made by a Hindu widow will hereafter be in her own right. No person need be divested of any property which has vested in him by reason only of the fact that subsequent to such vesting an adoption has been made. This rule of divesting has been the cause of many a ruinous litigation.

3. In the Hindu Succession Act, 1956, a specific provision was inserted whereby it was declared that the power of a Hindu to make a testamentary disposition of his property shall not affect the right of maintenance of any heir by reason only of the fact that under the testamentary disposition the heir has been deprived of a share in the property to which he would have been entiled if the deceased had died intestate. An assurance was then given that the Chapter of the Hindu Code relating to maintenance would be introduced in Parliament as soon as possible. The latter part of this Bill deals with maintenance. This Chapter does not call for any detailed comments. It is largely based on the existing law as codified in the Bills of the Rau Committee and the Select Committee of the Provisional Parliament in 1948.

(*2*) Any *sadhu* or *sanyasi* who contravenes any of the terms and conditions of licence granted under the provisions of this Act shall be punishable with fine which may extend to five hundred rupees, in addition to the cancellation of his licence.

STATEMENT OF OBJECTS AND REASONS

In our country the number of *sadhus* and *sanyasis* is increasing day by day. In the guise of saintly order most of them indulge in vices, begging and other anti-social acts, which is undesirable and which, if not checked, will help the crime incidence to increase unabated.

The Bill will in the first instance help to have their exact number by maintaining an all-India Register.

It will also save the saintly order from infamy and unnecessary exploitation. It will also help Government in the detection of many crimes in which so-called *sadhus* or *sanyasis* have a hand.

Hence this Bill.

IRRIGATION AND WATERWAYS DEPARTMENT

NOTIFICATIONS

No. 301.—13th December 1956.—The following draft of rules, schedule of rates and appendices which, in exercise of the powers conferred by sections 78 and 99 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), the Governor proposes to make for the supply of water from the Fichong river of the projected Jateswar Irrigation Scheme in the district of Jalpaiguri, are hereby published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration after the 27th January 1957. Any objection or suggestion with respect thereto received by the undersigned before that date will be considered:—

DRAFT RULES, SCHEDULE OF RATES AND APPENDICES.

Leases for a term of years

1. The country served by the canals shall be mapped out into blocks of convenient size in accordance with the features of the ground, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officer under the guidance and control of the Divisional Canal Officer.

2. Each block determined as above shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officer. The blocks shall also be marked on maps to be maintained by the same officer.

3. Leases for not more than six years may be granted for the whole irrigable area of a block or for definite parts of a block under the following conditions:—

I. Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently a separate lease may be granted for each part.

II. All leases within one block shall be so granted that they may expire on the same date.

III. No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, unless a channel exists, which, in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4. The Superintending Engineer shall fix from time to time the gross area for which and the limits of the canal within which, leases for a term of years may be granted.

5. Maps of all villages in which lands have been brought under lease for a term of years, or in which there is any possibility of such leases being taken, shall be kept in the Subdivisional Canal Office. These maps to be at scale 32″=1 mile when such are available and elsewhere at scale 16″=1 mile.

6. The preliminary application for a lease for a term of years, either new or renewal, may be of an informal nature, but it must be in writing. It may be presented and shall be received either at the Subdivisional or Sectional Canal Office; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block, and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval the Subdivisional Canal Officer shall proceed to make the detailed assessment. The lands to be brought under lease shall be indicated on a copy of the map referred to in rule 5.

7. The Subdivisional Canal Officer on receipt of the application shall depute an amin to prepare the khasra or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and khasra. Should the survey map and khasra not be available, the amin shall make a sketch map, and shall measure the areas of the holdings with a chain or measuring-rod.

8. When the amin has completed the khasra he shall forward it to the Subdivisional Canal Officer who shall forward it to the Divisional Canal Officer for approval.

9. As soon as the khasra has been approved by the Divisional Canal Officer, he shall return it to the Subdivisional Canal Officer endorsed with his signature in token of approval.

The Subdivisional Canal Officer shall then prepare a khatian or abstract of the khasra, and shall have the form of application given as Appendix I to these rules, filled up and signed or marked by each of the applicants, in the presence of two witnesses.

When the application has been completely signed, the Subdivisional Canal Officer shall send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given as Appendix III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer through his Sectional Officer. The Divisional Canal Officer shall return the application to the Subdivisional Canal Officer with a copy of the permit for record.

10. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that some of them decline to sign the application, the Subdivisional Canal Officer shall report the matter to the Divisional Canal Officer and the Subdivisional Canal Officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign, or whether the lease shall be declined. The Divisional Canal Officer may grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reasons for granting the lease shall be fully recorded.

Covering Leases

11. Applicants for a lease for a term of years who may require water before the lease has been concluded can obtain a supply on tendering an application for a covering lease in the form given as Appendix II to these rules. This application shall be signed in the presence of the tahsildar or of some other responsible officer nominated for the purpose by the Subdivisional Canal Officer. The signatures shall be those of the leading cultivators in the block in question and they shall represent holders of not less than 75 per cent of the irrigable land within the block.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix IV to these rules, and shall at once supply water.

Season Leases

12. Applications for water to irrigate spring rice or other crops between the 16th November and 15th June may be presented at the Subdivisional Canal Office or to the Sectional Officer. They shall be in the form given as Appendix V to these rules.

In the applications the areas for which water is required shall be specified but the rate shall be charged on those areas for which water is actually used as determined by measurement.

The permit in the form given as Appendix VI to these rules shall be granted by the Subdivisional Canal Officer if he is able to supply the water.

Supply of water

13. The Divisional Canal Officer shall control the supply of water throughout the Division in his charge.

14. No water shall be supplied to any lands except such as have been brought under a lease for a term of years or for the season, or to such as are provided for by a covering lease.

15. Under the forms of irrigation lease in use, no specific supply of water is promised; but the undertaking is to give such a supply to each lessee as may be necessary for the lands leased. The supply shall be given, as may be required for the proper cultivation of the crops under irrigation, according to the exigencies of the season.

16. The Divisional Canal Officer may give the required supply by rotation, should this be advisable for the efficient working of the canals in his charge. In such a case, he is required to give the lessees written notice informing them of the periods when they will be supplied with water.

Collection of water-rates

17. The rates due for water supplied shall be collected by the Divisional Canal Officer or other officer in charge of the Revenue Division through his staff of tahsildars and peons. All khatians or demand statements shall be signed by the Divisional Canal Officer or other officer in charge of the Revenue Division after scrutiny in his office.

18. At the time of preparation of the khatian in the Subdivisional Canal Office each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved by the Subdivisional Canal Officer for the purpose.

19. Each person on paying the sum due from him shall be given a receipt in the form prescribed for the purpose.

20. For the purposes of account of control over establishment, and of general administration, the Divisional Canal Officer or other officer in charge of the Revenue Division is in the position of an Executive Engineer in charge of a Division, and is directly subordinate to the Superintending Engineer. In regard to any proceedings taken under the Public Demands Recovery Act, 1913 (Bengal Act III of 1913), the Divisional Canal Officer is subject to the control of the Collector of the district.

Unauthorized use of water and waste of water.

21. Should it be necessary to take action under the provisions of sections 79 and 80 of the Bengal Irrigation Act, 1876 (Ben. Act III of 1876), proceedings shall be instituted only under the direct and special order of the Divisional Canal Officer. The primary record of the facts regaring the unauthorized use or the waste of water shall be made by the Subdivisional Canal Officer and his subordinates. The parties whom it is proposed to assess shall be informed in writing, and shall be called on to show cause why they should not be assessed. The record of their statements shall be made by the Divisional or by the Subdivisional Canal Officer. The Divisional Canal Officer shall consider the facts and statements recorded, and shall, in deciding the case, give his reasons for or against assessment, both as regards the facts and as regards the law, and he shall determine rate to be charged subject to the provision in the schedule of rates attached to these rules.

22. Should the Divisional Canal Officer decide on making an assessment, he shall have the assessment paper prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him, and an abstract of the demand or khatian shall be sent to the officer in charge of the Revenue Division, who shall proceed to recover the sums assessed. The period of one month within which an appeal may be presented to the Collector under section 91 of the Bengal Irrigation Act, 1876 (Ben. Act III of 1876), shall be computed from the date on which the statement of the charge may be furnished to the person assessed, which date shall be endorsed on it.

23. No proceedings shall be instituted if the unauthorized use or the waste of water have occurred through the act or neglect of a Canal Officer or a subordinate officer employed on the canal. During the irrigation of autumn rice, the passing on of surplus water from leased to unleased fields is not an unauthorised use of water.

Complaints and Applications.

24. All complaints or applications with respect to the supply of water, to defective drainage, and generally with respect to the administration of the canal, shall be received on presentation at either Divisional or Subdivisional Canal Offices.

Complaints and applications received by a Divisional Canal Officer may be transferred to his Subdivisional Canal Officer for disposal at his discretion.

Any such complaints or applications, if presented to the Sectional Canal Officer or to his staff, shall be returned endorsed with instructions as to the proper office at which to present them. If received by post, they shall be at once forwarded to the Divisional or Subdivisional Canal Officer.

25. Complaints or applications with respect to corrections of the assessment with respect to the actions of the amins in assessing and with respect to the actions of the tahsildars and other staff employed in collections, shall be received at the office of the Divisional Canal Officer or other officer in charge of the Revenue Division.

26. Receipts in the prescribed form shall be given at all offices for complaints or applications presented. The receipt of all complaints and applications shall be recorded in registers to be kept for that purpose.

27. The officer receiving the complaint or application shall either make a personal enquiry into the matter or he shall nominate in writing some responsible person to hold the enquiry.

28. The orders passed on all complaints or applications shall be in writing, and a copy of every order shall be furnished to the complainant or applicant.

The copy of order may be sent by post (registered), if this is convenient.

The period within which an appeal may be presented under section 91 of the Act shall be computed from the date on which the copy of the order is received by the person.

29. When an appeal to the Collector is from the order of a Subdivisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record on them such remarks as he may think desirable, provided that he does not thereby detain the proceedings.

In all cases in which an appeal against an assessment is preferred to the Collector, that officer may, if he thinks fit, direct that the collection of water-rates be suspended till the appeal is heard.

30. The Divisional Canal Officer may revise the proceedings of his Subdivisional Canal Officers and the Superintending Engineer may call for and revise the proceedings of all officers under his control.

Remissions and alterations of demand

31. Wherever the crop on land entitled to a supply of water suffers material injury from an insufficient supply of water, or from any interruption in the supply of water, remission of the rate due on such crop shall be given by the Divisional Canal Officer, provided that the person claiming remission shall have applied for such not less than fifteen days before the reaping of the crop.

32. On the occasion of lands being brought under a lease for a term of years, the Divisional Canal Officer may remit the rates for the first season on those fields which from the nature of the cultivation then obtaining, or from other causes, have not, in that season, derived any benefit from the supply of canal water.

33. Should the crop on lands under lease for a term of years suffer material injury from excess of water due to deficient drainage, the Divisional Canal Officer may grant remission of the rates due on such lands in whole or in part provided that the person asking for remission shall have applied at least fifteen days before the reaping of the crop.

34. Revisions of the assessment required in consequence of land under lease being left uncultivated or of land being appropriated for purposes other than cultivation shall be made under the orders of the Divisional Canal Officer.

35. Revisions of the assessment required in consequence of incorrect entries of the names of occupants of lands under lease or of incorrect entries of areas or amounts in the assessment papers, or required by changes, in the occupation of lands shall be made under the orders of the Divisional Canal Officer or other officer in charge of the Revenue Division, provided that no change involving any increase or decrease in the total area under lease for a term of years shall be made, without the concurrence of the Divisional Canal Officer.

36. Remissions of water-rates on account of injury to the crops caused by inundation, by blight, by storms or by any extraordinary cause shall only be allowed under the special orders of the State Government.

Irrecoverable demands.

37. The Superintending Engineer may sanction the writing-off of those demands which are reported, after due enquiry by the Divisional Canal Officer or other officer in charge of the Revenue Division, as irrecoverable owing to the poverty of the defaulter or of his successors in case of his death, or owing to the defaulter having absconded.

Cultivators' Representatives

38. Whenever the preliminary application for a lease for a term of years has been approved by the Divisional Canal Officer, the officer in charge of the Revenue Division shall, with concurrence of the Subdivisional Canal Officer, select as representative of the cultivators a suitable person or persons who shall generally be acceptable to the cultivators and who shall each have a direct interest in the land for which the lease is executed.

39. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

(*v*) In attending, when required, at enquiries into complaints,

(*vi*) In reporting to the Circe Officer any changes in the occupancy of lands under lease, and

(*vii*) In assisting the tahsildar in collecting rates.

40. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or in their own occupation, which may lie within the boundaries of the leased area subject to a total limit of 3 per cent. of the area assessed. The Divisional Canal Officer or other officer in charge of the Revenue Division may disallow in whole or in part this free irrigation, and may recover the rates which would otherwise have been payable in whole or in part if the assistance specified in rule 39 has not been efficiently rendered. The reasons for such disallowance shall be recorded in writing.

41. The Divisional Canal Officer shall maintain in his office a register containing a record of the names of all representatives and of the areas of free irrigation allowed to each.

42. Applicants for season leases shall be required to nominate one of their number who must have a substantial interest in the land to be irrigated as their representative. The representative so nominated shall perform the same duties as stated in rule 39 and shall receive remuneration on the same scale as in rule 40.

Power to decline or cancel leases

43. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Engineer to direct that the lease shall be cancelled with effect from the 16th of June next following. The order to cancel a lease shall be passed before the 1st of April of the year in which it is to take effect.

44. The Superintending Engineer may give directions to the Divisional Canal Officer to decline applications for irrigation leases of lands in villages where there has been persistent difficulty in realising the water-rates, until all arrears have been paid.

He may further suspend, or altogether cancel, any lease for a term of years, if on the 1st June of any year water-rates to the extent of half the demand for one year are in arrears. Previous notice of intention to put this rule in force shall be given not later than the 15th April preceding.

Miscellaneous

45. Tanks may be supplied with canal-water without charge, when water can be made available without injury to the cultivation dependent on a canal, under the following conditions:—

(*i*) That the water is to be exclusively used for domestic purposes, or for watering cattle;

(*ii*) That a channel exists through which water can pass without waste;

(*iii*) That the water shall only be supplied on the written order of the Subdivisional Canal Officer;

(*iv*) That any new outlet or sluice which may be required to allow of the supply being given shall be provided at the cost of the persons who ask for the water; and

(*v*) That the supply of water may be stopped at any time if it is found that it is being misused.

46. Except when a public right-of-way exists, no person shall, without the permission expressed in writing of the Divisional or Subdivisional Canal Officer, pass himself, or cause any animal or vehicle to pass, on or across any of the works, banks or channels of a canal, or drainage work which is part of the canal system except by means of such bridges, fords and ferries as may have been provided for the purpose.

Any person who, after due warning, commits a breach of this rule may be proceeded against under clause (9) of section 93 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876).

47. The use of any part of the banks or berms of any canal, drainage work which is part of the canal system, or flood embankment which is subject to the provisions of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), as a place for answering the calls of nature, is prohibited. Any person who, after due warning, commits a breach of this rule may be proceeded against under clause (9) of section 93 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876).

48. Should water be required for purposes other than irrigation it may be supplied, when available, at a rate of two rupees per 10,000 cubic feet of water.

49. No officer employed on the canals, unless especially exempted by the State Government from the operation of this rule, shall have any interest in the distribution of water from any of the canals or purchase or bid for any Government property sold thereon either in his own name or in the name of another, or jointly, or in shares with others.

By order of the Governor,
N. DAS, Secy.

No. 32-I.—17th December 1956.—The following draft of rules, schedule of rates and appendices which, in exercise of the powers conferred by sections 78 and 99 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), the Governor proposes to make for the supply of water from Jhiku khal and its tributaries of the projected Jhiku Khal Irrigation Scheme in the district of Bankura, are hereby published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 27th January 1957. Any objection or suggestion with respect thereto which may be received by the undersigned before that date will be considered:—

DRAFT RULES, RATES AND APPENDICES

Leases for a term of years

1. The country served by the canals shall be mapped out into blocks of convenient size in accordance with the features of the ground, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officer under the guidance and control of the Divisional Canal Officer.

2. Each block determined as above shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officer. The blocks shall also be marked on maps to be maintained by the same officer.

3. Leases for not more than six years may be granted for the whole irrigable area of a block or for definite parts of a block under the following conditions:—

I. Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently a separate lease may be granted for each part.

II. All leases within one block shall be so granted that they may expire on the same date.

III. No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, unless a channel exists, which, in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4. The Superintending Engineer shall fix from time to time the gross area for which and the limits of the canal within which, leases for a term of years may be granted.

5. Maps of all villages in which lands have been brought under lease for a term of years, or in which there is any possibility of such leases being taken, shall be kept in the Subdivisional Canal Office. These maps to be at scale 32″=1 mile when such are available and elsewhere at scale 16″=1 mile.

6. The preliminary application for a lease for a term of years, either new or renewal, may be of an informal nature, but it must be in writing. It may be presented and shall be received either at the Subdivisional or

Sectional Canal Office; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block, and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval the Subdivisional Canal Officer shall proceed to make the detailed assessment. The lands to be brought under lease shall be indicated on a copy of the map referred to in rule 5.

7. The Subdivisional Canal Officer on receipt of the application shall depute an amin to prepare the khasra or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and khasra. Should the survey map and khasra not be available, the amin shall make a sketch map, and shall measure the areas of the holdings with a chain or measuring-rod.

8. When the amin has completed the khasra he shall forward it to the Subdivisional Canal Officer who shall forward it to the Divisional Canal Officer for approval.

9. As soon as the khasra has been approved by the Divisional Canal Officer, he shall return it to the Subdivisional Canal Officer endorsed with his signature in token of approval.

The Subdivisional Canal Officer shall then prepare a khatian or abstract of the khasra, and shall have the form of application given as Appendix No. I to these rules, filled up and signed or marked by each of the applicants, in the presence of two witnesses.

When the application has been completely signed, the Subdivisional Canal Officer shall send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given as Appendix III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer through his Sectional Officer. The Divisional Canal Officer shall return the application to the Subdivisional Canal Officer with a copy of the permit for record.

10. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that some of them decline to sign the application, the Subdivisional Canal Officer shall report the matter to the Divisional Canal Officer and the Subdivisional Canal Officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a reprt to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign, or whether the lease shall be declined. The Divisional Canal Officer may grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for this may be done on the written order of the Superintending Engineer. The reasons for granting the lease shall be fully recorded.

Covering Leases

11. Applicants for a lease for a term of years who may require water before the lease has been concluded can obtain a supply on tendering an application for a covering lease in the form given as Appendix II to

these rules. This application shall be signed in the presence of the tahsildar or of some other responsible officer nominated for the purpose by the Subdivisional Canal Officer. The signatures shall be those of the leading cultivators in the block in question and they shall represent holders of not less than 75 per cent. of the irrigable land within the block.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix IV to these rules, and shall at once supply water.

Season Leases

12. Applications for water to irrigate spring rice or other crops between the 16th November and 15th June may be presented at the Subdivisional Canal Office or to the Sectional Officer. They shall be in the form given as Appendix V to these rules.

13. In the applications the areas for which water is required shall be specified but the rate shall be charged on those areas for which water is actually used as determined by measurement.

The permit in the form given as Appendix VI to these rules shall be granted by the Subdivisional Canal Officer if he is able to supply the water.

Supply of water

13. The Divisional Canal Officer shall control the supply of water throughout the Division in his charge.

14. No water shall be supplied to any lands except such as have been brought under a lease for a term of years or for the season, or to such as are provided for by a covering lease.

15. Under the forms of irrigation lease in use, no specific supply of water is promised; but the undertaking is to give such a supply to each lessee as may be necessary for the lands leased. The supply shall be given, as may be required for the proper cultivation of the crops under irrigation, according to the exigencies of the season.

16. The Divisional Canal Officer may give the required supply by rotation, should this be advisable for the efficient working of the canals in his charge. In such a case, he is required to give the lessees written notice informing them of the periods when they will be supplied with water.

Collection of water-rates

17. The rates due for water supplied shall be collected by the Divisional Canal Officer or other officer in charge of the Revenue Division, through his staff of tahsildars and peons. All khatians or demand statements shall be signed by the Divisional Canal Officer or other officer in charge of the Revenue Division after scrutiny in his office.

18. At the time of preparation of the khatian in the Subdivisional Canal Office each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved by the Subdivisional Canal Officer for the purpose.

19. Each person on paying the sum due from him shall be given a receipt in the form prescribed for the purpose.

20. For the purposes of account of control over establishment, and of general administration, the Divisional Canal Officer or other officer in charge of the Revenue Division is in the position of an Executive Engineer in charge of a Division, and is directly subordinate to the Superintending Engineer. In regard to any proceedings taken under the Public Demands Recovery Act, 1913 (Bengal Act III of 1913), the Divisional Canal Officer is subject to the control of the Collector of the district.

Unauthorized use of water and waste of water

21. Should it be necessary to take action under the provisions of sections 79 and 80 of the Bengal Irrigation Act, 1876 (Ben. Act III of 1876), proceedings shall be instituted only under the direct and special order of the Divisional Canal Officer. The primary record of the facts regarding the unauthorized use or the waste of water shall be made by the Subdivisional Canal Officer and his subordinates. The parties whom it is proposed to assess shall be informed in writing, and shall be called on to show cause why they should not be assessed. The record of their statements shall be made by the Divisional or by the Subdivisional Canal Officer. The Divisional Canal Officer shall consider the facts and statements recorded, and shall, in deciding the case, give his reasons for or against assessment, both as regards the facts and as regards the law; and he shall determine rate to be charged subject to the provision in the schedule of rates attached to these rules.

22. Should the Divisional Canal Officer decide on making an assessment, he shall have the assessment paper prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him, and an abstract of the demand or khatian shall be sent to the officer in charge of the Revenue Division, who shall proceed to recover the sums assessed. The period of one month within which an appeal may be presented to the Collector under section 91 of the Bengal Irrigation Act, 1876 (Ben. Act III of 1876), shall be computed from the date on which the statement of the charge may be furnished to the person assessed, which date shall be endorsed on it.

23. No proceedings shall be instituted if the unauthorized use or the waste of water have occurred through the act or neglect of a Canal Officer or a subordinate officer employed on the canal. During the irrigation of autumn rice, the passing on of surplus water from leased to unleased fields is not an unauthorized use of water.

Complaints and Applications

24. All complaints or applications with respect to the supply of water, to defective drainage, and generally with respect to the administration of the canal, shall be received on presentation at either divisional or subdivisional canal offices.

Complaints and applications received by a Divisional Canal Officer may be transferred to his Subdivisional Canal Officer for disposal at his discretion.

Any such complaints or applications, if presented to the Sectional Canal Officer or to his staff, shall be returned endorsed with instructions as to the proper office at which to present them. If received by post, they shall be at once forwarded to the Divisional or subdivisional Canal Officer.

25. Complaints or applications with respect to corrections of the assessment with respect to the actions of the amins in assessing and with respect to the actions of the tahsildars and other staff employed in collections, shall be received at the office of the Divisional Canal Officer or other officer in charge of the Revenue Division.

26. Receipts in the prescribed form shall be given at all offices for complaints or applications presented. The receipt of all complaints and applications shall be recorded in registers to be kept for that purpose.

27. The officer receiving the complaint or application shall either make a personal enquiry into the matter or he shall nominate in writing some responsible person to hold the enquiry.

28. The orders passed on all complaints or applications shall be in writing, and a copy of every order shall be furnished to the complainant or applicant.

The copy of order may be sent by post (registered), if this is convenient.

The period within which an appeal may be presented under section 91 of the Act shall be computed from the date on which the copy of the order is received by the person.

29. When an appeal to the Collector is from the order of a Subdivisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record on them such remarks as he may think desirable, provided that he does not thereby detain the proceedings.

In all cases in which an appeal against an assessment is preferred to the Collector, that officer may, if he thinks fit, direct that the collection of water-rates be suspended till the appeal is heard.

30. The Divisional Canal Officer may revise the proceedings of his Subdivisional Canal Officers and the Superintending Engineer may call for and revise the proceedings of all officers under his control.

Remissions and alterations of demand

31. Whenever the crop on land entitled to a supply of water suffers material injury from an insufficient supply of water, or from any interruption in the supply of water, remission of the rate due on such crop shall be given by the Divisional Canal Officer, provided that the person claiming remission shall have applied for such not less than fifteen days before the reaping of the crop.

32. On the occasion of lands being brought under a lease for a term of years, the Divisional Canal Officer may remit the rates for the first season on those fields which from the nature of the cultivation then obtaining, or from other causes, have not, in that season, derived any benefit from the supply of canal water.

33. Should the crop on lands under lease for a term of years suffer material injury from excess of water due to deficient drainage, the Divisional Canal Officer may grant remission of the rates due on such lands in whole or in part, provided that the person asking for remission shall have applied at least fifteen days before the reaping of the crop.

34. Revisions of the assessment required in consequence of land under lease being left uncultivated or of land being appropriated for purposes other than cultivation shall be made under the orders of the Divisional Canal Officer.

35. Revisions of the assessment required in consequence of incorrect entries of the names of occupants of lands under lease or of incorrect entries of areas or amounts in the assessment papers, or required by changes, in the occupation of lands, shall be made under the orders of the Divisional Canal Officer or other officer in charge of the Revenue Division, provided that no change involving any increase or decrease in the total area under lease for a term of years shall be made without the concurrence of the Divisional Canal Officer.

36. Remissions of water-rates on account of injury to the crops caused by inundation, by blight, by storms or by any extraordinary cause shall only be allowed under the special orders of the State Government.

Irrecoverable demands

37. The Superintending Engineer may sanction the writing off of those demands which are reported, after due enquiry by the Divisional Canal Officer or other officer in charge of the Revenue Division, as irrecoverable owing to the poverty of the defaulter or of his successors in case of his death, or owing to the defaulter having absconded.

Cultivators' Representatives

38. Whenever the preliminary application for a lease for a term of years has been approved by the Divisional Canal Officer, the officer in charge of the Revenue Division shall, with concurrence of the Subdivisional Canal Officer, select as representative of the cultivators a suitable person or persons who shall generally be acceptable to the cultivators and who shall each have a direct interest in the land for which the lease is executed.

39. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

(*i*) In the preparation of applications for leases.

(*ii*) In the measurement of irrigated lands.

(*iii*) In recording the names of the occupiers of the holdings.

(*iv*) In receiving demand statements and distributing to the cultivators the individual notices of assessment.

(*v*) In attending, when required, at enquiries into complaints.

(*vi*) In reporting to the Circle Officer any changes in the occupancy of lands under lease.

(*vii*) In assisting the tahsildar in collecting rates.

40. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or in their own occupation, which may lie within the boundaries of the leased area subject to a total limit of 3 per cent. of the area assessed. The Divisional Canal Officer or other officer in charge of the Revenue Division may disallow in whole or in part this free irrigation, and may recover the rates which would otherwise have been payable in whole or in part if the assistance specified in rule 39 has not been efficiently rendered. The reasons for such disallowance shall be recorded in writing.

41. The Divisional Canal Officer shall maintain in his office a register containing a record of the names of all representatives and of the areas of free irrigation allowed to each.

42. Applicants for season leases shall be required to nominate one of their number who must have a substantial interest in the land to be irrigated as their representative. The representative so nominated shall perform the same duties as stated in rule 39 and shall receive remuneration on the same scale as in rule 40.

Power to decline or cancel leases

43. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Engineer to direct that the lease shall be cancelled with effect from the 16th of June next following. The order to cancel a lease shall be passed before the 1st of April of the year in which it is to take effect.

44. The Superintending Engineer may give directions to the Divisional Canal Officer to decline applications for irrigation leases of lands in villages where there has been persistent difficulty in realising the water-rates, until all arrears have been paid.

He may further suspend, or altogether cancel, any lease for a term of years, if on the 1st June of any year water-rates to the extent of half the demand for one year are in arrears. Previous notice of intention to put this rule in force shall be given not later than the 15th April preceding.

Miscellaneous

45. Tanks may be supplied with canal-water without charge, when water can be made available without injury to the cultivation dependent on a canal, under the following conditions:—

(*i*) That the water is to be exclusively used for domestic purposes, or for watering cattle.

(*ii*) That a channel exists through which water can pass without waste.

(*iii*) That the water shall only be supplied on the written order of the Subdivisional Canal Officer.

(*iv*) That any new outlet or sluice which may be required to allow of the supply being given shall be provided at the cost of the persons who ask for the water.

(*v*) That the supply of water may be stopped at any time if it is found that it is being misused.

46. Except when a public right-of-way exists, no person shall, without the permission expressed in writing of the Divisional or Subdivisional Canal Officer, pass himself, or cause any animal or vehicle to pass, on or across any of the works, banks or channels of a canal, or drainage work which is part of the canal system except by means of such bridges, fords and ferries as may have been provided for the purpose.

Any person who, after due warning, commits a breach of this rule may be proceeded against under clause (*9*) of section 93 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876).

47. The use of any part of the banks or berms of any canal, drainage work which is part of the canal system, or flood embankment which is subject to the provisions of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), as a place for answering the calls of nature, is prohibited. Any person who, after due warning, commits a breach of this rule may be proceeded against under clause (*9*) of section 93 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876).

SHRI M. N. GAN, *Judge, Fourth Industrial Tribunal.*

For the Union: Shri Patit Paban Pathak.

For the Company: Shri S. R. Mallick, Mr. Col. Rarrie, Shri T. N. Sen on behalf of Somabeong Tea Estate.

AWARD (in 14 Cases).

Heard both sides. The following four applications under section 33A of the Industrial Disputes Act are reported by the Secretary of the Union, who filed them to have been amicably settled. Mr. Mallick admits settlement of one

of them only, besides three others, not in this list. These four cases are taken up for hearing with other cases.

(1) Shri Kanchha Rai and two others—Case No. 135 of 1955.

(2) Sm. Rasful Raini—Case No. 136 of 1955.

(3) Shri Tilabahadur and others—Case No. 133 of 1955.

(4) Sm. Antari and others—Case No. 139 of 1955.

The Secretary of the Union, who filed them on behalf of the aggrieved employees, stated in his petition, without date, received here on 8th December 1956, that he was informed by a letter from the Assistant Secretary, Labour Department, Government of West Bengal, that these cases were struck off as *functus officio*. There is nothing on record to show that they were so disposed of. In fact, they are shown as pending. I ascertained on enquiry from the Assistant Secretary, Labour Department, whether the information mentioned in the petition of the Union Secretary, was correct. A group of section 33 cases were no doubt said to be struck off and that no section 33A cases were reported to be struck off. In fact, there cannot be any such order in law. I take it that the cases are still pending.

They are complaints under section 33A of the Industrial Disputes Act, which the law requires to be made by the aggrieved employees themselves. And the Union Secretary has no *locus standi* to make these applications. The Secretary of the Union filed these complaints. None of them appears to have been signed by the aggrieved employees, on whose behalf it is purported to have been filed. No authority of the employee is filed along with the complaints. In some cases, however, the Secretary informs by a petition that the employees on whose behalf the complaints are made, authorised the Union to do so. The alleged authority is yet to come. This information, furnished long after the complaints are filed, and after the objection was taken by the opposite party, is no compliance with the requirements of section 33A of the Act, far less with the directions of the Labour Appellate Tribunal, in the case of Kargali Colliery, reported in 1953 L.A.C., p. 405. None of the employees, complaining against their employers in these cases, are coming forward to support the complaints. In my opinion, these complaints are clearly not maintainable. They are, therefore, rejected. This is my award which will govern all these cases.

The aggrieved employees may, if they are so advised, approach the proper authority for a regular reference under section 10 of the Industrial Disputes Act, for settlement of any outstanding dispute.

And whereas during the pendency of proceedings before the said Tribunal a complaint in writing was made by Shri Sripat Koiri, a workman of the said Company, before the said Tribunal, against the said Company alleging that the said Company had discharged the said workman concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal had adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

Present for the workman: Shri F. U. K. Sahil and Shri N. J. Burman.

Present for the Company: Shri P. R. Mukherji, Pleader.

AWARD

This is a complaint under section 33A of the Industrial Disputes Act by Shri Sripat Koiri. He was admittedly employed as a cooly in the lorry of the opposite party. He alleged that he was a member of the Union and on 20th April 1956 he was asked by Harihar Singh, the Managing Partner of the opposite party, to sign a declaration giving up Trade Union activities, and as he declined to do so, he was dismissed with immediate effect by him.

The opposite party denied the material allegations as also having dismissed Shri Sripat Koiri on 20th April 1956. It was pleaded that after work till 16th September 1952 Shri Sripat Koiri left service of the opposite party long before the date of the reference.

Decision

In his deposition before this Tribunal Shri Sripat Koiri gave a go-by to his case as set up in the petition of complaint and stated that as he fell ill he went home and after return from home when he went for employment, the opposite party did not give him employment. The evidence of the opposite party's Manager, on the contrary, shows that the petitioner did not work after 16th September 1952 and that they did not refuse him employment. I accept the evidence on the side of the opposite party. It, therefore, follows that the petition of complaint under section 33A is not maintainable and must fail.

It is awarded accordingly.

Dictated and corrected by me.

PRESENT:

SHRI J. N. MAITRA, *Judge, Third Industrial Tribunal.*

For the workers: Shri Parimal Das.

For the Company: Shri P. R. Mukherji.

AWARD

1. By order No. 1839Dis./D/10L-14/56, dated the 5th May 1956, the Government of West Bengal, in the Labour Department, referred under

section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Presidency Engineering Works, 21 Narkel Bagan Lane, Calcutta-9, and their workmen represented by the Presidency Engineering Mazdoor Union, 139 Narikeldanga Main Road, Calcutta, regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under notification No. 592Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.

2. After usual summons the parties put in appearance and filed their written statements. The pleadings were completed on 30th August 1956. The parties were thereafter directed to file lists of documents. Then the dispute was heard and the award was reserved.

3. The matter of dispute as stated in the schedule to the order of reference is as follows:—

Is the closure of the said works justified? What relief the workmen entitled to?

DECISION

The facts leading to the reference, about which there is no dispute, are as follows:

Presidency Engineering Works (hereafter called the Company) was an engineering concern which belonged to a partnership consisting of two partners—Shri Purnabant Singh Botra and Shri Benoybant Singh. Its workshop was situated at 21 Narkel Bagan Lane, Calcutta. The Company was manufacturing umbrella ribs and had in its employ about 80 workmen in the workshop at the relevant time. Presidency Engineering Majdoor Union (hereafter called the Union) on behalf of the workmen of the workshop presented a charter of demands regarding wages, medical leave, etc. As no settlement could be effected, the disputes were eventually referred to this Tribunal for adjudication by Government of West Bengal by their order No. 2985/Dis./10L-136/54, dated 14th June 1954. During the pendency of the said adjudication proceedings before this Tribunal, the Company without permission from the Tribunal closed its business on 28th August 1956 by its notice, dated 27th August 1955, which ran as follows:

> "Management finds it very difficult to carry on the running of the factory any more in view of the fall of the market, increasing prices of raw materials and relevant other reasons. It is now definitely uneconomic to run the factory so the management regrets to announce that they will close up the factory with effect from 28th August 1955.
>
> Legal dues, if any of the workers will be paid in due course.
>
> Arrear wages, etc., are being sent by the money order." (*Vide* Ext. 1.)

Upon such closure workmen Subodh Kumar Chakravarty and 51 others filed a complaint under section 33A of the Industrial Disputes Act (registered as case No. 385 of 1955 under section 33A) claiming retrenchment relief under section 25F and for re-employment under section 25H if and when the workshop was reopened. The Company opposed the application under section 33A. The Tribunal made an award on 29th March 1956, allowing the claims. The award was published in *Calcutta Gazette* on 26th April 1956. The Company preferred appeal against the said award, to the Labour Appellate Tribunal, being appeal No. Calcutta 128 of 1956. On appeal it was held that there was no contravention of section 33 of the Industrial Disputes Act and as such the complaint under section 33A was incompetent. The award was accordingly set aside.

In the meanwhile at the instance of the workmen, the Government made the present reference under adjudication on 5th May 1956.

Against this background the Majdoor Union on behalf of the workmen contended that the closure was *mala fide* and that the workmen were entitled to retrenchment relief under section 25F. The Company, on the other hand, maintained that the closure was *bona fide* and that the workmen were not entitled to any retrenchment relief. Besides the Company took preliminary objections (1) that there should be no adjudication under the present reference in view of the previous adjudication on the self-same matter, and (2) that the reference was bad in law as there could be no industrial dispute after the closure of the business.

An employer has a fundamental right to close down a business. (*Vide* the case of Indian Metal and Metallurgical Corporation reported in 1952 I L.L.J. 364.) The closure in the present case, it appears from the evidence and circumstances, was *bona fide* and permanent. The workmen could show nothing satisfactory to the contrary. Merely because adjudication proceeding was pending at the time, the closure cannot be claimed to have been directed *mala fide* in order to stifle the adjudication and to avoid paying higher wages. It has been held by the Hon'ble Supreme Court in the case of Benares Ice Factory that section 33 of the Industrial Disputes Act was not attracted and no permission was necessary to close down the business during the pendency of adjudication proceedings before the Tribunal. It appears that the closure during the pendency of the adjudication proceeding was an accidental coincidence. The Company, it appears, had been sustaining loss year after year for last three years before the closure. Ext. A shows that it sustained loss to the extent of Rs. 17,798 and odd during the year 1359 B.S., corresponding to 1952-53. Ext. A1 likewise shows that it incurred loss to the extent of Rs. 15,563-12-9 pies during 1360 B.S. Ext. A2 reveals that the Company incurred loss to the extent of Rs. 31,561 and odd during 1361 B.S. Then the evidence reveals that the market for its products was mainly East Bengal and this was wholly lost as a result of partition and the other markets gradually decreased. Thus, situated as it was, by accumulation of losses on one hand and by shrinkage of available markets for its products on the other, the Company had no alternative than to close the business as it did. The Company gave out its mind to that effect at the earliest opportunity in its correspondence to the Labour Commissioner when the latter forwarded charter of demands leading to the first reference. (*Vide* letter, dated 5th April 1954, Ext. C.) The closure in the circumstances must be held to be *bona fide* and permanent.

Regarding the rights of workmen for compensation for loss of employment in consequence of the closure of the business, the decisions of the Hon'ble Labour Appellate Tribunal were not uniform. In majority of the cases workmen were awarded some compensation for loss of employment following closure of business, while in others no compensation was allowed to the workmen. In the cases where compensation was allowed, it was allowed not as a punishment to the employer, but as an equitable relief to the workmen. (*Vide* the case of Indian Metal and Metallurgical Corporation reported in 1953 I L.L.J. 224; case of India Reconstruction reported in 1953 L.A.C. 563; and case of Plastic Moulders reported in 1954 L.A.Ct. 562.) In the case of J. K. Hosiery Factory and Labour Appellate Tribunal of India and others reported in 1956 II L.L.J., page 4, the Hon'ble High Court at Allahabad found that section 25F of the Industrial Disputes Act has no application to termination of service of employees on closure of the business. As the closure in the present case has been found to be *bona fide*

and justified and as section 25F has no application to the case of termination of employment on closure, I do not think it will be fair to give compensation to the workmen. Besides the Hon'ble Supreme Court has recently held in the case of Barsi Light Railway that the retrenched workers on closure of business are not entitled to compensation.

Now regarding the preliminary objection, I am unable to uphold the first contention of the Company that the adjudication under the present reference is barred in view of the previous decision of the self-same matter under section 33A. Analogous principle of *res judicata* could have been invoked had there been decision on merits. The Hon'ble Labour Appellate Tribunal had, however, found that the application under section 33A was not maintainable in law and accordingly set aside the award. In the circumstances, there having been no decision on merits, it is obvious that the adjudication under the present reference, is not baired on that ground. The other objection of the Company, it however appears, is sound and must be upheld. In the case reported in 1952 I L.L.J., page 364, the Hon'ble High Court at Madras expressed the view that the Industrial Disputes Act assumes the continued existence in the industry and as such the closure temporary or permanent, of an industry cannot be the subject matter of a reference to an Industrial Tribunal for adjudication. In the case of Jay Bharat Tile Works *versus* State of Madras the Hon'ble High Court at Madras held that there cannot be any industrial dispute after the closure of the business (*Vide* 1952 II L.L.J. 587). This decision was affirmed by the Division Bench of the said High Court (1954 I L.L.J. 286). In the case of K. N. Padmanabha Ayer reported in 1954 I L.L.J. 469 the Hon'ble High Court at Madras held that *bona fide* and permanent closure took the matter out of the scope of the Industrial Disputes Act *as the industry ceased to exist*. After the closure of the business, there can be no employer and consequently there can be no "industrial dispute". I, therefore, agree that there cannot be valid reference after *bona fide* and permanent closure. So, to be precise, I find that the workmen are entitled to no relief.

It is awarded accordingly.

AWARD

This application under section 33A arises out of a proceeding based on the Government order of reference No. 2463Dis./D/11L-8/55, dated 3rd June 1955, referring an industrial dispute between Messrs. Kedar Nath Jute Manufacturing Co., Ltd., Managing Agents Messrs. Babulal & Co. (Private), Ltd. of 34 Jatindra Mohan Avenue, Calcutta-6 and their workmen of the Head Office represented by the Babulal & Co., Ltd. Employees' Union of 23A Netaji Subhas Road, Calcutta-1. The award on the reference was made by the Tribunal on 5th June 1956 and was published in the *Calcutta Gazette* on 28th June 1956.

On 28th July 1956 Shri Trilok Chand Soni applied under section 33A of the Act stating that he had been dismissed with effect from 20th July 1956 and that the dismissal amounted to victimisation as he was a member of the Union. The petitioner prayed for reinstatement with full wages for the period of unemployment.

The Company, in its written statement, denied the statement of the petitioner and maintained that the applicant voluntarily left the Company's service on 2nd April 1956 after receipt of his full dues up to that date.

On 7th December 1956 the parties filed a petition of compromise stating that the petitioner had received all his dues in full and final satisfaction of his claims and the dispute between the parties had been amicably settled. The compromise petition appears as Appendix A to this award. It is, therefore, awarded that there is no dispute between the parties. The petition in Appendix A shall form a part of this award.

In the matter of an industrial dispute existing between Messrs. Tide Water Oil Co. BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL, NEW SECRETARIAT BUILDINGS, THIRD FLOOR, CALCUTTA.

PRESENT:

SHRI SAILESH SENGUPTA, *Judge, Sixth Industrial Tribunal.*

The dispute referred for adjudication by Government order No. 2251Dis./D/15L-13/56, dated Calcutta, the 28th May 1956, is confined to the demand for additional bonus for 1955 made by the workers of Ramkristopore, Howrah, serving under Messrs. Tide Water Oil Co. (India), Ltd. The issue framed by the Government is in the following terms:—

(1) Bonus for the workers of Ramkristopore Godown for the year 1955.

The main grievance of the employees was that the employees of the Calcutta Office and the clerks working in the Ramkristopore godown were paid bonus equivalent to two months' wages whereas the workers of the godown were paid one month's wages as bonus. Distinction thus made caused heart-burning.

The Company replied that the Calcutta staff and the clerical staff engaged in the godown were employees of the Managing Agents, viz., Messrs. Andrew Yule & Co., Ltd., whereas the 18 workers concerned are the Company's employees engaged in the godown. No parity can therefore be expected in regard to pay, bonus and other amenities regarding the employees of the Managing Agents and the Company under reference.

FINDINGS

When the case was called for hearing both parties intimated that the differences had been set at rest and no adjudication by the Tribunal was called for. A joint petition was filed praying for a "no dispute" award. In the circumstances a "no dispute" award is made.

AWARD

This application under section 33A arises out of a proceeding based on the Government order of reference No. 2463Dis./D/11L-8/55, dated 3rd June 1955, regarding an industrial dispute between Messrs. Keder Nath Jute Manufacturing Co., Ltd., Managing Agents:—Messrs. Babulal & Co. (Private), Ltd. and their workmen of the Head Office represented by Babulal & Co., Ltd. Employees' Union. The award on the reference was made by the Tribunal on 5th June 1956 and was published in the *Calcutta Gazette* on 28th June 1956.

On 28th July 1956 Shri Debo Prosad Manna, an employee of the Keder Nath Jute Manufacturing Co., Ltd., applied under section 33A of the Act stating that he had been suspended on 29th June 1956 without any enquiry

on false charges and prayed for reinstatement with compensation for the period of unemployment.

The Company, in its written statement, denied the allegations and maintained that the applicant was suspended as a security measure pending enquiry and disposal of his case by letter, dated 29th June 1956 and thereafter he was discharged by letter, dated 25th July 1956. The suspension of the petitioner as a security measure was not a punishment and was not in contravention of section 33 of the Act. The application was, therefore, not maintainable.

On the date of hearing on 7th December 1956, the parties filed a petition of compromise stating that the dispute between the parties had been amicably settled and the applicant received all his dues from the Company in full and final satisfaction of his claim and there was no dispute between the parties. It is, therefore, awarded that there is no dispute between the parties. The compromise petition in Appendix A shall form a part of this award.

Present for the workmen: Shri F. U. K. Sahil and Shri N. J. Burman.

Present for the Company: Shri K. K. Guha.

AWARD

This is a complaint under section 33A of the Industrial Disputes Act by Shri Shyam Sundar Mali and Shri Paresh Singh. Both of them were employed as coolies in the lorry of the opposite party. The petitioners alleged that Shyam Sundar Mali went home on two months' leave and after return from home when he presented himself for duty, the management asked him to sign a bond withdrawing his membership from the Union and as he refused to do so, he was abused and dismissed with immediate effect without any charge-sheet and without permission from the Tribunal during the pendency of adjudication proceedings before this Tribunal in respect of an industrial dispute between the opposite party and their workmen. The other petitioner Shri Paresh Singh who was present at the time protested when he too was dismissed without any charge-sheet and without any permission. Hence the complaint.

The opposite party denied having dismissed the petitioners as also all material allegations. It was pleaded that the drivers and coolies as employed in his lorries were all employed purely on casual and temporary basis and none as permanent hand and there was no system of grant of leave. It was further pleaded that Shyam Sundar Mali worked till 30th April 1955 and received all his dues by voucher, dated 4th May 1955, while Shri Paresh Singh worked up to 31st December 1955 and ceased to attend from 1st January 1956. The opposite party accordingly submitted that the complaint under section 33A was not maintainable.

Decision

Petitioner Shyam Sundar Mali did not turn up at the hearing. The evidence of the opposite party's Manager O.P.W. 1 Shri Subodh Kumar Ghosh shows that he was employed on casual and temporary basis and that

Shyam Sundar Mali left his job after work till 30th April 1955. The attendance register (Ext. A) shows that Shyam Sundar Mali worked till 30th April 1955. The evidence further reveals that he did not thereafter turn up.

Regarding Paresh Singh, he gave a completely different case to the one set up in the petition of complaint. Before this Tribunal he stated that after having served for 2 years he was dismissed on 9th January 1956 as he admitted to the query of Dukharan Singh's nephew Harihar Singh that he was a member of the Union. In the petition of complaint the date of discharge or dismissal was not given either of Shyam Sundar Mali or Paresh Singh. In view of the contradiction I am not prepared to accept evidence of Paresh Singh. The evidence of the Manager corroborated by the attendance register, on the contrary, shows that Paresh Singh worked up to 31st December 1955 and thereafter ceased to attend. The evidence further reveals that he was employed purely on casual and temporary basis. In the circumstances, when Paresh Singh himself ceased to attend, I agree that section 33 was not attracted. I am, therefore, of opinion that the complaint under section 33A is not maintainable and must fail.

I award accordingly.

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL

Miscellaneous Case No. 21 of 1956 under section 33A of the Industrial Disputes Act

versus

Messrs. Dukharan Singh, 1A Madhab Das Lane, Calcutta .. *Opposite Party*

Present for the Company: Shri K. K. Guha.

AWARD

This is a complaint under section 33A of the Industrial Disputes Act by Shri Ram Sanai Kairi. He was employed as a cooly in the lorry of the opposite party. He alleged that he was a member of the Hindusthan Drivers' Union and that on 12th January 1956 he was asked by the management to sign a bond withdrawing his membership from the said Union and to give up all sorts of Union activities and that as he refused to do so he was abused and dismissed with immediate effect during pendency of the adjudication proceedings in respect of an industrial dispute between the opposite party and their workmen. Hence the complaint.

The opposite party denied having dismissed the petitioner and pleaded that the petitioners worked till 30th June 1955 and then left opposite party's service. The opposite party thus submitted that the application under section 33A was not maintainable.

Decision

The petitioner has none else to support his version of dismissal on 12th January 1956. The evidence of the Manager D.W. 1 Shri Subodh Kumar Ghosh, on the contrary, shows that the coolies and drivers in the lorries of the opposite party were employed purely on casual and temporary basis and that the petitioner worked as such up to 30th of June 1955. The attendance register (Ext. A) also corroborates him. The salary register (Ext. B) which the petitioner admittedly signed shows that he received payment up to 30th June 1955. This would negative petitioner's case of disimssal on 12th January 1956 and support the positive case of the opposite party. In the

circumstances, I find that the complaint under section 33A is not maintainable and must fail.

I award accordingly.

ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act filed by Shri Pashu Pana and another in connection with an industrial dispute between Messrs. Burn & Co., Ltd., and their workmen referred under Government order No. 1966Dis., dated 5th April 1954. (Case No. 285 of 1955.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. N. GAN, *Judge, Fourth Industrial Tribunal.*

For the Union: Shri Patit Paban Pathak.

For the Company: Shri S. C. Sen, Advocate, and Col. T. Mukherjee.

AWARD

Pashu Pana and his wife Sindhi Bouri (T. No. 630 and T. No. 876), of Durgapur Works, filed a complaint before this Tribunal, under section 33A of the Industrial Disputes Act, on 18th October 1955 alleging that they were

punished by their employers Messrs. Burn & Co., Ltd., Durgapur (hereinafter called the Company), by wrongfully suspending them from service for their alleged misconduct. Following an incident on 21st September 1954, in which one of the two rooms occupied by them, was forcibly opened by breaking its lock, and some properties were stolen, by some unknown persons, and information to that effect was lodged with the police, and the matter was also reported to the local Manager. The complainants were placed under suspension on 8th October 1954, when they were charge-sheeted for misconduct and were directed to attend an enquiry the next day. They were criminally prosecuted, when the police on enquiry found their complaint to be false. They were kept out of employment, even after the conclusion of the enquiry, and their acquittal in the said criminal case. This was done by the Company without obtaining permission of this Tribunal, in which an industrial dispute between the parties was pending all this time. Hence this complaint.

The Company contests this application stating among others that it is not maintainable, and that this Tribunal has no jurisdiction to entertain it and that the employees concerned are guilty of gross misconduct, of an act, which is subversive of discipline.

Points for decisions are—

(i) Whether this application under section 33A of the Industrial Disputes Act, is maintainable?

(ii) Whether the act complained of is justified in the circumstances of this case?

(iii) Whether the complainants are entitled to any relief?

Points 1 to 3.—Shri S. C. Sen, Advocate, on behalf of the Company, opposite party, contends relying on a decision of the Supreme Court in Lakshmi Devi Sugar Mill, Ltd., Uttar Pradesh, briefly reported in the "Statesman", dated 26th October 1956, and contended that the order of suspension, pending enquiry, even without pay and for an indefinite period, is no punishment and therefore, the provisions of section 33 of the Industrial Disputes Act, are not attracted. That being so, the application should be thrown out *inlimine*. Shri P. Pathak, appearing on behalf of the employees, complainant, contended that the Supreme Court did not lay down any inflexible rule of law that in no case an order of suspension of an employee, can be punishment, within the meaning of section 331(b) of the Industrial Disputes Act. The said decision of the Hon'ble Supreme Court is not reported as yet in any authorised law reports. At least, no such report was brought to my notice. A certified copy of the judgment is also not placed before me. The brief report, appearing in the paper, is to the following effect "The Supreme Court dealing with the question of suspension and lock-out hold that suspension even without pay and for an indefinite period pending enquiry for the time taken for obtaining permission from the Tribunal to take disciplinary action against the workmen could never be considered as a punishment".

The above extract from the report does not support the contention of Shri Sen. In fact, it seems to be in line with the two decisions of the Labour Appellate Tribunal reported in the case of Rampalath Chamar *versus* Assam Oil Company, Ltd., in 1954, Labour Appeal cases, page 78, and in the case of the Assam Oil Company, Limited *versus* Apalswami in 1954, Labour Appeal cases, page 307. In my opinion, the decision of the Hon'able Supreme Court cannot be applied to the facts of this case, and the question in issue cannot be decided without entering into the merits of the act complained of.

The charge-sheets, Exts. A, AI=I, IA show that the complainants were suspended pending enquiry and the disposal of the case. The charge-sheet is dated 8th October 1954. It is not clear from the order itself to which "the case" refers to. Both parties adduced evidence in this case, which primarily consists of a number of letters exchanged between the parties and between the date of the incident and the date of hearing of this case. The written statement of the Company makes an interesting reading. It practically admits all that was alleged by the employees in their complaint to the police and before this Tribunal. It is clear from paragraph 8 of the written statement that the enquiry was completed on 1st December 1954 and the Management decided to dismiss the complainants from service. As the criminal case was pending against the complainants at the time, the Management decided to wait till the disposal of the criminal case and for filing an application under section 33. After an unsuccessful attempt to settle the matter out of court, the Management stated in the next paragraph of the written statement, that it sent all the necessary papers to the Company's Solicitors for filing an application under section 33 of the Industrial Disputes Act. The admitted facts are these. The complainants, the two employees of the Company, were allotted two rooms in the Labour quarters and they occupied the same. On 21st September 1954, the Works Manager found the complainants making unauthorised use of one of the rooms and at once broke open the lock of the room and closed the room, when the matter was reported to the police and to the Manager himself. The Manager is said to have admitted that the room was closed under his orders. The information to the police was to that effect and there was nothing in it to connect the alleged theft of articles from the said room with the Manager, or his durwan. The accused, are stated, to be unknown persons, in the First Information Report. The police as the report reveals, found on enquiry the room in occupation of the complainants. All the same, it reported, a false case and suggested prosecution of the two employees for giving a false information to the police. The criminal case, however, ended in an acquittal on 3rd October 1955. Failing to get back the work, the two employees, thereafter, filed this complaint under section 33A of the Industrial Disputes Act to this Tribunal on 18th October 1955. Meanwhile Shri Ghosh, Labour Welfare Officer, tried to settle it with the two employees. Ext. C was drawn up by him and thumb marked by the two complainants as evidence of amicable settlement of the dispute. This was done, a month after the said complaint was filed in this Tribunal. The complainants denied this statement not now but the very next day, and subsequently informed the Company of their readiness to go back to work. The Company, however, did not permit them to do so, and informed them, on 26th November 1955, that it would await the decision of the Tribunal in this case.

The complainants are out of employment ever since the order of suspension was made on 8th October 1954. The enquiry was concluded within the two months of that date and the criminal case arising out of the alleged false information to the police ended in acquittal on 3rd October 1955. And on the date of the filing of the complaint on 18th October 1955, the complainants were already out of employment for over two years and the Company was continuing the order of suspension without any allowances or pay to them for this long period. Question now is whether on these facts and in these circumstances, it can be held that the suspension of the employees from service amount to punishment within the meaning of section 33-I(b) of the Industrial Disputes Act as it stood before the present amendment. The continuance of the order of suspension, after enquiry, and the disposal of the case, and thus depriving the two employees of their only means of livelihood, and at the same time, putting them to endless harrassment and troubles in and out of court, in my opinion, amount to punishment

within the meaning of the said section. Neither the decision of the Supreme Court, nor the two decisions of the Labour Appellate Tribunal, noticed in the beginning of this award, apply to the facts of the present case. Punishment is an act which causes an offender to suffer for an offence, and the suffering may be either pecuniary or physical or both. In this view of the matter I hold that the complainants have been illegally punished by the opposite party and that their complaint is, therefore, maintainable.

On merits, the Company, according to its own admission in its written statement, and several correspondence that passed after the incident, has got no case at all. The incident of 21st September 1954 is practically admitted. It is not correct to say that the two employees were not in occupation of the two rooms in the labour quarters which were allotted to them. It may be that one of them was not used in the way in which it should be done. But then, that is also not proved by the production of rules and register on the subject. The Manager, being enraged by this alleged act of the complainants, took the law in his own hands, and without waiting for any explanation from the complainants and in their absence directed the room to be taken away from them and closed it. The employees in the first place went to the Manager and reported the matter to him. They reported to the police only when they learnt that the mischief was done under the orders of the Manager himself. The First Information Report disclosed, a complaint not against Manager but against unknown persons who might have committed theft of some articles from the room. The police enquiry report, in my opinion, corroborates the complaint, and does not discredit it. But even then, the police thought it necessary, in the interest of justice, to prosecute the complainants for giving false information to it. The case, which was tried on merits, failed, and very rightly, and ended in acquittal of the employees but not before they had suffered endlessly for about a year. In the circumstances, the complaint to the police for redress of the wrong, done to them, cannot be said to be an act, which is either subversive of discipline, or which amounts to gross misconduct. The action of the Management is, therefore, not justified in any way. Much was made of the statement—Ext. C, dated 18th November 1955, in which the two employees are said to have confessed their guilt and admitted misconduct. They did nothing of the kind. Except stating that they had suffered very considerably and needed protection of their employers, they did not say a word about the matter in issue. And, as already stated, the statement is disputed, not now, but on the very next day they come to know of it. Coming as it did a month after this case was filed in the Tribunal, the alleged settlement, out of court, throws a lot of suspension on it. Further, industrial law takes no notice of any private settlement or agreement arrived at between the parties in the course of an industrial dispute. Such private agreement belongs to the realm of contract; it might give rise to contractual rights, but under industrial law it has no sanction whatsoever and therefore, in the eye of industrial law, an industrial dispute does not end until a settlement is arrived at, which settlement had been given a binding effect under the provisions of section 19(2) of the Act, and such a settlement could only be arrived at when conciliation proceedings are held under section 12 of the Act. [Poona Mazdoor Sabha and Dhutia (G.K.) and another 1956, II L.L.J., page 319.] The net result is that the Company had wrongfully punished the complainants by suspending them from service on a false charge and by keeping them under suspension for over two years, without permission of this Tribunal, which permission is admittedly required under law to act in the way it did, and after the conclusion of the enquiry into the alleged false charge. The normal relief, in this case, is that the two employees should get all their wages, with allowances admissible to them for the entire period of their suspension from

service from 8th October 1954 till they are allowed to go back to work, and they are allowed it. The employees, however, should report to the Management, at proper place as early as possible but not later than a fortnight of the date of this award.

The application succeeds and is allowed. This is my award.

ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act filed by Shri Muneswar Prosad and three others, C/o Royal Calcutta Truf Club Employees' Union, 249 Bowbazar Street (1st floor), Calcutta, in connection with an industrial dispute between Messrs. For the Company: Shri K. L. Chatterjee, Pleader of Orr Dignam & Co.

AWARD

Muneswar Prasad and three others, all employees of Messrs. Royal Calcutta Turf Club (hereinafter called the Club), filed a complaint in this

Tribunal on 14th March 1956 alleging that the Club had dismissed them from service on 3rd March 1956, without express permission from this Tribunal, the award of which in the dispute was published on 1st March 1956. They claimed reinstatement with full wages for the entire period of unemployment. The Royal Calcutta Turf Club in a written statement contests this case on the ground that it is neither maintainable in law nor on facts.

Heard Learned representatives of both sides and considered the evidence.

The complainants were charge-sheeted for misconduct and, pending enquiry, were placed under suspension from work. Thereafter, there was an enquiry into the charges and the Club decided to dismiss these employees from service who were found guilty of misconduct. As the matter was pending before the Conciliation Officer, it decided to continue to keep the employees under suspension pending permission to dismiss them. The dispute was eventually referred to this Tribunal for adjudication. This Tribunal gave its award which was published on 1st March 1956. The Tribunal found the suspension justified and that the complainants are not entitled to any relief. On appeal, the Labour Appellate Tribunal upheld the award on the finding that the action of the Management was *bona fide* and no exception could be taken to it. There was no victimisation or unfair labour practice. The four employees were the ring-leaders and instigators of the unlawful action initiated against Shri Modi.

The Club issued the notice of dismissal on 3rd March 1956, *i.e.*, within two days of the date of the publication of the award by this Tribunal. Admittedly, this was done without any permission from it, *i.e.*, without any further reference to it under section 33 of the Industrial Disputes Act. The Learned representative for the Club contends that no further reference to this Tribunal was necessary before putting the order of dismissal already passed in the dispute into execution. The Learned representative for the complainants, on the other hand, contends that the award did not authorise the dismissal of men from service and, therefore, permission from the Tribunal was necessary. As that was not done in this case, there was clear violation of section 33 of the Industrial Disputes Act as the adjudication proceedings were still pending at the time of such dismissal. In my opinion, there has been a violation of section 33, though of a technical nature.

Both the Tribunal and the Labour Appellate Tribunal held that these men were guilty of misconduct which in the opinion of the Club merited dismissal from service. In fact, the Club came to that decision and communicated it to the complainants but could not inflict that punishment as the matter was pending before the Conciliation Officer for settlement at that time. Whether the complainants were guilty of misconduct or not was decided by the Tribunal in its award and the decision was, as stated above, upheld on appeal. That being so, the decision is binding on the parties and cannot be reopened here. Further, the measure of punishment is as held by Hon'ble Supreme Court, in the case of Caltex (India), Ltd., 1956-57, 11 F.J.R., page 287, within the sole discretion of the employer and the Tribunal has no power to substitute another punishment before permission under section 33 of the Industrial Disputes Act can be granted. Accordingly, on merits, there is hardly any case for interference by this Tribunal in this

matter. In my opinion, this complaint should fail and be dismissed. This is my award.

ORDER

No. 5492I.R./D/11L-163/56.—24th December 1956.—Whereas under the Government of West Bengal, Labour Department, order No. 3980Dis./D/11L-163/56, dated the 6th September 1956, the industrial dispute between Messrs. Bhowanipore Motors, 2 Ashutosh Mukherjee Road, Calcutta-20, and their workmen, (1) Shri Anath Bandhu Chanda and (2) Shri Debendra Nath Dey, represented by the Motor Dealers Employees' Union, 18 Mirzapore Street (Top floor), Calcutta-12, regarding the matters specified in the schedule thereto was referred for adjudication to the Second Industrial Tribunal;

And whereas the said Second Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Bhowanipore Motors, 2 Ashutosh Mukherjee Road, Calcutta-20, and their workmen (1) Shri Anath Bandhu Chanda and (2) Shri Debendra Nath Dey, represented by the Motor Dealers Employees' Union, 18 Mirzapore Street (Top Floor), Calcutta-12.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. P. MUKHERJEE, *Judge, Second Industrial Tribunal.*

Appearances:

For the employees: Shri Arabinda Ghosal, Pleader.

For the Company: Shri Balaidas Paul, Pleader.

This reference made by the Government of West Bengal, Labour Department, under order No. 3980Dis./D/11L-163/56, dated 6th September 1956, relates to the termination of services of Shri Anath Bandhu Chanda and Shri Debendra Nath Dey by Messrs. Bhowanipore Motors, under whom they worked.

The Union, which took up the cause of the aforesaid 2 employees, wants to say in its written statement that the termination of their services was unjustified, illegal and *mala fide*. Accordingly, their reinstatement with full pay for the period of forced unemployment was claimed.

Messrs. Bhowanipore Motors (hereinafter to be called the Company) in its written statement contends that due to its loss in business, it had to terminate the services of those two employees.

The issue as mentioned in the schedule to the order of reference stands as follows:—

Whether the termination of services of Shri Anath Bandhu Chanda and Shri Debendra Nath Dey is justified. To what relief are they entitled?

AWARD

Admittedly, the services of these two employees were terminated by the Company with effect from 1st November 1954. The Union contends that the termination of their services illegal and *mala fide*. But it is the Company's case that they were discharged by way of retrenchment, inasmuch as the Company suffered loss in its business. The notices that were given to these two employees are Exts. 1 and 2. These notices are dated 30th October 1954, and it appears therefrom that due to reorganisation arising out of loss in the concern, the services of these two employees were no longer required. This necessarily leads the Tribunal to examine whether a case for retrenchment has been established. On this question, the onus would be on the Management, and if it fails, its case would end there. If, however, the Management is able to establish a case for retrenchment, it is to be seen whether the Management acted *bona fide*. If this question is answered in favour of the Management, the next question would be the personnel who would fall under the axe. Here the rule is that the last come must first go. If that rule has been departed from, the Management must justify the departure, and the last question for consideration would be the measure of compensation to be given to persons, whose retrenchment is upheld by the Tribunal. In assessing such compensation, length of service is a material factor. Bearing these principles in mind, let me now enter into the merits of the present case. On a consideration of the materials placed before the Tribunal, I am constrained to say that the Company has not succeeded in making out a case for retrenchment of these two employees, on the ground as alleged by it in the notices of discharge or in its written statement. The Company has contended that the discharge of these two employees was necessary for reorganisation due to loss in its business. But the reason given has not been substantiated by the Company by any evidence worth the name and credit. The Company has not produced its Account Books to show that it suffered loss in its business in the year 1954, when these two employees were discharged. The Company has produced 2 balance-sheets no doubt for the years 1951 and 1952, and they are Exts. C and D. But the balance-sheets produced do not show the up-to-date position of the Company. As these two employees were discharged from 1st November 1954, the balance-sheet of the year 1954, and not the balance-sheets of earlier years, as produced by the Company, was relevant for the purpose. But the fact remains that the Company did not produce the same. It appears from evidence no doubt that this Company on 13th June 1954 gave an advertisement in the "Statesman" for sale of this concern. But such advertisement by itself did not necessarily prove that the Company was running at a loss. There might be other reasons behind it. Admittedly, the Company did not sell its business as contemplated, and it has been still running. A letter, dated 10th October 1955, written to this Company by Howrah Motor Company Ltd. has been produced by the Company, and it is Ext. B. From this letter, it appears that as this Company was in great financial difficulties, the Howrah Motor Company Ltd. did not so long press much for their outstanding dues amounting to Rs. 32,308-12-3. This Company used to purchase motor parts from Howrah Motor Company Ltd. It

cannot be concluded that this Company was really in great financial difficulties at the relevant time, simply because the Howrah Motor Company Ltd. wrote so in its letter addressed to this Company. It might be that the aforesaid Howrah Motor Company Ltd. had to write so in view of the representation as made to them by the present concern. Howrah Motor Company, Ltd. was certainly not in a position to know or say anything with any amount of certitude about the financial position of the present Company. This concern was not admittedly a sister concern of the Howrah Motor Company Ltd. The oral evidence as furnished on behalf of the Company does not inspire any confidence, so as to lead to the conclusion that this concern suffered loss in its business at the relevant time, and that for such financial position, it had no other alternative but to discharge these two employees. In this connection, I may observe that from balance-sheets for the years 1951 and 1952 that have been produced on behalf of the Company, it appears that this concern had earned profits in those years. Therefore, in the absence of any direct evidence to the contrary from the side of the Company, it can be reasonably inferred that in the succeeding years also this concern earned similar profits in its business. So, on a careful consideration of the matter, I do not think that the Company has made out a case justifying the termination of services of these two employees, on the ground as alleged by it in its written statement or in the discharge notices, which were served on them. It is accordingly decided that the termination of services of these two employees was unjustified and *mala fide*. The evidence on record points to the clear direction that the Company did not act *bona fide* in this respect.

In the circumstances, the normal relief would have been reinstatement of these two employees. But the question of reinstatement does not arise in this case, in view of what has been deposed to by these two employees before the Tribunal. Both Shri Anath Bandhu Chanda and Shri Debendra Nath Dey have stated on oath that they do not claim reinstatement, but want compensation according to law. Hence, the question that arises for consideration is what compensation they are entitled to get. The law in this respect is now clear, and it is embodied in section 25F of the Industrial Disputes Act, 1947. An argument has been made by the learned lawyer for the Company that the present concern is to be treated as a shop, and it is to be governed by the provisions of the Bengal Shops and Establishments Act, 1940. But I may point out that the said Act is not applicable to this concern, and it will be evident so from clause (n) of sub-section (1) of section 5 of the said Act. The Bengal Shops and Establishments Act, 1940, does not apply to shops dealing in petroleum products or spare parts for motor vehicles. We have got it from the evidence that this concern, though it is a shop, sells motor parts, and deals with such parts and accessories. It has also transpired from the evidence that this concern purchases motor parts from Howrah Motor Company Ltd. In my estimation, these two employees shall get compensation as provided in section 25F of the Industrial Disputes Act. It is urged on behalf of the Company that as this concern was running at a loss, no retrenchment benefit as contemplated in section 25F of the Act, should be granted. Prior to the amendment of 1953, some discretion was left with the Tribunals, but now section 25F is mandatory, and each workman must get such compensation as provided therein. The Tribunal is to administer the law as it finds it, and not as it would like it to be, even when a genuine case of hardship arises. I am satisfied from the evidence that these two employees were not given one month's notice as required under the law. So, they are entitled to get one month's pay in lieu of notice. There is no dispute or controversy between the parties regarding the length of service of these two employees, or their pay and dearness allowance at the time of discharge. It appears from the evidence

that Shri Anath Bandhu Chanda joined this Company in April 1945 and was discharged on 1st November 1954, while Shri Debendra Nath Dey joined this Company on 1st November 1945 and was discharged on 1st November 1954. Shri Anath Bandhu Chanda used to get Rs. 60 as basic pay and Rs. 45 as dearness allowance per month while he was discharged, and Shri Debendra Nath Dey used to get Rs. 30 as basic pay and Rs. 30 as dearness allowance at the time of his discharge. Accordingly, it is decided that these two employees shall get one month's pay in lieu of notice, and compensation at the rate of 15 days' average pay for every completed year of service or any part thereof in excess of 6 months. It is the case of the Union that these two employees did not get their pay and dearness allowance for the month of October 1954. The Company did not and could not produce anything to show that such pay and dearness allowance were paid to these employees for the month of October 1954. Hence, these two employees are entitled to get their pay and dearness allowance from this Company for the month of October 1954. There is nothing to show on the side of the Union that these two employees had any leave due to their credit, or that they were entitled to get any wages for any leave not availed of. Accordingly, the claim of these two employees in this respect is turned down. In this connection, I may observe that no such claim has been put forward in the written statement of the Union. There is also no reliable and sufficient material before the Tribunal to come to a decision that these ewo employees are entitled to get anything from the Company on account of insurance premium. So, this claim too cannot be entertained. Shri Anath Bandhu Chanda has deposed that he had to deposit a sum of Rs. 55 as security deposit at the time of his appointment as cashier in this concern. Accordingly, he has claimed refund of that amount. He could not produce any receipt for such security. Be that as it may, the Company should refund the said amount of security, if it was really deposited with them by Shri Anath Bandhu Chanda.

To be precise, it is awarded that these two employees shall get—

(i) One month's pay in lieu of notice.

(ii) Compensation at the rate of 15 days' average pay for every completed year of service or any part thereof in excess of six months.

(iii) Pay and dearness allowance for the month of October 1954.

Payments as directed above be made to the employees concerned within one month from the date when this award becomes enforceable.

This is my award.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. P. MUKHERJEE, *Judge, Second Industrial Tribunal.*

Appearances.

For the employees: Shri Ram Sen assisted by Shri Probat Mitra, President of the Union.

For the Company: Shri Biswanath Ash, Advocate.

The Government of West Bengal, Labour Department, by its order No. 3714Dis./D/11L-191/56, dated 22nd August 1956, referred the above dispute to this Tribunal for adjudication.

The only issue contained in the schedule to the Order of Reference is as follows:—

What should be the quantum of bonus for 1953-54 and 1954-55?

AWARD

The present dispute concerns only the workers employed in the factory of the Company, and not the staff. It is the contention of the Union that this Company is highly prosperous and has been earning much profits. For a considerable long period, the workers of the factory were getting bonus equivalent to one month's basic wage, and the payment of such bonus was never dependent upon profit and loss, and it was a condition of service. Up to 1952, the Company paid bonus as usual, but a dispute arose with regard to quantum of bonus for the years 1953-54 and 1954-55. The Company offered for these two years bonus at the rate of half month's basic wage, which the workers were not willing to accept. The workers demanded bonus equivalent to one month's basic wage for the years in question, as was paid

in previous years. So, the matter was ultimately referred to the Tribunal for adjudication.

The Company contends that it is neither a prosperous concern, nor has it been making much profit. In fact, it has been running at a loss for the last few years. Bonus in this Company was never granted on the basis of its being a condition of service. It has been at the sole discretion of the Company, and it has always been dependent on profits. Bonus for the year 1953-54 at half month's basic wage was granted to the workers concerned, and they accepted the same without any demur. So, as regards the year 1953-54, there is no subsisting dispute as to the quantum of bonus. For the year 1954-55, the Company offered also bonus equivalent to 15 days' basic wage to the workers in spite of its loss in business, as a gesture of good will, but it was not accepted by them. The Company is still willing to pay bonus for the year 1954-55 at that rate. It pleads its inability, in view of its loss in business during the years in question, to pay bonus exceeding half month's basic wage.

Regarding bonus as a condition of service, the onus was on the Union. But, I must say that the Union has not succeeded in establishing by any satisfactory and convincing evidence as to how long the Company has been granting bonus, and in how many years it had granted bonus in the face of loss in its business. The materials, which could have been placed by the Union in this respect, have not been produced. Only a worker on the side of the Union has been examined. He has no doubt stated that the workers had been getting bonus of one month's pay from this Company for the last 12/14 years. But the Tribunal cannot hold, simply relying on such *ipse dixit* of the worker, that bonus equivalent to one month's basic wage was a condition of service of the workers of this concern. Learned spokesman appearing on behalf of the Union has argued that the Company paid bonus equivalent to one month's basic wage to its workers for good many years, and as such the claim in this respect might be regarded as "customary bonus". But it must be remembered that a custom in order to ripen into right must be reasonable and immemorial, or at least the practice must have existed for a reasonably long time. But I am constrained to say that in the instant case, those elements are wanting. It has not been proved by any evidence worth the name and credit that bonus equivalent to one month's basic wage has been actually paid to the workers of this concern for a number of years, irrespective of profit or loss. The present Company purchased the interest of the previous Company in February 1951. There is nothing tangible to prove that the previous Company paid one month's basic wage as bonus to all workers, and that it paid so for good many years. O. P. W. 1 Shri J. K. Kanoria, one of the Directors of the present Company, who was examined on behalf of the Company, has stated on oath that he is not aware if the workers used to get one month's basic wage as bonus from their predecessor-in-interest. Furthermore, there is no evidence that this Company, at the time of its purchase, took all the rights and liabilities of its predecessor-in-interest. It appears no doubt from evidence that this Company, after its purchase, paid bonus equivalent to one month's basic wage to its workers for the years ending July 1951 and 1952. But in my view, these two instances of payment of bonus equivalent to one month's basic wage to the workers are not sufficient enough to constitute "customary bonus". It may be stated in this connection that this Company paid bonus at that rate in those two years, only because it earned sufficient profits. Balance-sheets for the years 1950-51 and 1951-52 have also been produced by the Company. They are Exts. E(3) and E(4). The said balance-sheets do show that in the year 1950-51, the Company earned profit to the extent of Rs. 44,409-3-6, and Rs. 84,781-15-6 in the year 1951-52. So, it can be reasonably said that

the Company granted one month's basic wage as bonus for those two years, because there were substantial profits. This fact does not and cannot establish, at any rate, that this Company was bound to give bonus at that rate to its workers in the succeeding years also, even if it had sustained loss in business. Therefore, my conclusion is that the bonus question before me is not a condition of service, nor a customary bonus. It is a profit bonus, as we call it. The question of such bonus arises only when the industry has earned some profits, for the payment of bonus is to be made out of profits. So, the question of bonus cannot arise, until and unless there have been substantial profits leaving a sufficient margin after meeting prior charges. If there is loss, no Tribunal can grant any bonus. It has been held by the Hon'ble Supreme Court of India in the case between Muir Mills Ltd. and Suti Mill Mazdoor Union reported in 1955 L.L.J.(1), page 1 that "the quantum of bonus must depend upon the relative prosperity of the concern during the year under review, and that prosperity is best reflected in the amount of residuary surplus of profits". The Hon'ble Court further held in the abovementioned case that "there are however two conditions, which have to be satisfied before a demand for bonus can be justified and that they are (i) when wages fall short of the living standard and (ii) the industry makes huge profits, the part of which are due to the contribution which the workmen make in increasing production." If in any particular year, the working of the industrial concern has resulted in loss, there is no basis nor justification for a demand for bonus. No endeavour has been made on behalf of the Union to establish that the existing wages of the workers fall short of the living standard. Now the question is, whether this concern has made profits in the years in question. I find from the balance-sheets of the Company of several years that their financial year is from 1st August to 31st July. The claim for bonus in the instant case is for the years 1953-54 and 1954-55. The Company has also produced balance-sheets for the years ending 31st July 1954 and 1955, and they are Exts. E(1) and E(2). The balance-sheets must be presumed to be correct, unless the contrary is shown by definite evidence. No attempt has been made by the Union to show that any particular entry in the balance-sheets is inaccurate. No comment could also be made regarding any of the entries made therein. It appears from the said balance-sheets that in the year 1953-54, this Company suffered loss in its business to the tune of Rs. 12,267-8-5, while in the year 1954-55 it suffered loss to the extent of Rs. 5,194-4-9. It may be stated in this connection that this Company in spite of such loss, granted half month's basic wage as bonus to its workers. The Company in the face of such loss in its business, could have totally refused to pay any bonus. But in order to maintain cordial relation with its workers, the Company was generous enough to grant bonus equivalent to 15 days' basic wage, though it had no surplus profit. The workers accepted the payment of such bonus for the year 1953-54, though they have not accepted such bonus for the year 1954-55. It was argued by the learned spokesman for the Union that as the workers accepted the payment of bonus as given by the Company for the year 1953-54 under protest, they were not precluded thereby from claiming bonus at the rate of one month's basic wage, which was paid to them in previous years. This argument after all is not without substance. But the important question to be considered is whether the present Company in view of loss suffered by it in its business for the years ending 31st July, 1954 and 1955, can afford to pay bonus to its workers at the rate of one month's basic wage. On a consideration of the matter, it is decided that the Company in view of its trading reduction for the years in question cannot afford to pay bonus at the rate as demanded by the workers. Therefore, the demand of the workers for bonus equivalent to one month's basic wage for the years in question, cannot be entertained. As bonus can now be paid only out of available surplus, and as there is

no such surplus in this Company for the years in question, the workers cannot legitimately claim any bonus at all. Yet the Company was good enough to pay its workers bonus at the rate of 15 days' basic wage for the years in question, despite its bad trading results. The workers concerned should have remained content with what was already paid to them as bonus for the year 1953-54, and what was offered to them in this respect for the year 1954-55. Having regard to all the facts and circumstances, the Tribunal comes to the conclusion that for the year 1953-54, the workers are not entitled to get anything beyond what has already been paid to them as bonus. Regarding the year 1954-55, the Company offered to pay bonus equivalent to 15 days' basic wage to its workers, but the workers have not accepted the same. The Company has not withdrawn that offer as yet. It is sufficiently clear that this offer is still open to the workers. So, it is decided that for the year 1954-55, the workers shall get bonus at the rate as offered by the Company, that is 15 days' basic wage. Such payment of bonus be made to the workers within 10 days from the date of operation of this award. This issue is decided accordingly.

This is my award.

Miscellaneous Case No. 12 of 1956 under section 33A of the Industrial Disputes Act.

Present for the Company: Shri K. K. Guha.

AWARD

This is a complaint under section 33A of the Industrial Disputes Act by Shri Ramdeo Garariya and Shri Malik Ahir. They were employed as coolies by opposite party Dukharan Singh in his lorry. The petitioners alleged that they were given two months' annual leave to enable them to go to their native places, and after return from home when they went to resume duty —Ramdeo Garariya on 13th December 1955 and Malik Ahir on 15th November 1955—they were asked to given written declaration withdrawing their membership from the Hindusthan Drivers' Union and when they refused to do so, they were discharged with immediate effect without giving any charge-sheet, and without permission from the Tribunal during the pendency of adjudication proceeding in respect of an industrial dispute between the opposite party and their workmen. Hence the complaint.

The opposite party denied having discharged the workmen and pleaded that they had themselves left long before the date of reference. It was said that the workmen were employed purely on casual and temporary basis and there was no system of grant of leave in the concern. Workman Ramdeo Garariya, it was alleged, worked up to 30th June 1955, while Malik Ahir up to 12th July 1955. The opposite party accordingly submitted that the complaint was not maintainable.

Decision

The opposite party Dukharan Singh carries on business as a transport contractor. He owns lorries and also sometimes hires lorries for the purpose. The petitioners were admittedly employed as coolies in his lorries. It is the definite case of the opposite party that all the coolies and drivers as employed in his lorries were all employed on casual and temporary basis and none on permanent basis. It was further said that there was no system of grant of leave and that when workers used to go home, they used to take up all their

dues and leave their job without any lien, and on return if vacancies existed or occurred, they used to be given fresh employment. In support of this case the opposite party's Manager O.P.W. 1 Shri Subodh Kumar Ghosh deposed. The attendance register relating to Ramdeo Garariya (Ext. A) shows that he left the job after serving up to 30th June 1955; likewise the attendance register (Ext. A1) shows that Malik Ahir worked up to 12th July 1955. In the petition of complaint, petitioners did not state the dates on which they left for home on leave. There is also nothing satisfactory to show that there was the system of grant of leave in the concern and that these workmen, as a matter of fact, got two months' annual leave. It, however, appears from the previous charter of demand that the workmen were agitating for grant of leave. So, the evidence of the Manager that there was no system of grant of leave is more probable and natural, which I accept as correct. There is also none to corroborate petitioners' version that they were refused employment on 13th December 1955 and 15th November 1955. The alleged refusal by itself would not attract section 33 unless the petitioners could prove that they had right of re-employment. The evidence and circumstances, on the contrary, support the opposite party's case that the coolies like the petitioners were employed purely on casual and temporary basis who had no right to re-employment on return from home. In the circumstances, I agree that the complaint under section 33A is not maintainable and must accordingly fail.

It is awarded accordingly.

Present for the Company: Shri K. K. Guha.

AWARD

This is a complaint under section 33A of the Industrial Disputes Act by Shri Salek Singh, Shri Sripal Ahir and Shri Sanai Ahir. They were admittedly employed as coolies in the lorries of the opposite party. They alleged that they were members of the Hindusthan Drivers' Union and that they were dismissed on 2nd February 1956 with immediate effect during the pendency of an adjudication proceeding in respect of an industrial dispute between the opposite party and their workmen as they refused to sign a no-dispute declaration in relation to non-payment of salaries of which they had previously made complaint to the Tribunal.

The opposite party denied having dismissed them on 2nd February 1956 and pleaded that they themselves left employment under the opposite party after working till 30th June 1955 long before the date of reference on 29th September 1954. The opposite party also denied having asked the petitioners to sign a declaration as alleged by them. The opposite party accordingly submitted that the complaint under section 33A was not maintainable.

Decision

The opposite party pleaded that none of the three petitioners had served continuously as claimed by them, but served from time to time. In their evidence before the Tribunal, the petitioners in a way admitted the said version. They admitted in cross-examination that they went home at different times in course of their employment under the opposite party. Their claim in the evidence that they did so on taking leave is not reliable. The positive evidence of the opposite party's Manager D.W. 1 Shri Subodh Kumar Ghosh, on the contrary, shows that the coolies used to be employed purely on casual and temporary basis and not on permanent basis and that there was no system of grant of leave in their concern. It is, therefore, obvious that when the workmen had gone home, they had so done without

any lien to further appointment. The evidence of the Manager shows that all the three petitioners served till 30th June 1955 for the last time when they took their full dues and left. The attendance register relating to these petitioners (Exts. A, A1 and A2) also reveals so. Exhibit B shows that Salek Singh received his dues till then. Exhibit B1 likewise shows Ram Sanai Ahir took his dues till then by putting his thumb-impression on the register. Sripal Ahir also did so. In the circumstances their case, that they were asked on 2nd February 1956 to sign a no-dispute declaration and on their refusal they were dismissed with immediate effect, is unreliable. As they had themselves left, after work till 30th June 1955, long before the date of reference, it is obvious that the complaint under section 33A is not maintainable and must fail.

It is awarded accordingly.

AWARD

This is a complaint under section 33A of the Industrial Disputes Act by Shri Ram Naresh Singh and Shri Sukhram Saha. The petitioners were admittedly employed by opposite party as drivers in his lorries. The Government referred certain disputes between the opposite party and their workmen by order, dated 23rd April 1956, for adjudication to this Tribunal. The petitioners alleged that they were the members of the Union which was conducting the case on behalf of the workmen before this Tribunal. It was said that during the pendency of the said dispute before the Conciliation Officer the opposite party with a view to terrorise the workmen dismissed the active members of the Union including petitioner Ram Naresh Singh but ultimately Ram Naresh Singh was reinstated at the intervention of the Conciliation Officer. Thereafter the salaries of the petitioners as also of other fellow workers for the months of November and December 1955 were withheld by the opposite party for which an application under section 33A was filed before the Tribunal. The opposite party after getting summons relating to the said application became furious and asked petitioner Ram Naresh Singh to depose in favour of the Company before this Tribunal and to withdraw his membership from the Union. As Ram Naresh Singh declined to do so, he was summarily dismissed with effect from 26th May 1956 without any charge-sheet and without permission from the Tribunal although the adjudication proceedings under the reference, dated 23rd April 1956, were then pending. Likewise the other petitioner Shri Sukharam Saha was asked by the opposite party to resign from the membership of the Union and to depose in favour of the opposite party before this Tribunal. He declined to do so, and was dismissed with effect from 21st May 1956. Hence the complaint.

The opposite party contended that the application under section 33A was not maintainable inasmuch as the petitioners has not been the employees of the opposite party during the pendency of the proceedings before the Tribunal under reference, dated 23rd April 1956. It was pleaded that the petitioners had served on temporary basis and had left long before the date of reference—petitioner Ram Naresh Singh on 6th July 1955 and petitioner

Shri Sukharam Saha on 3rd August 1955. The opposite party thus submitted that there was no contravention of section 33 and that the complaint must, therefore, fail.

Decision

The adjudication proceedings in connection with which the complaint under section 33A has been filed, were on the basis of the reference, dated 23rd April 1956. The opposite party issued charge-sheet to petitioner Ram Naresh Singh alleging that he abandoned the lorry No. W.B.L.9690, while it was in his custody as a driver on the roadside in front of the garage without intimation on 6th July 1955 and that he did not even hand over the tarpaulin and other goods in his custody to the Store-keeper. The charge-sheet was issued through registered post (Ext. C1). It came back unserved with the remark "the addressee not known". The opposite party reissued the charge-sheet which also came back unserved with the same remark (Ext. C). Then another letter was issued to Ram Naresh Singh dismissing him from service (Ext. B). Ram Naresh Singh admittedly received the said letter from Jamadar Singh of Congress Bhawan. On 23rd July 1955 Ram Naresh Singh admittedly received salary for the month of June 1955 (Ext. A1) and for six days of July 1955 (Ext. A) by making signed endorsements on the back of those vouchers in full and final settlement of his claim. All this would show that his employment was terminated from 7th July 1955. The said termination whether good or bad cannot obviously be the subject of complaint under section 33A, this having taken place long before the date of the reference, dated 23rd April 1956. Ram Namesh Singh also understood it, as he alleged, that he was subsequently reinstated under Dukharan Singh at the intervention of the Conciliation Officer. In his evidence Ram Naresh Singh had, however, to admit that on reinstatement he was driving lorry No. WBL 4634 standing in the name of Kamala Singh. As the lorry stood in the name of Kamala Singh and not in the name of Dukharan Singh, the presumption would be that a man in whose name the lorry stood, was the real owner. So, it is Ram Naresh Singh who has to prove that Kamala Singh was not the owner but Dukharan Singh. There is, however, no evidence to support this. In the circumstances, his case and evidence that he was subsequently employed by Dukharan Singh and was dismissed on 25th June 1956 during the pendency of the adjudication proceedings under the reference, dated 23rd April 1956, cannot be accepted as true. In this view of the matter I find that his complaint under section 33A is without foundation.

Regarding Sukharam Saha, it was alleged that he was dismissed on 29th May 1956 when his salary for 25 days was in arrears. The evidence of opposite party's Manager O.P.W. 1 Shri Subodh Kumar Ghosh shows that there was no system of grant of leave in their concern and Sukharam Saha went home on 3rd August 1955. Exhibit D shows that Sukharam Saha received his pay for three days of August 1955 by signing on the pay register. Sukharam Saha admitted in cross-examination that he used to go home from time to time. There is nothing to show that he had lien to further appointment. As the evidence reveals that he left on 3rd August 1955, it is obvious that section 33 was not attracted. So, to be precise, I find that the complaint under section 33A is not maintainable and must fail.

I award accordingly.

SHRI J. N. MAITRA, *Judge, Third Industrial Tribunal*

Miscellaneous case No. 11 of 1956 under section 33A of the Industrial Disputes Act

Shri Ramlal Garariya, Shri Rajdeo Ahir, Shri Feru Ahir and Shri Monnu Jogi, C/o. Shri N. J. Burman, 59B Chowringhee Road, Calcutta-20 ... *Petitioners,*

versus

Messrs. Dukharan Singh, 1A Madhab Das Lane, Calcutta *Opposite party.*

Present for the workmen: Shri F. U. K. Sahil and Shri N. J. Burman.

Present for the Company: Shri K. K. Guha.

AWARD

This is a complaint under section 33A of the Industrial Disputes Act filed on 13th January 1956 by Shri Ram Lal Garariya, Shri Rajdeo Ahir, Shri Feru Ahir and Shri Monnu Jogi. The first three petitioners were employed as coolies and the fourth petitioner as driver in the lorries of the opposite party. The petitioners alleged that they were members of the Hindusthan Drivers' Union which raised the dispute under the reference

dated 29th September 1956; that during the pendency of the adjudication proceedings in respect of the said dispute between the opposite party and their workmen, the management directed the petitioners to withdraw their membership from the said Union and as they declined to do so, their salaries were stopped and they were dismissed without any charge-sheet or enquiry and without permission from the Tribunal. Hence the complaint.

The opposite party denied having asked the petitioners to withdraw their membership from the Union or having dismissed the workmen during the pendency of the adjudication proceedings. It was pleaded that all the petitioners except P.W. 3 Feru Ahir left employment of the opposite party before the date of reference, petitioner Ram Lal Garariya after service till 31st May 1955, petitioner Rajdeo Ahir after service till 31st August 1955 and petitioner Monnu Jogi or Meah after service from 1st April to 13th June 1955. Regarding petitioner Feru Ahir, it was said that there was no employee of that name in his employ but one Ram Fer Ahir who had served till 31st December 1955 and who absented from 1st January 1956 without any intimation and permission. All the petitioners excepting Ram Fer Ahir were paid their dues in full up to the time they served the opposite party. Ram Fer Ahir having absented without any intimation or permission, could not be paid his salary for 28 days as his whereabouts were not known to the opposite party. It was further pleaded that coolies and the drivers were none employed on permanent basis but on casual and temporary basis; that there was no system of grant of leave in the concern and that these employees used to go to their native places after work for some time and when they used to go away they adjusted their accounts and took away whatever dues might be due to them and when they left, they did so, without any lien for further appointment. In the circumstances, the opposite party submitted that the complaint under section 33A was not maintainable.

Decision

The evidence of the opposite party's Manager O.P.W. 1 Shri Subodh Kumar Ghosh shows that the drivers and coolies were all employed on temporary and casual basis and none on permanent basis, that there was no system of grant of leave and that when they were going home or fell ill, they used to take their dues and leave without any lien to further employment and on return if vacancy existed or occurred, they used to be given employment. Regarding Ramlal Garariya, he (O.P.W. 1) said that Ram Lal Garariya served as cooly till 31st May 1955 and received his dues in full. The attendance register (Ext. A) also reveals that Ram Lal Garariya served up to 31st May 1955. In his evidence P.W. 1 Ram Lal Garariya in his unguarded moment stated that he served under the opposite party till 12th Sraban of the last year, i.e., long before the date of reference. Subsequently he retracted it and said that he was dismissed on 12th October 1955 apparently to bring his case to a date subsequent to the date of reference. In the petition of complaint no date of dismissal was given. There is also none to corroborate that Shri Ram Lal Garariya served beyond 31st May 1955. In the circumstances his version cannot be accepted to be true. I rather believe the version of the opposite party. It is accordingly found that the complaint under section 33A by Ramlal Garariya is without foundation.

Petitioner Rajdeo Ahir did not also disclose the date of dismissal in the petition of complaint. In his deposition before the Tribunal he stated that he was dismissed on 5th January 1955. In cross-examination he said that he was dismissed in the month of January 1955. So, his dismissal took place long before the date of reference. The evidence of the Manager O.P.W. 1 Shri Subodh Kumar Ghosh shows that Rajdeo Ahir served in

their concern till 31st August 1955. The attendance register (Ext. A1) also supports this. In the circumstances, his complaint under section 33A is also without foundation.

Petitioner Feru Ahir did not also disclose in the petition of complaint on what date he was dismissed. In his evidence he said that he was dismissed on 3rd January 1956. There is, however, none to corroborate him. The evidence on the side of the opposite party, on the other hand, shows that there was no worker of that name in the employ of the opposite party but one Ram Fer Ahir and that the said Ram Fer Ahir himself ceased to work from 1st January 1956. That he himself ceased to attend is more probable and natural as his salary for the months of November and December 1955, according to his own showing, was in arrear. To invoke section 33A, there must be contravention of section 33 by the employer. In the present case as the petitioner himself ceased to attend from 1st January 1956, there has been no contravention of section 33. His complaint under section 33A too is also without foundation.

Petitioner Monnu Jogi or Mea was admittedly a driver. He too did not disclose in the petition of complaint on what date his employment was terminated. In his deposition before this Tribunal he stated that his employment was terminated on 6th October 1955 but there is none to support him. The evidence on the side of the opposite party, on the other hand, shows that he was temporarily employed for about 2 months 13 days from 1st April to 13th June 1955 and received his dues in full by making a signed endorsement on the back of the voucher (Ext. B1). As his employment was terminated long before the date of reference, his complaint too under section 33A is without foundation.

It is awarded accordingly.

And whereas the said Sixth Industrial Tribunal has submitted to the State Government its award on the said questions;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the award on the said questions as shown in the annexure hereto.

ANNEXURE

Serial No. 24, dated 5th December 1956.

Purporting to act under rule 20A of the Bengal Disputes Rules, 1947, the State Government by order No. 3997Dis./D/11L-155/55, dated Calcutta, the 7th September, 1956, formulated a series of questions supposed to be concerned with the interpretation of the award made by Shrijut S. K. Niyogi and published in the *Calcutta Gazette*, dated the 21st November 1953, as modified by the Labour Appellate Tribunal on the 3rd of August 1955. This Tribunal is required to answer the question on the assumption that by so doing the Tribunal will perform the duty of interpreting the award. After going through the Tribunal award and the decision of the Labour Appellate Tribunal and hearing the parties I have come to the conclusion that the scope of 20A has not been correctly appreciated.

According to the concise Oxford Dictionary "to interpret" is to expound the meaning (abstruse words, writings, etc.); make out the meaning of; bring out the meaning of, render, by artistic representation or performance; explain, understand, in specified manner. By his award Shrijut S. K. Niyogi framed pay scales and grades for the staff. Directions were given as to the procedure to be followed in giving effect to the revised pay scales. The controversy that has now arisen relates to the point whether the award has been implemented by the company. According to the company, the rates of pay as determined by the Tribunal have been brought into operation and all other directions have been complied with. According to the Union representative the award has not been implemented and the company is perversely refusing to grant the reliefs available to the staff. The Union representative in course of his submissions had to admit that the award is perfectly clear. There is no ambiguity or obscurity in any part thereof. The bone of contention is whether in giving practical effect to the award the company has faithfully adhered to it or made any departure. This is not a question of interpretation of the award. When the award is obscure or ambiguous or there is something which is not intelligible on superficial reading the Tribunal may be called upon to work out an interpretation. Whether any individual employee is entitled to increment or to which stage in the scale a particular employee should be fitted is not a matter of interpretation but of practical application of the directions of the award to individual cases. My

considered opinion therefore is that this reference is misconceived. The questions formulated do not raise any question in regard to the interpretation of the award. If the company has violated any provision of the award or failed to give effect to any part thereof the persons concerned have remedies which they may pursue. The course the employees have chosen does not lead anywhere, as, in the opinion of this Tribunal, no question has arisen as to the interpretation of the award.

S. SENGUPTA,
Judge, Sixth Industrial Tribunal.

By order of the Governor,
S. K. BANNERJI, Jt. Secy.

General Safety Precautions

29. **Construction, installation, protection, operation and maintenance of electric supply lines and apparatus.**—All electric supply lines and apparatus shall be sufficient in power and size and of sufficient mechanical strength for the work they may be required to do, so far as is practicable, shall be constructed, installed, protected, worked and maintained in accordance with the standards of the Indian Standards Institution so as to prevent danger.

30. **Service lines and apparatus on consumer's premises.**—(1) The supplier shall ensure that all electric supply lines, wires, fittings, and apparatus belonging to him or under his control which are on a consumer's premises are in a safe condition and in all respects fit for supplying energy, and the supplier shall take due precautions to avoid danger arising on such premises from such supply lines, wires, fittings and apparatus.

(2) Service-lines placed by the supplier on the premises of a consumer which are underground or which are accessible shall be so insulated and protected by the supplier as to be secure under all ordinary conditions against electrical, mechanical, chemical or other injury to the insulation.

(3) The consumer shall, as far as circumstances permit, take precautions for the safe custody of the equipment on his premises belonging to the supplier.

(4) The consumer shall also ensure that the installation under his control is maintained in a safe condition.

31. **Cut-out on consumer's premises.**—(1) The supplier shall provide a suitable cut-out in each conductor of every service-line other than an earthed or earthed neutral conductor or the earthed external conductor of a concentric cable within a consumer's premises, in an accessible position. Such cut-out shall be contained within an adequately enclosed fire-proof receptacle.

Where more than one consumer is supplied through a common service-line, each such consumer shall be provided with an independent cut-out at the point of junction to the common service.

(2) The owner of every electric supply line, other than the earthed or earthed neutral conductor of any system or the earthed external conductor of a concentric cable, shall protect it by a suitable cut-out.

The supplier shall maintain a record of test results obtained at each supply point to a consumer, in a form to be approved by the Inspector.

(2) If as a result of such inspection and test, the supplier is satisfied that the installation is likely to constitute danger, he shall serve on the applicant a notice in writing requiring him to make such modifications as are necessary to render the installation safe. The supplier may refuse to connect or reconnect the supply until the required modifications have been completed and he has been notified by the applicant.

48. **Precautions against leakage before connection.**—(1) The supplier shall not connect with his works the installation or apparatus on the premises of any applicant for supply unless he is reasonably satisfied that the connection will not, at the time of making the connection, cause a leakage from that installation or apparatus exceeding one five thousandth part of the maximum current supplied to the applicant's premises.

(2) If the supplier declines to make a connection under the provisions of sub-rule (1), he shall serve upon the applicant a notice in writing stating his reason for so declining.

49. **Leakage on consumer's premises.**—(1) If the Inspector or the supplier has reason to believe that there is in the system of a consumer leakage which is likely to affect injuriously the use of energy by the supplier or by other persons, or which is likely to cause danger, he may give the consumer reasonable notice in writing that he desires to inspect and test the consumer's installation.

(2) If, on such notice being given—

(a) the consumer does not give all reasonable facilities for inspection and testing of his installation, or

(b) a leakage exceeding one five-thousandth part or the maximum current supplied to the consumer's installation is shown to exist,

the supplier may, and if directed so to do by the Inspector, shall, discontinue the supply of energy to the installation but only after giving to the consumer forty-eight hours' notice in writing of disconnection of supply and shall not recommence the supply until he or the Inspector is satisfied that the cause of the leakage has been removed.

(2) Where an application has been made to a supplier for supply of energy to any installation, he shall not commence, or where the supply has been discontinued, recommence the supply unless he is satisfied that the consumer has complied in all respects with the conditions of supply set out in sub-rule (1) of this rule, rules 50 and 64.

(3) Where a supplier proposes to supply or use energy at medium voltage or to recommence supply after it has been discontinued for a period of six months, he shall, before, connecting or reconnecting the supply, give notice in writing of such intention to the Inspector.

(4) If at any time after connecting the supply the supplier is satisfied that any provision of sub-rule (1) of this rule, or of rules 50 and 64 is not being observed, he shall give notice of the same in writing to the consumer and the Inspector specifying how the provision has not been observed, and may discontinue the supply if the Inspector so directs.

52. **Appeal to Inspector in regard to defects.**—(1) If any applicant for a supply or a consumer is dissatisfied with the action of the supplier in declining to commence, to continue or to recommence the supply of energy to his premises on the grounds that the installation is defective or is likely

to constitute danger, he may appeal to the Inspector to test the installation and the supplier shall not, if the Inspector or, under his orders, any other officer appointed to assist the Inspector, is satisfied that the installation is free from the defect or danger complained of, be entitled to refuse supply to the consumer on the grounds aforesaid, and shall, within twenty-four hours after the receipt of such intimation from the Inspector, commence, continue or recommence the supply of energy.

(2) Any test for which application has been made under the provision of sub-rule (1) shall be carried out within seven days after the receipt of such application.

ANNEXURE VI

(*See* Rule 27)

Name of undertaking————————

MODEL FORM OF DRAFT CONDITIONS OF SUPPLY

1. *General*:

(a) "The Act" means the Indian Electricity Act, 1910, as in force from time to time.

(b) "Licensee" means.

.....

(c) "Consumer" means any person who is supplied with energy by the licensee or whose premises are for the time being connected for the purposes of supply of energy with the works of the licensee.

(d) "Date of presentation" means the second day after the date of any bill rendered by the licensee.

2. *Application and agreement for supply.*—(a) Application and agreement for supply of electrical energy shall be made in the form attached hereto (Appendix 'A') obtainable free of cost at the local office of the licensee. The application shall be signed by the owner or occupier of the premises for which supply is required. Any assistance and information required for filling up the form will be given to the applicant at the local office of the licensee.

(b) If the supply is required for motors the applicant shall state the purpose for which the motors are required.

3. *Notice before connection.*—The intending consumer must give at least one month's notice before the supply is required.

4. *Notice for fixing the position of service, meter, etc.*—Upon receipt of the requisition for supply, seven clear days' notice shall be sent by the licensee to the applicant for supply or to the contractor acting on his behalf, for his representative to meet the engineer of the licensee for the purpose of inspecting the premises and fixing the point of entry of supply mains and the position of the mains, cut-outs or circuit-breakers and meters. The licensee will in no case, fix meters and main cut-outs, nor allow the same to remain in any position which entails entry of its employees into purdah or religious quarters.

5. *Quotations, etc. for laying service lines.*—(a) The position for the service having been agreed upon as provided for in condition No. 4 above, the licensee shall thereafter submit to the applicant a quotation of the estimate of the cost of carrying out the work. The quotation having been accepted, the applicant shall be required to deposit the amount of the estimate with the licensee before the service is laid. The deposit having been duly paid, orders shall be issued for the work to be put in hand and the amount so deposited shall be subsequently adjusted, if necessary, on compilation of the figures of the actual cost of the service line. Other conditions being equal, service lines shall as far as possible be laid in the order of the dates of receipt of the deposit money.

NOTE.—The service line, notwithstanding that a portion of the cost has been paid for by the consumer, shall remain the property of the licensee by whom it is to be maintained.

(b) If a consumer desires to have the position of the existing service line altered, the licensee shall carry out the work & charge the consumer the cost of the additional material used and the labour employed plus 15 per cent. of the latter as supervision charges.

(c) Service lines for temporary illumination shall be laid by the licensee where possible and the cost incurred in laying and removing such service lines as determined in the manner laid down in clause (b) above shall be paid by the consumer.

(d) Where any difference or dispute arises as to the cost or fixing of the position of service lines, the matter shall be referred to the Electric inspector for.....and shall be decided by him.

(e) A consumer requiring high voltage supply must provide and maintain at his expense a locked and weather proof enclosure of agreed design, for the purposes of housing the licensee's metering equipment. Such an enclosure may be used by the consumer for his own similar metering equipment but for no other purposes.

6. *Service Lines.*—The licensee shall lay free of charge 100 feet of service line from his nearest distribution main outside the limits of the property in respect or which the requisition is made. Any length in excess of 100 feet, as defined above and the whole of the service line within the limits of the property in respect of which the application is made shall be paid for by the applicant. The cost mentioned above, however, shall be exclusive of the proportionate cost of the first pole and fittings beyond 100 feet aforesaid. The proportionate cost of such poles and fittings shall be in the same ration as 100 feet is to the length of the line beyond 100 feet from the point of tap-off of the service and the second support of the service line.

The main cut-outs or fuses shall be inserted and sealed by the licensee free of cost to the consumer.

7. *Consumer not to interfere with the supply mains or apparatus.*—The meter boards, main cut-outs, etc., must on no account be handled or removed by any one who is not in the employ of the licensee. The seals which are fixed on the meters and the licensee's apparatus must on no account be broken.

8. *Wiring on consumer's premises.*—For the protection of the consumer and the public generally, it is necessary that the wiring on the consumer's premises should conform to the I.E. Rules and the Rules of the Fire Insurance Company in terms of which the building is insured and be carried out by a licensed electrical contractor. As soon as the consumer's installation is completed in all respects and tested by the consumer's contractor, the consumer should submit to the licensee the wiring contractor's completion and test report. A form for this purpose shall be supplied by the licensee. It is important that the conditions named therein are fully complied with, as otherwise there will be a delay in obtaining the supply.

As required by Rule 45 of the Indian Electricity Rules, 1956, no electrical installation work (including additions, alterations, repairs and adjustments to existing installations), except such replacement of lamps, fans, fuses, switches, low voltage domestic appliance and fittings as in no way alter the capacity and the character of the installation, shall be carried out upon the premises on behalf of any consumer or owner for the purposes of supply of energy to such consumer or owner, except by an

electrical contractor licensed by the.....in this behalf and under the direct supervision of a person holding a certificate of competency issued or recognized by the..... Any person committing a breach of Rule 45 shall render himself liable to punishment under Rule 139 of the said Rules.

9. *Apparatus on consumer's premises.*—(a) All transformers, switchgear and other electrical equipment belonging to the consumer and connected to the mains of the licensee shall be maintained to the reasonable satisfaction of the licensee.

(b) In the case of high voltage consumers, suitable protective devices approved by the licensee shall be used so as to afford full protection to the licensee's apparatus placed on the consumer's premises.

10. *Procedure for testing installation by the licensee and fee.*—(a) Upon receipt of the test report the licensee shall notify to the applicant the time and the day when the licensee's representative proposes to inspect and test the installation. It will then be the duty of the applicant to arrange that a representative of the wiring contractor employed by him is present at the inspection to give the licensee's representative any information that may be required by him concerning the installation.

(b) No connection shall be made until the consumer's installation has been inspected and tested by the licensee and found satisfactory. No charge shall be made for the first test made by the licensee but subsequent tests due to faults disclosed at the initial test shall be charged for in accordance with part III of these conditions. Periodical tests of the installation will also be undertaken by the licensee at rates that may be ascertained from his local office.

(c) Before taking the insulation test of the installation the wiring must be completed in all respects. All fittings, whether incandescent lamps, fans, motors, heating, cooking, or other apparatus, must be connected to the conductors and all fuses must be in place and all switches switched in the 'on' position before the tests are carried out. Temporary wires or fittings or dead ends should not be included in the installation and no part of the work should be left incomplete.

(d) A pressure of 500 volts will be applied between installation and "earth" and the insulation resistance to earth after one minute's electrification shall be such as will not cause a leakage from the installation exceeding one five thousand part of the maximum current demanded.

(e) The test between the poles should give at least half the result of that to "earth".

(f) Manufacturer's test certificates in respect of all high voltage apparatus shall be produced if required by the licensee.

11. *Extensions and alterations.*—Should the consumer, at any time after the supply of energy has been commenced, increase the number or size of lights, fans or motors, etc., on his premises or in any way alter the position of his wiring therein, notice thereof must be sent in writing to the licensee whose representative will call and inspect the alteration and, if necessary, change the meters and fuses and alter the service line. Failure to give such notice may derange the supply system and render the supply liable to be summarily discontinued. During such time as alterations, additions or repairs are being executed, the supply to the circuit which is being altered, added to or repaired, must be entirely disconnected and it shall remain disconnected until the alterations, additions, or repairs have been tested and passed by the licensee.

12. *Failure of supply.*—(a) Should at any time the licensee's service fuse or fuses fail, notice thereof should be sent to the licensee's local office or if there are sub-stations, to the nearest sub-station. Only authorised employees bearing the badge of the licensee are permitted to replace these fuses in the licensee's cut-outs. Consumers are not allowed to replace these fuses and they will render themselves liable to a heavy penalty if the licensee's seals placed to protect his apparatus are broken. The licensees does not allow his employees to carry out any repairs except replacement of fuses in the consumer's installation.

(b) The licensee shall not be liable for any claims for loss, damage or compensation whatsoever arising out of failure of supply when such failure is due either directly or indirectly to war, mutiny, civil commotion, riot, strike, lockout, fire, flood, tempest, lightning, earthquake or other force, accident or cause beyond his control.

13. *Access to premises and apparatus.*—The licensee's servants possessing a written authority signed by the engineer or manager of the licensee are entitled at all reasonable times and on informing the occupier to enter the premises to which the energy is supplied for the purpose of inspecting meters and for other purposes connected with the apparatus belonging to the licensee.

14. *Security Deposit.*—The licensee may require any consumer to deposit security for the payment of his monthly bills for energy supplied and for the value of the meter and other apparatus installed on his premises. No interest will be allowed on deposits up to Rs. 25/-. Interest at the rate of per cent. per annum will be paid by the licensee on deposits exceeding Rs. 25/-.

The licensee shall be at liberty at any time to apply any security deposited towards payment or satisfaction of any money which shall become due or owing by the consumer. The licensee shall also be at liberty to demand enhanced security deposit from consumers at any time during the life of the contract. The balance of the security deposit will be returned to the consumer on the termination of the contract.

The consumer may at any time with the previous consent of the licensee transfer the contract and its liabilities to any other person approved by the licensee.

15. *Method of charging for current.*—(a) The price and method of charging for current supplied shall be such as may be fixed by the licensee from time to time subject to the provisions of the Electricity (Supply) Act, 1948.

(b) Unless specified otherwise all rates refer to one point of supply.

16. *Payment of bills.*—(a) Bills should be paid at the licensee's local office within 15 days from the date of their presentation.

(b) Any complaints with regard to the accuracy of the bills shall be made in writing to the licensee and the amounts of such bills shall be paid under protest within the said period of 15 days. The amounts of bills paid under protest will be regarded as advance to the credit of the consumer's account until such time as the bills in dispute have been fully settled.

(c) If the consumer fails to pay any bill presented to him within the said period of 15 days, the licensee shall be at liberty to take action under sub-section (1) of section 24 of the Act, and to cut-off the supply after

giving such consumer not less than 7 clear days' notice in writing without prejudice to his right to recover the amount of the bill by suit. Where however, any difference or dispute has been referred under the Act to the Electric Inspector for.....before notice as aforesaid has been given by the licensee, the licensee shall not be at liberty to cut-off the supply for failure to pay the bill except where the licensee has made a request in writing to the consumer that the amount in dispute should be deposited with the said Electric Inspector and the consumer has failed to comply with such request.

17. *Notice of removal.*—(a) Consumers about to vacate or sublet their premises should give to the licensee a seven clear days' notice in writing, together with an opportunity for disconnecting the premises, otherwise the licensee cannot guarantee that the meter readings will be taken on the required date. Failing such notice, the consumer will be held responsible for energy consumed on the premises in respect of which the licensee holds agreement for the supply of energy, until the expiration of seven days from the day on which the notice of removal in writing has been received at his office.

(b) Consumers leaving the station for a period exceeding two months and closing their houses while away, or those houses remain closed and unoccupied owing to non-tenancy for the same period are requested to inform the licensee before-hand so that the meters installed at the premises may be read, installations disconnected and the licensee's property removed if agreed to between the licensee and the consumer or otherwise to notify the licensee where the key can be obtained to enable the licensee's engineer to remove the fuses whenever it is desired to test the distribution mains in the consumer's district. In such cases consumers will not be charged the monthly minimum provided that:—

(i) the rental of meter or meters of the licensee shall be paid so long as they remain on the consumer's premises; if the meters are removed the charges as provided for in part III will be payable for removing and refixing the meters;

(ii) the consumer agrees to the extension of the term of the agreement by the period by which the monthly minimum charge has been waived if the period of his contract had not expired;

(iii) a reconnection fee as provided in part III is paid before reconnection is given.

Should the consumer require reconnection before the expiry of two months both the reconnection fee and the monthly minimum charge will have to be paid by the consumer. The life of the contract will not be extended in such cases.

(c) When a consumer leaves his installation connected to the licensee's mains, but locks up the meter or otherwise make it inaccessible for reading by the employees of the licensee for the first month of such inaccessibility the consumer will be charged the monthly minimum. If the next month the meter is accessible for reading, the consumer will be charged the actual consumption less the above minimum, but, subject to the monthly minimum. If on the other hand the meter remaining inaccessible in the second month also the consumer will be served with 24 hours' notice (Section 20 of the Act) to open his premises for the reading of the meter by any employee of the licensee at a fixed time and date; if the meter is now made available for reading, the consumer will be charged the actual consumption less the minimum charged or paid for the first month of inaccessibility, subject to the monthly minimum. If the meter remains

inaccessible even after 24 hours' notice the premises will be disconnected. For that month also the monthly minimum charge will be charged to the consumer. If the meter is made accessible subsequent to the disconnection for purposes of reading the meter and settling accounts or for reconnection of the service as the case may be, the consumer will be charged the actual consumption less the two minima charged or paid for the two months of inaccessibility subject to the proportionate minimum for the period of inaccessibility of the meter up to the time of disconnection. If the consumer applies for reconnection, fees under clause B.1 of part III of these conditions will be collected before reconnection.

18. *Accuracy of meters.*—Should the consumer dispute the accuracy of any meter which is not his own property, he may, upon giving notice and paying the prescribed fee, have the meter tested by the licensee or the Electric Inspector,.....in accordance with Section 26 of the Act. In the event of the meter being tested by the licensee and found to be beyond the limits of accuracy as prescribed in the Indian Electricity Rules, in force from time to time, the testing fee shall be returned and the amount of the bill adjusted in accordance with the result of the test taken with respect to the meter reading of the three months prior to the month in which the dispute has arisen, due regard being paid to conditions of occupancy during the months. In the event of the test being undertaken by the Electric Inspector for....., and the meter being found to be incorrect, the period during which the meter shall be deemed to have been incorrect, and the amount of energy supplied to the consumer during this period shall be decided by the Electric Inspector for....., whose decision shall be final. Rent for the meter for the period it is found inaccurate will not be charged by the licensee.

The licensee may remove the meter for the purpose of testing it in his laboratory.

19. *Discontinuance of Supply.*—(a) If any consumer adopts any electrical appliance which is likely to affect injuriously the supply to other consumers or uses the energy supplied or deals with it in any manner so as unduly or improperly to interfere with the efficient supply of energy to any other person by the licensee, or fails to keep in proper order any meter belonging to him by which the supply is registered, the licensee may discontinue the supply so long as such an appliance is so adopted or the energy is so used or dealt with or the meter is not kept in proper order, as the case may be.

(b) The licensee shall not be bound to give or continue the supply if the Electric Inspector for.....or other competent person appointed by the.....Government is satisfied that the electric supply-lines, fittings, works or any other apparatus within the said premises are not in good order and condition and are likely to effect injuriously the use of energy by the licensee or by other persons.

(c) Any consumer who after having been duly notified refuses to permit or fails to give an authorised representative of the licensee reasonable facilities to enter any premises to which energy is, or has been supplied for the purpose of testing or inspecting the installation of the consumer, shall be liable to have the electricity supply discontinued after the expiry of 24 hours' notice in writing in accordance with Section 20 of the Act.

20. *System of supply.*—Supply of energy shall be given by the licensee on the following system :—

(i) *Low Voltage.*—Direct current or alternating current, single phase, 50 cycles, 230 volts between phase and neutral at the consumer's terminals.

(ii) *Medium Voltage.*—Direct Current or alternating current three phase, 50 cycles, 400 volts between phases, at the consumer's terminals.

(iii) *High Voltage.*—Alternating current, three phase, 50 cycles, 11000 volts between phases, at the consumer's terminal.

21. *Classification of installations.—A. C. System.*—(a) Two-wire single phase 230 volts—

(i) General supply not exceeding 10 amperes.

(ii) Motive power installations up to 1 BHP in aggregate.

(b) Four-wire, three phase, 230 volts between phase wires and neutral—General supply exceeding 10 amperes.

(c) Three-wire, three-phase, 400 volts between phases—Motive power installations of over 1 BHP.

D. C. System.—(a) Two-wire 230 volts—

(i) General supply not exceeding 10 amperes.

(ii) Motive power installation up to 1 BHP in aggregate—(b) Three-wire 460 volts between outers—Motive power installations of over 1 BHP.

22. *General Wiring Conditions.*—(a) *Mains.*—The consumer mains shall in all cases be brought back to the licensee's point of supply and sufficient cable shall be provided for connecting up with the licensee's apparatus.

(b) *Switches and Fuses.*—The consumer shall provide linked quick break main switches and a single pole fuse on each conductor except the neutral conductor which shall be fixed as near as possible to the licensee's meter board.

(c) *Balance of installation.*—If the connected load of any installation exceeds 10 ampheres at 230 volts, the installation shall be wired on the group system, separate neutral wires being brought back in each case to the licensee's point of supply. An approved type of double pole linked switch shall control each main circuit. The lamps, fans or any other apparatus of which the installation consists shall be so grouped that under normal working conditions the current will be balanced and no current will be flowing in the neutral wire.

(d) *Medium voltage supply.*—With medium voltage supply, *i.e.*, above 250 volts and up to 650 volts, the licensee's meter and service cut-outs shall be enclosed in a strong teakwood box suitably ventilated and provided with a hasp, staple and lock. All wires between which a difference of potential of over 250 volts exists shall be made inaccessible to unauthorised persons or enclosed in an earthed metallic casing or conduit. A "Caution" Board printed in Hindi and the local language of the district shall be fixed thereto.

(e) *Overhead Mains.*—In order to save the expense of a long underground service on private property, a consumer may, with the licensee's approval, erect a pillar on that portion of his property which is nearest

to the licensee's supply mains into which the service shall be laid and from which the consumer shall run overhead mains to his premises. These overhead mains shall constitute a portion of his installation and shall be laid in compliance with the Indian Electricity Rules in force from time to time. An efficient choking coil and lightning arrester may be fixed at the commencement of the overhead line at the consumer's cost should he desire the same, as an additional protection for his installation.

(f) *Earthing.*—Gas pipes shall on no account be used for earthing purposes.

(g) *Domestic heating and cooking.*—A special circuit for heating and cooking shall be run from the licensee's point of supply. Wall plugs used on these circuits shall be of the three pin type, the third pin being an earth connection. Two pin plugs or lighting sockets shall not be allowed. All appliances used in the bathroom for heating or washing purposes or in any damp location must be effectively earthed.

(h) *Plugs.*—All plugs shall be switched on the live wire and not on the neutral.

(i) *Wiring.*—Single leads shall not be allowed to be run separately in iron conduit.

(j) *A. C. Motor installation.*—Motors shall be provided with control gear so as to prevent satisfactorily the maximum current demand from the consumer's installation exceeding the limits given in the following schedule at any time under all possible conditions. Failure to comply with these regulations will render the consumer liable to disconnection from the supply on account of interference with the supply to other consumers.

Nature of supply.	Size of installation.	Limit of maximum current demanded.
Single phase ..	Up to and including 1 BHP	Six times full load current.
Three phase ..	Above 1 BHP and up to and including 10 BHP.	Three times full load current.
	Above 10 BHP and up to and including 15 BHP	Twice full load current.
	Above 15 BHP	One and a half time full load current.

Motor circuits shall be controlled by a triple pole linked switch protected by a no-volt release and T. P. fuses (or overload releases). It is important that the release should be maintained in thorough working order. Wiring for motors shall be run with all three-phase wires bunched in a single metallic conduit, which shall be efficiently earthed throughout and connected to the frame of the motor from which two separate earth wires shall be run. The minimum size of the earth wire permitted is No. 14 S.W.G. All motors shall comply in every respect with the Indian Electricity Rules, in force from time to time.

Motors above 1 B.H.P shall be wound for three-phase. 400 volts between phase.

(k) *Power Factor of Apparatus.*—The apparatus shall have a power factor of not less than 85 per cent. at normal working load.

Intending consumers are advised to consult the Engineer of the licensee before ordering their motors, as in some cases it may be practicable to relax the starting current limit dependent on the location and conditions of working.

23. *Saving rights.*

Nothing in these conditions shall abridge or prejudice the rights of the licensee and the consumer under the Indian Electricity Act, 1910 or any rules thereunder and the Electricity (Supply) Act, 1948.

Appeal No. CAL-67/56.

Mustafa Hussain's Necktie Brand Jardah Factory, Howrah ... *Appellant*,

versus

Shri Ram Misir and 46 others ... *Respondent*.

In the matter of an appeal against the award of Shri S. Sen Gupta, Judge, Industrial Tribunal, Calcutta, made on 7th February 1956 in respect of an industrial dispute between the above parties.

PRESENT:

SHRI S. B. SINGH, *President*,

SHRI V. N. DIKSHITULU, *Member*.

Dated, the 25th May 1956.

For the appellant: Shri N. K. Mukherjee, Advocate.

For the respondent: Shri Suprabhat Mukherjee.

State: West Bengal.

Industry: Zardah.

DECISION

Messrs. Md. Mustafa Hussain's Necktie Brand Zardah Factory of No. 141, Howrah Road, Salkia (hereafter to be referred to as the Company), applied to the Sixth Industrial Tribunal, West Bengal, under section 33 of the Industrial Disputes Act, 1947, for permission to retrench 62 of their workmen, who were specified by names, on the ground that sales of their products have been falling and losses have been suffered and that sale proceeds of products have been consumed by wages alone and some wages could not be paid in time for want of funds and that more losses were caused by a fire in the factory and strike by the workmen and that there has not been enough work for all the workmen and that the retrenchment is proposed to avoid the worse alternative of closing down the business. The workmen opposed the application contending that the story of losses is not true and that the proposal to retrench is not *bona fide* as the Company has been appointing new officers on fat salaries and wasting money otherwise also and that the proposed retrenchment is a *mala fide* and illegal step of rataliation for the demand of the workmen to improve their service conditions and that the selection of the persons for the proposed retrenchment is also not *bona fide* as the principle of "last come first go" is not observed.

2. The Tribunal recorded oral and documentary evidence adduced by the parties and on a consideration thereof came to the conclusion that there was, no doubt, a *prima facie* case for retrenchment on account of the adverse trading position of the Company but that other considerations also were mixed up and that in the proposal, to retrench these particular workmen the Company was influenced by invalid considerations and that persons who have grown old in the service of the Company have been selected for retrenchment in preference to juniors and that some juniors were retained in service as they succumbed to a bait of being retained on lower wages, and hence refused to grant the permission. The Company has preferred

this appeal against only 47 out of the 62 workmen leaving out the remaining 15. The appellant's lawyer stated during the course of arguments that out of 47 two are members of the clerical staff, viz., S. C. Banerji and A. K. Lahiri and that the appeal is not pressed as against these two clerks. But we find that the said two clerks were not at all impleaded as respondents in this appeal.

3. The 47 workmen who are respondents contend that the appeal is barred by limitation. The decision of the lower Tribunal is dated 7th February 1956. Under section 10 of the Industrial Disputes (Appellate Tribunal) Act, 1950, the period of limitation is 30 days. The appeal was presented on 15th March 1956, i.e., not within 30 days from 7th February 1956. The Company has filed an affidavit saying that under section 12 of the Indian Limitation Act, the time requisite for obtaining the certified copy of the decision has to be excluded and that if that is done, the appeal is within time and should be entertained even though not filed in 30 days from 7th February 1956. The workmen contend that section 12 of the Indian Limitation Act does not apply to this case as the period of limitation for it is not prescribed by the said Act. We do not agree. Section 29 of the Limitation Act provides that sections 4 and 9 to 18 of the said Act shall apply to cases like this where the period of limitation is prescribed by another Statute in so far as they are not expressly excluded by that other Statute. There is nothing in the Industrial Disputes (Appellate Tribunal) Act, 1950, expressly excluding the operation of section 12 of the Limitation Act in relation to appeals preferred under the Appellate Tribunal Act. Hence we hold that section 12 of the Limitation Act applies to this case.

4. Rule 4 of the Industrial Disputes (Appellate Tribunal) Rules provides that a copy of the Gazette in which the award of decision is published or a certified copy of the award or decision appealed from, should accompany the memorandum of appeal. In the present case, the decision appealed from which is under section 33 of the Industrial Disputes Act, 1947, does not require to be published in the Official Gazette. Hence, only a certified copy should be filed with the memorandum of appeal and it is filed. We have to see that the time required for obtaining the said certified copy was and exclude it as also the date of the order, viz., 7th February 1956 under section 12 of the Limitation Act.

5. The certificate appended to the certified copy of the decision filed in this case is to the following effect:—

"Date of application for copy—23rd February 1956.

Date when requisites were notified—27th February 1956 and 29th February 1956.

Date of supply of requisites—27th February 1956 and 5th March 1956.

Date when copy was ready for delivery—5th March 1956.

Date of delivery of copy—7th March 1956.

Cost of copy—Rs. 8-2."

No time after 5th March 1956 can be excluded as the copy was made ready for delivery; but 5th March 1956 must be counted as a day requisite for obtaining the copy as the copy was made ready on that day. As requisites notified on 29th February 1956 were not supplied till 5th March 1956, five days from 29th February 1956 to 4th March 1956 cannot be excluded. Therefore the time requisites for obtaining the copy consisted of 23rd February 1956 to 28th February 1956 and 5th March 1956, i.e., seven days. Thus

the days to be computed for limitation are 15 days from 8th February 1956 to 22nd February 1956, five days from 29th February 1956 to 4th March 1956 and ten days from 6th March 1956 to 15th March 1956. Hence the appeal was filed on the 30th day, according to this computation.

6. But it is contended by the workmen that the Tribunal would have notified the requisites in full on 27th February 1956 and that the appellant must have supplied only in part on 27th February 1956 necessitating another notification on 29th February 1956 and that therefore two days from 27th February 1956 to 28th February 1956 should not be excluded. This contention raises a question of fact on which there is no evidence produced by either side. Hence we have to see whether the guess work of the workmen advanced as an argument is correct. We think not. The appellant paid requisites on the first occasion, on the date of the notification itself. Hence it is most likely that the amount as called for would have been paid. If it was not so paid but only paid in part, there could be no need for the Tribunal to notify a second time on 29th February 1956. The Tribunal would have merely waited for the supply of the balance and would have rejected the application for the copy, if the supply was not made within the time allowed by any rule or within a reasonable time, if there be no rule. Hence the fact that there was another notification on 29th February 1956 leads to the reasonable inference that the amount notified on 27th February 1956 and supplied on the same day, must have been found by the Tribunal to be inadequate for completion of the preparation of the copy, the original estimate being short of requirements.

7. The respondents relied upon a decision reported in A.I.R. 1927, Oudh 129 (Gudar Pal *vs.* Nagishar) and contended that it was the duty of the applicant to compute the charges and supply the necessary requisites. In that case there was a rule throwing the burden of the computation on the applicant. No such rule is brought to our notice in the present case. If there was such a rule in our case, there would have been no occasion for the Tribunal to notify the requisites at all. The fact that the notification was made leads to the conclusion that there was no rule throwing the burden on the applicant. If there is no rule, it is unreasonable to make the applicant responsible for the computation because the decision of the Tribunal is a document in the possession of the Tribunal and not available to the applicant to compute the necessary requisites. We hold that the decision cited does not apply to the facts of this case and that in this case the responsibility of computing the necessary requisites cannot be placed on the applicant.

8. In the result, we are of opinion that the two days from 27th February 1956 to 28th February 1956 should be excluded and we hold that the appeal was presented in time and is not barred by limitation and we proceed to consider the merits.

9. In an application under section 33 of the Industrial Disputes Act, 1947, the Tribunal has to decide (1) whether the employer has a *prima facie* case for the proposed action against the workmen and (2) whether he made the application *bona fide*.

10. The lower Tribunal surveyed the general financial position of the Company with reference to the balance-sheets and statement of sales year after year from 1951 to 1954 prepared and produced by the Company and

concluded that the scales were gradually falling and losses were being incurred year after year and that the fire in the laboratory and the admitted strike by the workmen worsened the position and hence that the Company made out a *prima facie* case that for trade reasons retrenchment was a reasonable measure. The respondents had practically nothing to say against this finding. In consequence of the undoubted fall in sales, production had naturally to be reduced. The product of this Company is scented tobacco which is a luxury article and it cannot be preserved for a long time. Hence the Company cannot go on producing and stocking it. Doing so, would be imprudent. The balance-sheets show the fall in the value of purchases of the raw material, viz., tobacco from year to year as follows:—

		Rs.	a.	p.
1951	...	6,56,091	7	8
1952	...	4,95,118	14	6
1953	...	3,42,104	4	3
1954	...	2,93,722	14	6

Thus, there was fall of 55 per cent. between 1951 and 1954. The figures of sales of products shown in the decision of the lower Tribunal also disclose a fall of approximately the same percentage. In that period there was some reduction of the establishment in the manufacturing and packing departments from 187 to 109 (*vide* Ex. 2). The reduction was only 41 per cent. Hence, the reduction of establishment did not keep pace with fall in production and sales. Hence, there is scope for further reduction of the staff. We have no evidence of the purchase of raw material or production or sales down to the date of the application made to the lower Tribunal. Hence, it is not possible to dogmatise about the exact extent of further possible reduction. The management can decide the extent, if it is done in good faith. We agree with the lower Tribunal that the Company has made out a *prima facie* case for the extent of the retrenchment which it proposed.

11. Coming to the second point, the lower Tribunal found (1) that shortly before and even after the date of the notice of retrenchment, the Company employed some officers on fat salaries, (2) that the Company tried to induce workmen with long service to voluntarily resign with a view to recruit new men on the basis of percentage pay and, having failed in that attempt, selected the senior men for rtrenchment and retained junior men and that this is not justified. Thus the lower Tribunal, in effect, held that the Company was not *bona fide* in proposing the retrenchment of the respondents in particular, though retrenchment of some workmen is justified. The findings of the facts by the lower Tribunal are not seriously challenged by the Company. It is argued that new officers had to be employed with a view to resuscitate the falling business. The orders of employment of the new officers (Ext. "C" series) show that they were employed on the understanding of improving procurement or improving accounts or of increasing of sale of products. It is not shown that the officers employed are relatives or friends of those in the management of the business. Hence there is no reason to believe that the employment of the officers could be anything but a *bona fide* step taken to rehabilitate the business, though it involved additional expenditure.

12. But the same cannot be said of selection of senior workmen for retrenchment in preference to junior men. It is argued on behalf of the Company that the attempt to reorganise the wage system on percentage basis was a *bona fide* measure to economise expenditure on wages and that hence retaining in service those who accepted new pay system also is a *bona fide*

measure of economy. The first part of the proposition may be correct but not the second part. The new wage system was attempted to be imposed upon the workmen by asking them to accept it or to resign. When they did not accept either of the alternative, the Company proposed to retrench those seniors who did not accept the new pay system and to retain others (juniors) for the reason that the latter accepted the new wage system. This proposal cannot be considered to be justifiable step at all. Here is a case of wrongful discrimination against senior men and to say that it was done because it saves some expenditure on the wage bill, furnished no valid excuse which can sound as *bona fides* on the part of the Company. The Company is of course, entitled to save expenditure; but, it must do so in a lawful manner and not by unlawful discrimination against senior men and by favouring junior men. If the Company was in a position to retain all the workmen in service on reduction of wages, the Company ought to have applied under section 33 for permission to alter their conditions of service in respect of the wages as proposed. If the Company was not in a position to retain all the workmen even on reduced wages, the Company ought to have applied under section 33 for permission to retrench the juniors and to alter the conditions of service of the senior men in respect of their wages. That would have been *bona fide* as then both the proposals for retrenchment and reduction would have been subjected to the scrutiny of the Tribunal. As it is, the Company has already decided to reduce wages. These proposals to retrench those who did not accept that decision amounts to victimising them for not accepting the new wage system. The discrimination of seniors against juniors is calculated to cause a breach in the ranks of the workmen and must be considered to be an unfair labour practice.

13. The lower Tribunal found that the entire establishment must be treated as one pool in applying the principle of "last come first go" for the reasons that there is uncontroverted evidence produced by the workers that they are liable to transfer from one department to another and have been actually transferred from one department to another in the past. The lower Tribunal accepted the evidence produced by the workmen to the effect that there were only 4 departments and that new names of departments were recently invented with ulterior purposes and that really the departments were not water-tight. We agree with the view. The workmen have filed a statement prepared and proved by O.P.W. 3 showing that men in the general pool junior to every one of the present respondents have been retained in service while suspending the respondents in anticipation of permission to retrench them. The lower Tribunal accepted it to be correct. We do not see any reason to differ from the finding. The Company made no attempt to prove its case that the respondents belonged to defined categories and that each of them is the latest employee in the category to which he belonged. Hence the proposal to retrench these respondents is not proved the reasons that there is uncontroverted evidence produced by the workers under which the emphasis is on categories and not departments. Hence we hold that the application for permission to retrench the respondents is not *bona fide* and not maintainable in law. The axe should not have fallen on others who are not parties to this case.

14. In the result, we find that the decision of the lower Tribunal is correct and hence we dismiss this appeal with costs which we assess at Rs. 100.

DECISION

The present appeal is directed against the award of the Sixth Industrial Tribunal, West Bengal, published in the *Calcutta Gazette*, dated the 5th January 1956.

2. The present appeal was filed on the 11th February 1956. It was thus filed 7 days beyond the statutory period of limitation. The appellant Shri Samar Chatterjee pleads that the delay was due to the serious illness of his mother and has filed an affidavit and a medical certificate from a Registered Doctor, in support of his allegation. There being nothing on the record to the contrary, we hold that the delay has been sufficiently explained and we condone the delay. The appeal is accordingly admitted.

3. The appellant Samar Chatterjee claiming to be workman under the respondent Company, Bengal Corporation, Ltd., Calcutta, pleads that he was wrongfully dismissed on 7th February 1955 and has since been debarred from attending his duties.

4. The respondent Company denies that the appellant was a workman within the meaning of the term under the Industrial Disputes Act, 1947. The Company also denies to have either dismissed or debarred the appellant Samar Chatterjee from attending his duties and pleads that the appellant left his service under the respondent of his own accord. The respondent Company also appears to have raised before the primary Tribunal a preliminary objection that the complaint of the appellant was not an industrial dispute within the meaning of the term in the Industrial Disputes Act, 1947.

5. For a clear understanding of the contention of the respondent Company, we reproduce below the relevant extract from the order of reference which led to the award under appeal:—

> "Whereas an industrial dispute exists between Messrs. Bengal Corporation, Limited, 14 Netaji Subhas Road, Calcutta-1 and their employee Shri Samar Chatterjee, 10 Becharam Chatterjee Road, Behala, Calcutta-34, representing himself regarding the matters specified in the schedule;
>
> **Schedule 1.** Is the Company justified in debarring Shri Samar Chatterjee from attending his duty with effect from 7th February 1955? To what relief is he entitled?"

6. The reference does not indicate that the grievance was taken up by the other workmen of the respondent Company or any Union of the workmen. On the other hand the written statement of Shri Samar Chatterjee discloses that he acting by himself moved the Labour Commissioner over his grievance and took part in the proceedings before the Labour Commissioner unaided by any other workmen or any Union.

7. The question whether a dispute concerning an individual workman which has not been taken up other workmen or any Union of the workmen commonly known as an individual dispute, comes within the purview of the Industrial Disputes Act, and whether an Industrial Tribunal has jurisdiction to adjudicate upon such a dispute, came up before this Tribunal in the case of Swadeshi Cotton Mills, Ltd. and the question was decided by a Full Bench in the affirmative (1953 L.A.C., 137). It appears that the same question was taken up to the State High Courts at Calcutta, Madras, Patna and Ernakulam (Travancore-Cochin State) and Allahabad under Article 227 of the Constitution of India. But all the High Courts were not unanimous in their decisions. The decision of the Hon'ble High Court at Allahabad in the case of Newspapers, Ltd., Allahabad, reported in 1954, II L.L.J. 263, appears to be in agreement with the decision of the Full Bench of this Tribunal but the other High Courts took a contrary view. In the case of Jamburjee Odharjee reported in 1955, 2 L.L.J., at page 202, His Lordship the Chief Justice of the Bombay High Court observes:—

> "Under Article 227 of the Constitution, every Tribunal in the State of Bombay is subject to the judicial supervision of the High Court and in proper cases the High Court can correct the decisions of these Tribunals. If a Tribunal acts without jurisdiction or fails to exercise jurisdiction vested in it or commits an error of law which is patent on the record, the High Court could send for the proceedings and quash any order passed by a Tribunal. If those are the powers of the High Courts and if every Tribunal in the State is subordinate to the High Court, it must follow that the law laid down by the High Court is the law so far as in the State of Bombay is concerned and every Tribunal is bound to accept the law".

Relying on this observation of His Lordship the Chief Justice of the Bombay High Court, the Adjudicator followed the decision of the Calcutta High Court in the case of J. Choudhury *versus* Shri M. C. Banerjee (1955 C.W.N., at page 256) in preference to the Full Bench decision of the Labour Appellate Tribunal and in support of his decision that an individual dispute is outside the purview of the Industrial Disputes Act, 1947. In support

of his view he has quoted the observations of the Hon'ble Supreme Court in the case of the Budge Budge Municipality *versus* Shri P. R. Mukherjee (1953, 1 L.L.J., page 195). The following is the extract:—

> "The words 'industrial dispute' carry the meaning to the ordinary mind that the dispute must be such as would affect large groups of workmen and employers ranged on opposite sides on some general question on which each group is bound together by a community of interest, such as, wages, houses, allowances, pensions, provident fund, number of working hours per week, holidays and so on. Even with reference to a business that is carried on, we would hardly think of saying that there is an industrial dispute where the employee is dismissed by his employer and the dismissal is questioned as wrongful. But at the same time having regard to the modern conditions of society where capital and labour have organised themselves into groups for the purpose of fighting their disputes on the basis of the theory that union is strength and collective bargaining has come to stay, a single employee's case might develop into an industrial dispute when as often happens it is taken up by the trade union of which he is a member and there is a concerted demand by the employees for redress."

It may be noted that in the case of the Budge Budge Municipality the grievances of the workmen were taken up by the Union of the workmen. Thus before the Hon'ble Supreme Court there was no such question as whether an individual dispute which has not been taken either by workmen or by an Union of the workmen was excepted from the purview of the Industrial Disputes Act, 1947. Article 141 of the Constitution of India requires that "the law declared by the Supreme Court shall be binding on all Courts within the territory of India". The word "law" was deliberately used to give the article a very wide interpretation. What is given binding force by this article is not merely the "decision" of the Supreme Court but also the "law" declared by it. Hence it may cover the principles of law enunciated by the Supreme Court including even *obiter dicta* when they are stated in clear terms. The observation "we would hardly think of saying that there is an industrial dispute where the employee is dismissed by his employer and the dismissal is questioned as wrongful" is not a declaration of the law in such clear terms as can lead to a definite conclusion either way. It does not indicate impossibility but implies only that such cases may be rare.

8. It has been repeatedly pointed out by this Tribunal that the primary intention of the Legislature in setting up the Labour Appellate Tribunal was to bring about uniformity in the decisions of the Industrial Tribunals sitting in different parts of India and to effect such uniformity on the question before us, a Full Bench of this Tribunal laid down in the case of Swadeshi Cotton Mills that an individual dispute would come within the purview of the Industrial Disputes Act, 1947. This uniformity will not be achieved if the Tribunals sitting in different parts of India follow the divergent decisions of the High Courts within the territorial jurisdiction which the Tribunals are sitting, in preference to the decision of the Full Bench of this Tribunal. With due respect to the different State High Courts, we are definitely of the opinion that the decisions of the High Courts prevail over the decisions of the Labour Appellate Tribunal only in the particular cases in which such decisions have been given.

9. Two Benches of this Tribunal at Madras presided over by Shri Govinda Menon and Shri M. D. Lalkaka and Shri P. D. Vyas and

Shri Md. Shariff followed the decisions of the Madras High Court in preference to the decision of the Full Bench of this Tribunal. We were thinking of recommending the constitution of another Full Bench to review the position, but on a further consideration, we find that no useful propose will be served thereby, for inasmuch as even if a Second Full Bench is constituted and if this Second Full Bench decided to except the individual dispute from the scope of the Industrial Disputes Act and if the Tribunals in the different States decide to follow the differing decisions of the different High Courts within whose territorial jurisdictions they function, there will be no uniformity in the decisions of the Tribunals which is against the very object of constituting the Appellate Tribunal.

10. We understand that the question raised before us is pending before the Hon'ble Supreme Court for decision and it is desirable that we should wait till the point is set at rest by the Hon'ble Supreme Court. Uniformity is possible when there is an authoritative pronouncement of the law by the Hon'ble Supreme Court. It appears that the decision of the Calcutta High Court in the case of Shri J. Choudhury *versus* Shri M. C. Banerjee (1955 C.W.N. 256) was considered by the Full Bench of this Tribunal. Having considered all the relevant points raised before us on the question, we are inclined to follow the decision of the Full Bench of this Tribunal, so long as it is not overruled by the Hon'ble Supreme Court. We accordingly set aside the award of the Adjudicator and hold that an individual dispute raised by a workman is an "individual dispute" within the purview of the Industrial Disputes Act, 1947. We accordingly remand the case to the primary Tribunal with this direction that the case shall be disposed of according to law on the merits after considering the other legal objections raised in the pleadings of the parties and with opportunity to the parties to adduce documentary and oral evidence, if any, in support of their respective cases. It is ordered that the appeal be allowed and the award under appeal be set aside and the case is remanded to the primary Tribunal for disposal in the light of the directions given above. The appellant is allowed Rs. 25 as costs of the present appeal.

NOTIFICATION

No. 661.—10th January, 1957.—The Governor having been pleased to order, under rule 48 of the West Bengal Legislative Assembly Procedure Rules, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

THE WEST BENGAL REQUISITIONED LAND (CONTINUANCE OF POWERS) (AMENDMENT) BILL, 1957

A

BILL

to amend the West Bengal Requisitioned Land (Continuance of Powers) Act, 1951.

WHEREAS it is expedient to amend the West Bengal Requisitioned Land (Continuance of Powers) Act, 1951, for the purpose and in the manner hereinafter appearing; West Ben Act VIII of 1951.

It is hereby enacted in the Seventh Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title.

1. This Act may be called the West Bengal Requisitioned Land (Continuance of Powers) (Amendment) Act, 1957.

Amendment of section 1 of West Ben. Act VIII of 1951.

2. In sub-section (*3*) of section 1 of the West Bengal Requisitioned Land (Continuance of Powers) Act, 1951, for the words "six years" the words "nine years" shall be substituted.

STATEMENT OF OBJECTS AND REASONS

The West Bengal Requisitioned Land (Continuance of Powers) Act, 1951 (West Ben. Act VIII of 1951) will cease to be in force after the 31st March, 1957. This measure was enacted with a view to obtaining powers for the State Government to retain under requisition the properties which were requisitioned under the Defence of India Rules and were still required to be retained for the purposes of the State Government or to acquire those lands requisitioned under the said rules. On account of shortage of accommodation, some properties requisitioned under the Defence of India Rules are still required to be retained for the purposes of the State Government. It may also be necessary to acquire some of these properties which have been retained under requisition for the use of the various Departments of the State Government. It is, therefore, necessary to extend the life of the Act for a further period of three years from the 1st April, 1957.

The Bill has been framed with the above objects in view.

STATEMENT OF OBJECTS AND REASONS

The West Bengal Land (Requisition and Acquisition) Act, 1948 (West Ben. Act II of 1948), will cease to be in force after the 31st March, 1957. The Act provides for an expeditious way of acquiring land for certain public purposes after going through an initial stage of requisition. For getting quick possession of lands required for various development projects already undertaken and to be undertaken under the Second Five-Year Plan which are all urgent, it is still necessary to retain the Act.

It is also necessary to obtain powers for the State Government to acquire lands for the creation of better living conditions in urban and rural areas by the construction and re-construction of dwelling places for people residing in such areas.

Under the Act a person interested in the land who has not accepted the award made by the Collector may apply for a reference to the Court for determination of the amount of compensation, measurement of land, etc., within six weeks of the receipt of the notice from the Collector of such award. But there is no provision for giving notice of such award to the interested parties. Absence of this provision has given rise to difficulties in enforcing the time-limit for reference to Court.

It is accordingly proposed to amend the Act—

(i) to extend its life for a further period of five years from the 1st April, 1957;

(ii) to obtain powers for the State Government to acquire lands for the creation of better living conditions in urban and rural areas by the construction and re-construction of dwelling places for people residing in such areas; and

(iii) to make a provision for giving notice of the award to the persons interested.

The Bill has been framed with the above objects in view.

NOTIFICATION

No. 97L. — 14th January, 1957. — The Governor having been pleased to order, under rule 48 of the West Bengal Legislative Assembly Procedure Rules, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

THE WEST BENGAL PREMISES REQUISITION AND CONTROL (TEMPORARY PROVISIONS) (AMENDMENT) BILL, 1957.

A

BILL

to amend the West Bengal Premises Requisition and Control (Temporary Provisions) Act, 1947.

WHEREAS it is expedient to amend the West Bengal Premises Requisition and Control (Temporary Provisions) Act, 1947, for the purpose and in the manner hereinafter appearing; West Ben. Act V of 1947.

It is hereby enacted in the Eighth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title.

1. This Act may be called the West Bengal Premises Requisition and Control (Temporary Provisions) (Amendment) Act, 1957.

Amendment of section 1 of West Ben. Act V of 1947.

2. In sub-section (*4*) of section 1 of the West Bengal Premises Requisition and Control (Temporary Provisions) Act, 1947, for the words "the 31st day of March, 1957" the words "the 31st day of March, 1960" shall be substituted.

STATEMENT OF OBJECTS AND REASONS

The West Bengal Premises Requisition and Control (Temporary Provisions) Act, 1947 (West Ben. Act V of 1947), which was passed with a view to obtaining powers for the State Government to requisition premises for any public purpose, will cease to be in force after the 31st March, 1957. On account of the scarcity of accommodation still prevailing, it is necessary for the State Government to retain these powers to enable it to keep under requisition the premises already requisitioned under the Act and to make further requisition of premises whenever needed for a public purpose. It is, therefore, necessary to extend the life of the Act for a further period of three years from the 1st April, 1957.

The Bill has been framed with the above objects in view.

GOVERNMENT OF WEST BENGAL

DEPARTMENT OF HEALTH

Public Health

NOTIFICATION

No. P.H./138/2R-1/57.—14th January 1957.—Whereas the Governor is satisfied that the municipal area of Kamarhati is threatened with an outbreak of smallpox;

Now, therefore, in exercise of the power conferred by section 2 of the Epidemic Diseases Act, 1897 (III of 1897), the Governor is pleased to prescribe the following temporary regulations for the prevention and control of smallpox, and for the medical inspection, isolation, observation and surveillance of persons suffering from or suspected of being infected with smallpox in the said municipal area for a period of six months:—

Temporary Regulations for the Prevention and Control of Smallpox.

1. In these regulations, unless there is anything repugnant in the subject or context:—

(a) "Health Officer" means the Health Officer of the municipality;

(b) "Sanitary Inspector" means a Sanitary Inspector appointed by the municipality;

(c) "Smallpox" means any disease accompanied by an eruption of vesicles or pustules;

(d) "Patient" means a person suffering from or suspected to be suffering from smallpox;

(e) "Medical practitioner" means any person practising the medical profession.

Notices.

2. If in any case the Health Officer or a Sanitary Inspector considers that the issue of a notice under these regulations is likely to lead to such an amount of delay as might facilitate the spread of smallpox, he may forthwith take such steps as he may think fit for carrying out the work and shall thereafter as soon as possible issue a notice on the person concerned stating the reason why such work has been carried out.

3. If any measure which the Health Officer or a Sanitary Inspector has by a notice issued under these regulations required to be carried out, be not carried out to his satisfaction within the time stated in the notice the Health Officer or a Sanitary Inspector shall be entitled to carry out the measure.

Cost and compensation.

4. (1) All expenses incurred in carrying out any work in pursuance of an order issued under these regulations shall be paid by the municipality except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by such person:

Provided that where the conditions, which led the Health Officer or a Sanitary Inspector to pass such an order, are not attributable to any act or default of the person in possession of the property, the municipality may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

(2) The municipality may recover all expenses incurred by the Health Officer or a Sanitary Inspector in carrying out the measure under regulation 3 from the person or persons to whom the notice was originally issued.

5. The municipality shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

Provided that no person shall receive any compensation for anything done or suffered under these regulations, if he has failed to carry out an order issued under these regulations within the time specified in the order and to the satisfaction of the Health Officer or a Sanitary Inspector.

Location of disease.

6. When a case of smallpox occurs in a house, the nearest male relative in attendance upon the patient, or in the absence of any such relative the occupier of the house, or if the occupier be the patient, the senior male inmate of the house other than patient of the house shall, within twenty-four hours of the onset of the disease, give information regarding the occurrence of such case either personally or in writing to the nearest Sanitary Inspector. When the inmates of the house are all females the medical attendant or the senior male inmate of the nearest house shall give the required information.

7. (1) Every medical practitioner called in to attend upon any case of smallpox shall forthwith give notice of the case by a special messenger to the Health Officer or a Sanitary Inspector and the cost of such messenger in each case shall be defrayed by the municipality.

(2) The Doctor-in-charge of a hospital or a dispensary within the municipality shall forthwith give notice of any case of smallpox brought to such hospital or dispensary for treatment to a Sanitary Inspector or to the Health Officer by a special messenger and the cost of such messenger in each case shall be defrayed by the municipality.

8. Registrars of births and deaths shall supply to the Health Officer or a Sanitary Inspector such periodical returns of case of smallpox as he may from time to time call upon them to furnish.

9. The Health Officer or a Sanitary Inspector may examine any person who is or suspected to be, suffering from smallpox or who, in his opinion, may be infected with or likely to spread smallpox.

Isolation of patients.

10. When the Health Officer or a Sanitary Inspector considers that the isolation of any patient is a precaution necessary for the protection of the neighbouring population, he shall order the patient to observe isolation and may order the nearest relative in attendance on the patient, or the occupier of the house in which the patient is staying to arrange for the isolation of the patient in such a manner and for such a time as may be approved by the Health Officer or a Sanitary Inspector.

He shall not direct the patient to be removed from the house unless it is, in his opinion, impossible to make proper arrangements for his isolation therein.

11. The Health Officer or a Sanitary Inspector may order that any person who has been in contact with a person found to be suffering from smallpox, shall be segregated for a period not exceeding a fortnight in a manner and in a place to be approved by the Health Officer or a Sanitary Inspector.

12. The Health Officer or a Sanitary Inspector may order that any person who has been in contact with a person found to be suffering from smallpox shall be vaccinated or re-vaccinated within a time to be specified in the order.

13. No person shall enter any place wherein a patient is isolated under regulation 10 without the permission of the Health Officer or a Sanitary Inspector.

14. When a patient has been removed from a house for isolation under regulation 10, the municipality shall provide for him free of charge a suitable place with necessary attendants, diet, etc.

15. No person, who is or has been suffering from smallpox, shall leave the place where he has been staying until he has received from the Health Officer or a Sanitary Inspector written permission to do so.

16. No person while suffering from evident symptoms of smallpox or in the convalescent state of the disease with scabs of pocks on his body shall expose himself in any street, road, public place, shop, bazar or any place used in common by persons, other than members of the family or household to which such infected person belongs or shall move from place to place unless he is proceeding to a hospital for admission and treatment.

17. The Health Officer or a Sanitary Inspector may, during the prevalence of any outbreak of smallpox, order that any bazar, shop or other public place shall remain closed for such time as may appear to be necessary and may forbid the holding of any fair, mela or other gathering to which people from several villages commonly or periodically resort.

Miscellaneous.

18. The Health Officer or a Sanitary Inspector may require any person to allow to be carried out by such agency and within such time as may be specified in the order, such measures for the disinfection of any premises in the occupation of such person or for the disinfection or destruction of any of his personal effects, as the said officer or inspector may consider necessary.

19. The Health Officer or a Sanitary Inspector may direct the owner or occupier of any premises to take steps to have vaccinated or re-vaccinated within a time to be specified in the order any person residing on such premises and under the control of such owner or occupier if the Health Officer or a Sanitary Inspector is of opinion that such person has been in contact with any one suffering from smallpox.

20. The Health Officer or a Sanitary Inspector may forbid any person who has been a patient or who has to his knowledge been in contact with a patient to act as vendor of any article for such period as may be specified in the order.

21. No person shall sell any article which has been in contact with a patient until it has been disinfected to the satisfaction of the Health Officer or a Sanitary Inspector.

22. The Health Officer or a Sanitary Inspector may issue general orders that by a specified date certain sanitary precautions of a simple nature, such as lime-washing of house, clearing of latrines or the removal of filth or rubbish shall be carried out to his satisfaction.

23. The Health Officer or a Sanitary Inspector may prohibit persons from retaining or selling clothes taken from the bodies of persons who have died of smallpox and may cause any such clothes to be destroyed.

24. No person shall carry or permit to be carried in a public conveyance a patient except in the case where a patient is carried to a hospital with the following precautions against spreading the disease, namely:—

(i) that he is so well covered that the discharge and scabs from the lesions do not come directly into touch with the body of the conveyance;

(ii) that he is taken to the hospital direct and the conveyance does not halt at any other place for transacting any business; and

(iii) that excepting one or two attendants for the patient no other person is carried in the conveyance at the same time.

25. No person shall expose in any street, shop, bazar or any public place any clothing, bedding or other article which has been in contact with a patient or shall cause or suffer such articles to be carried in any public conveyance, but nothing in this regulation shall apply to a person who

transmits any such article for the purpose of having the same disinfected with the following precautions against spreading the disease:—

(i) the article is so well covered with a cloth soaked in strong solution of formalin (1 in 400), lysol (1 in 500), izol (1 in 500), or of saponified cresol (1 in 160), that it does not come directly into touch with the body of the conveyance;

(ii) the article is taken to the disinfecting station direct and the conveyance does not halt at any other place for transacing any business; and

(iii) excepting one attendant for the purpose of taking the infected articles to the disinfecting station no other person is carried in the conveyance.

26. Every conveyance in which a patient or a dead body of a person who has died of smallpox or any article that has been in contact with a patient is carried shall be disinfected before it is used again. The disinfection will be effected—

(i) in the case of a conveyance carrying a patient to hospital, by the authorities of the hospital before such conveyance leaves the hospital;

(ii) in the case of a conveyance carrying any clothing, bedding or other articles of a patient to the disinfecting station, by the authorities of such station; and

27. No person shall carry or permit to be carried in a public conveyance the dead body of any person who has died of smallpox without the previous written permission of the Health Officer or a Sanitary Inspector and without taking the following precautions against spreading the said disease:—

(i) the dead body is so well covered with a cloth soaked in a strong solution of formalin (1 in 400), lysol (1 in 500), izol (1 in 500), or of saponified cresol (1 in 160) that the discharge and scabs from the lesions do not come directly into touch with the body of the conveyance;

(ii) the dead body is taken to the burial or cremation ground direct and the conveyance does not halt at any other place for transacting any business; and

NOTIFICATION

No. P.H./139/2R-2/57—14th January 1957.—Whereas the Governor is satisfied that the municipal area of Baruset is threatened with an outbreak of smallpox;

Now, therefore, in exercise of the power conferred by section 2 of the Epidemic Disease Act, 1897 (III of 1897), the Governor is pleased to prescribe the following temporary regulations for the prevention and control of smallpox, and for the medical inspection, isolation, observation and surveillance of persons suffering from or suspected of being infected with smallpox in the said municipal area for a period of six months:—

Temporary Regulations for the Prevention and Control of Smallpox

1. In these regulations, unless there is anything repugnant in the subject or context:—

(a) "Health Officer" means the Health Officer of the municipality;

(b) "Sanitary Inspector" means a Sanitary Inspector appointed by the municipality;

(d) "Patient" means a person suffering from or suspected to be suffering from smallpox;

(e) "Medical practitioner" means any person practising the medical profession.

Notices

2. If in any case the Health Officer or a Sanitary Inspector considers that the issue of a notice under these regulations is likely to lead to such an amount of delay as might facilitate the spread of smallpox, he may forthwith take such steps as he may think fit for carrying out the work and shall thereafter as soon as possible, issue a notice on the person concerned stating the reason why such work has been carried out.

3. If any measure which the Health Officer or a Sanitary Inspector has, by a notice issued under these regulations required to be carried out, be not carried out to his satisfaction within the time stated in the notice the Health Officer or a Sanitary Inspector shall be entitled to carry out the measure.

Cost and compensation

4. (1) All expenses incurred in carrying out any work in pursuance of an order issued under these regulations shall be paid by the municipality except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by such person:

Provided that where the conditions, which led the Health Officer or a Sanitary Inspector to pass such an order, are not attributable to any act or default of the person in possession of the property, the municipality may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

(2) The municipality may recover all expenses incurred by the Health Officer or a Sanitary Inspector in carrying out the measure under regulation 3 from the person or persons to whom the notice was originally issued.

5. The municipality shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

Provided that no person shall receive any compensation for anything done or suffered under these regulations, if he has failed to carry out an order, issued under these regulations within the time specified in the order and to the satisfaction of the Health Officer or a Sanitary Inspector.

Location of disease

6. When a case of smallpox occurs in a house, the nearest male relative in attendance upon the patient, or in the absence of any such relative the occupier of the house, or if the occupier be the patient, the senior male inmate of the house other than patient of the house shall within twenty-four hours of the onset of the disease, give information regarding the occurrence of such case either personally or in writing to the nearest Sanitary Inspector. When the inmates of the house are all females the medical attendant or the senior male inmate of the nearest house shall give the required information.

(2) The Doctor-in-charge of a hospital or a dispensary within the municipality shall forthwith give notice of any case of smallpox brought to such hospital or dispensary for treatment to a Sanitary Inspector or to the Health Officer by a special messenger and the cost of such messenger in each case shall be defrayed by the municipality.

8. Registrars of births and deaths shall supply to the Health Officer or a Sanitary Inspector such periodical returns of case of smallpox as he may from time to time call upon them to furnish.

9. The Health Officer or a Sanitary Inspector may examine any person who is or suspected to be, suffering from smallpox or who, in his opinion, may be infected with or likely to spread smallpox.

12. The Health Officer or a Sanitary Inspector may order that any person who has been in contact with a person found to be suffering from small-pox shall be vaccinated or re-vaccinated within a time to be specified in the order.

13. No person shall enter any place wherein a patient is isolated under regulation 10 without the permission of the Health Officer or a Sanitary Inspector.

14. When a patient has been removed from a house for isolation under regulation 10, the municipality shall provide for him free of charge a suitable place, with necessary attendants, diet, etc.

15. No person, who is or has been suffering from smallpox, shall leave the place where he has been staying until he has received from the Health Officer or a Sanitary Inspector written permission to do so.

IRRIGATION AND WATERWAYS DEPARTMENT

NOTIFICATIONS

No. 2-I.—10th January 1957.—The following draft of rules, schedule of rates and appendices which, in exercise of the powers conferred by sections 78 and 99 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), the Governor proposes to make for the supply of water under the Bhora Khal Irrigation Scheme in the district of Bankura, is published, as required by the proviso to section 99 of the said Act, for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 17th February 1957 and any objection or suggestion with respect thereto which may be received by the undersigned before that date shall be duly considered :—

DRAFT RULES, SCHEDULE OF RATES AND APPENDICES.

Leases for a term of years

1. The country served by the canals of the Bhora Khal Irrigation Scheme shall be mapped out into blocks of convenient size in accordance with the features of the ground, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officer under the guidance and control of the Divisional Canal Officer.

2. Each block determined as above shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officer. The blocks shall also be marked on maps to be maintained by the same officer.

3. Leases for not more than six years may be granted for the whole irrigable area of a block or for definite parts of a block under the following conditions :—

I. Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently a separate lease may be granted for each part.

II. All leases within one block shall be so granted that they may expire on the same date.

III. No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, unless a channel exists, which, in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4. The Superintending Engineer shall fix from time to time the gross area for which and the limits of the canal within which, leases for a term of years may be granted.

5. Maps of all villages in which lands have been brought under lease for a term of years, or in which there is any possibility of such leases being taken, shall be kept in the Subdivisional Canal Office. These maps to be at scale 32″=1 mile when such are available and elsewhere at scale 16″=1 mile.

6. The preliminary application for a lease for a term of years, either new or renewal, may be of an informal nature, but it must be in writing. It may be presented and shall be received either at the Subdivisional or Sectional Canal Office; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block, and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval the Subdivisional Canal Officer shall proceed to make the detailed assessment. The lands to be brought under lease shall be indicated on a copy of the map referred to in rule 5.

7. The Subdivisional Canal Officer on receipt of the application shall depute an amin to prepare the khasra or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and khasra. Should the survey map and khasra not be available, the amin shall make a sketch map, and shall measure the areas of the holdings with a chain or measuring-rod.

8. When the amin has completed the khasra he shall forward it to the Subdivisional Canal Officer who shall forward it to the Divisional Canal Officer for approval.

9. As soon as the khasra has been approved by the Divisional Canal Officer, he shall return it to the Subdivisional Canal Officer endorsed with his signature in token of approval.

The Subdivisional Canal Officer shall then prepare a khatian or abstract of the khasra, and shall have the form of application given as Appendix I to these rules, filled up and signed or marked by each of the applicants, in the presence of two witnesses.

When the application has been completely signed, the Subdivisional Canal Officer shall send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given as Appendix III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer through his Sectional Officer. The Divisional Canal Officer shall return the application to the Subdivisional Canal Officer with a copy of the permit for record.

10. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that some of them decline to sign the application, the Subdivisional Canal Officer shall report the matter to the Divisional Canal Officer and the Subdivisional Canal Officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign, or whether the lease shall be declined. The Divisional Canal Officer may grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reasons for granting the lease shall be fully recorded.

Covering Leases

11. Applicants for a lease for a term of years who may require water before the lease has been concluded can obtain a supply on tendering an application for a covering lease in the form given as Appendix II to these rules. This application shall be signed in the presence of the tahsildar or of some other responsible officer nominated for the purpose by the Subdivisional Canal Officer. The signatures shall be those of the leading cultivators in the block in question and they shall represent holders of not less than 75 per cent. of the irrigable land within the block.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix IV to these rules, and shall at once supply water.

Season Leases

12. Applications for water to irrigate spring rice or other crops between the 16th November and 15th June may be presented at the Subdivisional Canal Office or to the Sectional Officer. They shall be in the form given as Appendix V to these rules.

In the applications the areas for which water is required shall be specified but the rate shall be charged on those areas for which water is actually used as determined by measurement.

The permit in the form given as Appendix VI to these rules shall be granted by the Subdivisional Canal Officer if he is able to supply the water.

Supply of water

13. The Divisional Canal Officer shall control the supply of water throughout the Division in his charge.

14. No water shall be supplied to any lands except such as have been brought under a lease for a term of years or for the season, or to such as are provided for by a covering lease.

15. Under the forms of irrigation lease in use, no specific supply of water is promised; but the undertaking is to give such a supply to each lessee as may be necessary for the lands leased. The supply shall be given, as may be required for the proper cultivation of the crops under irrigation, according to the exigencies of the season.

16. The Divisional Canal Officer may give the required supply by rotation, should this be advisable for the efficient working of the canals in his charge. In such a case, he is required to give the lessees written notice informing them of the periods when they will be supplied with water.

Collection of water-rates

17. The rates due for water supplied shall be collected by the Divisional Canal Officer or other officer in charge of the Revenue Division through his staff of tahsildars and peons. All khatians or demand statements shall be signed by the Divisional Canal Officer or other officer in charge of the Revenue Division after scrutiny in his office.

18. At the time of preparation of the khatian in the Subdivisional Canal Office each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved by the Subdivisional Canal Officer for the purpose.

19. Each person on paying the sum due from him shall be given a receipt in the form prescribed for the purpose.

20. For the purposes of account of control over establishment, and of general administration, the Divisional Canal Officer or other officer in charge of the Revenue Division is in the position of an Executive Engineer in charge of a Division, and is directly subordinate to the Superintending Engineer. In regard to any proceedings taken under the Public Demands Recovery Act, 1913 (Bengal Act III of 1913), the Divisional Canal Officer is subject to the control of the Collector of the district.

Unauthorized use of water and waste of water

21. Should it be necessary to take action under the provisions of sections 79 and 80 of the Bengal Irrigation Act, 1876 (Ben. Act III of 1876), proceedings shall be instituted only under the direct and special order of the Divisional Canal Officer. The primary record of the facts regaring the unauthorized use or the waste of water shall be made by the Subdivisional Canal Officer and his subordinates. The parties whom it is proposed to assess shall be informed in writing, and shall be called on to show cause why they should not be assessed. The record of their statements shall be made by the Divisional or by the Subdivisional Canal Officer. The Divisional Canal Officer shall consider the facts and statements recorded, and shall, in deciding the case, give his reasons for or against assessment, both as regards the facts and as regards the law, and he shall determine rate to be charged subject to the provision in the schedule of rates attached to these rules.

22. Should the Divisional Canal Officer decide on making an assessment, he shall have the assessment paper prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him, and an abstract of the demand or khatian shall be sent to the officer in charge of the Revenue Division, who shall proceed to recover the sums assessed. The period of one month within which an appeal may be presented to the Collector under section 91 of the Bengal Irrigation Act, 1876 (Ben. Act III of 1876), shall be computed from the date on which the statement of the charge may be furnished to the person assessed, which date shall be endorsed on it.

23. No proceedings shall be instituted if the unauthorized use or the waste of water have occurred through the act or neglect of a Canal Officer or a subordinate officer employed on the canal. During the irrigation of autumn rice, the passing on of surplus water from leased to unleased fields is not an unauthorised use of water.

Complaints and Applications

24. All complaints or applications with respect to the supply of water, to defective drainage, and generally with respect to the administration of the canal, shall be received on presentation at either Divisional or Subdivisional Canal Offices.

Complaints and applications received by a Divisional Canal Officer may be transferred to his Subdivisional Canal Officer for disposal at his discretion.

Any such complaints or applications, if presented to the Sectional Canal Officer or to his staff, shall be returned endorsed with instructions as to the proper office at which to present them. If received by post, they shall be at once forwarded to the Divisional or Subdivisional Canal Officer.

25. Complaints or applications with respect to corrections of the assessment with respect to the actions of the amins in assessing and with respect to the actions of the tahsildars and other staff employed in collections, shall be received at the office of the Divisional Canal Officer or other officer in charge of the Revenue Division.

26. Receipts in the prescribed form shall be given at all offices for complaints or applications presented. The receipt of all complaints and applications shall be recorded in registers to be kept for that purpose.

27. The officer receiving the complaint or application shall either make a personal enquiry into the matter or he shall nominate in writing some responsible person to hold the enquiry.

28. The orders passed on all complaints or applications shall be in writing, and a copy of every order shall be furnished to the complainant or applicant.

The copy of order may be sent by post (registered), if this is convenient.

The period within which an appeal may be presented under section 91 of the Act shall be computed from the date on which the copy of the order is received by the person.

29. When an appeal to the Collector is from the order of a Subdivisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record on them such remarks as he may think desirable, provided that he does not thereby detain the proceedings.

In all cases in which an appeal against an assessment is preferred to the Collector, that officer may, if he thinks fit, direct that the collection of water-rates be suspended till the appeal is heard.

30. The Divisional Canal Officer may revise the proceedings of his Subdivisional Canal Officers and the Superintending Engineer may call for and revise the proceedings of all officers under his control.

Remissions and alterations of demand

31. Whenever the crop on land entitled to a supply of water suffers material injury from an insufficient supply of water, or from any interruption in the supply of water, remission of the rate due on such crop shall be given by the Divisional Canal Officer, provided that the person claiming remission shall have applied for such not less than fifteen days before the reaping of the crop.

32. On the occasion of lands being brought under a lease for a term of years, the Divisional Canal Officer may remit the rates for the first season on those fields which from the nature of the cultivation then obtaining, or from other causes, have not, in that season, derived any benefit from the supply of canal water.

33. Should the crop on lands under lease for a term of years suffer material injury from excess of water due to deficient drainage, the Divisional Canal Officer may grant remission of the rates due on such lands in whole or in part provided that the person asking for remission shall have applied at least fifteen days before the reaping of the crop.

34. Revisions of the assessment required in consequence of land under lease being left uncultivated or of land being appropriated for purposes other than cultivation shall be made under the orders of the Divisional Canal Officer.

35. Revisions of the assessment required in consequence of incorrect entries of the names of occupants of lands under lease or of incorrect entries of areas or amounts in the assessment papers, or required by changes, in the occupation of lands shall be made under the orders of the Divisional Canal Officer or other officer in charge of the Revenue Division, provided that no change involving any increase or decrease in the total area under lease for a term of years shall be made, without the concurrence of the Divisional Canal Officer.

36. Remissions of water-rates on account of injury to the crops caused by inundation, by blight, by storms or by any extraordinary cause shall only be allowed under the special orders of the State Government.

Irrecoverable demands

37. The Superintending Engineer may sanction the writing off of those demands which are reported, after due enquiry by the Divisional Canal Officer or other officer in charge of the Revenue Division, as irrecoverable owing to the poverty of the defaulter or of his successors in case of his death, or owing to the defaulter having absconded.

Cultivators' Representatives

38. Whenever the preliminary application for a lease for a term of years has been approved by the Divisional Canal Officer, the officer in charge of the Revenue Division shall, with concurrence of the Subdivisional Canal Officer, select as representative of the cultivators a suitable person or persons who shall generally be acceptable to the cultivators and who shall each have a direct interest in the land for which the lease is executed.

39. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

(*i*) In the preparation of applications for leases,

(*ii*) In the measurement of irrigated lands,

(*iii*) In recording the names of the occupiers of the holdings,

(*iv*) In receiving demand statements and distributing to the cultivators the individual notices of assessment,

(*v*) In attending, when required, at enquiries into complaints,

(*vi*) In reporting to the Circle Officer any changes in the occupancy of lands under lease.

(*vii*) In assisting the tahsildar in collecting rates.

40. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or in their own occupation, which may lie within the boundaries of the leased area subject to a total limit of 3 per cent. of the area assessed. The Divisional Canal Officer or other officer in charge of the Revenue Division may disallow in whole or in part this free irrigation, and may recover the rates which would otherwise have been payable in whole or in part if the assistance specified in rule 39 has not been efficiently rendered. The reasons for such disallowance shall be recorded in writing.

41. The Divisional Canal Officer shall maintain in his office a register containing a record of the names of all representatives and of the areas of free irrigation allowed to each.

42. Applicants for season leases shall be required to nominate one of their number who must have a substantial interest in the land to be irrigated as their representative. The representative so nominated shall perform the same duties as stated in rule 39 and shall receive remuneration on the same scale as in rule 40.

Power to decline or cancel leases

43. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Engineer to direct that the lease shall be cancelled with effect from the 16th of June next following. The order to cancel a lease shall be passed before the 1st of April of the year in which it is to take effect.

44. The Superintending Engineer may give directions to the Divisional Canal Officer to decline applications for irrigation leases of lands in villages where there has been persistent difficulty in realising the water-rates, until all arrears have been paid.

He may further suspend, or altogether cancel, any lease for a term of years, if on the 1st June of any year water-rates to the extent of half the demand for one year are in arrears. Previous notice of intention to put this rule in force shall be given not later than the 15th April preceding.

Miscellaneous

45. Tanks may be supplied with canal-water without charge, when water can be made available without injury to the cultivation dependent on a canal, under the following conditions:—

(*i*) That the water is to be exclusively used for domestic purposes, or for watering cattle;

(*ii*) That a channel exists through which water can pass without waste;

(*iii*) That the water shall only be supplied on the written order of the Subdivisional Canal Officer;

(*iv*) That any new outlet or sluice which may be required to allow of the supply being given shall be provided at the cost of the persons who ask for the water.

(*v*) That the supply of water may be stopped at any time if it is found that it is being misused.

46. Except when a public right-of-way exists, no person shall, without the permission expressed in writing of the Divisional or Subdivisional Canal Officer, pass himself, or cause any animal or vehicle to pass, on or across any of the works, banks or channels of a canal, or drainage work which is part of the canal system except by means of such bridges, fords and ferries as may have been provided for the purpose.

Any person who, after due warning, commits a breach of this rule may be proceeded against under clause (*9*) of section 93 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876).

47. The use of any part of the banks or berms of any canal, drainage work which is part of the canal system, or flood embankment which is subject to the provisions of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), as a place for answering the calls of nature, is prohibited. Any person who, after due warning, commits a breach of this rule may be proceeded against under clause (*9*) of section 93 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876).

48. Should water be required for purposes other than irrigation it may be supplied, when available, at a rate of two rupees per 10,000 cubic feet of water.

49. No officer employed on the canals, unless especially exempted by the State Government from the operation of this rule, shall have any interest in the distribution of water from any of the canals or purchase or bid for any Government property sold thereon either in his own name or in the name of another, or jointly, or in shares with others.

AWARD

This is a complaint by Shri Sambhu Paul and six others against their employers Messrs. Sur & Co., (hereinafter called the Company) alleging that the Company had denied them work without express permission from the Tribunal and thereby violated the provisions of section 33 of the Industrial Disputes Act.

Heard Learned Representatives of both sides. Question is whether this complaint is maintainable. Assuming that the complainants were refused work by the Company, as alleged in the application, to be true, it would, at the worst, be a case of lock-out. A lock-out is not contravention of section 33 of the Industrial Disputes Act, 1952, L.A.C., page 219. This view has been upheld by the Hon'ble Supreme Court in Lakshmi Sugar

Mills Ltd. (1956-57, 11 F.J.R., page 273). In my opinion, this application, is not maintainable. It is accordingly dismissed. This is my award.

AWARD

This is a complaint under section 33A of the Industrial Disputes Act by Shri Man Bahadur Chhetri filed on 8th June 1954. The complaint was

previously adjudicated upon and award made on 18th August 1954 finding that the complaint was not maintainable on the preliminary objections. On appeal by Shri Man Bahadur Chhetri the Hon'ble Labour Appellate Tribunal overruled the preliminary objections, set aside the award and remanded the complaint for re-hearing on merits by its judgment, dated 27th March 1956. The record was received back in the Tribunal on 7th May 1956 and the matter was re-heard accordingly.

The facts which are not disputed are as follows:—

The complainant Shri Man Bahadur Chhetri was a durwan employed by the opposite party at their Budge Budge Installation. He was on guard duty from midnight to 4 a.m. on 20th December 1953. While on such duty, Port Police arrested him at about 3-45 a.m. on the charge that he was found climbing through the terminal fencing with certain articles such as one empty drum, two spanners, two wrenches, one length of chord from the said installation. On 25th January 1954 the Police sent up Shri Man Bahadur Chhetri for taking his trial on two different charges in two different cases—one for having in his possession two wrenches and two spanners believed to be stolen property in Case No. P. R. 122 of 1954 and the other for having committed theft in respect of a length of jute chord and one empty drum in case No. 106 of 1954.

In the meanwhile after Man Bahadur Chhetri was bailed out, the opposite party company issued a charge-sheet to him on the self-same allegations of the Police on 19th January 1954. He was charged for attempted theft and misappropriation of property for which he was arrested and taken to jail by the Port Police authorities. (*Vide* Annexure "A" to the complaint.) He was also simultaneously suspended on 19th January 1954 with immediate effect pending final enquiry into the charges. On 21st January 1954 Man Bahadur submitted his explanation to the said charge-sheet denying history of the case as also the charges of theft and misappropriation brought against him. (*Vide* Annexure "B" to the complaint.) During the pendency of the aforesaid criminal cases the opposite party company intimated the petitioner by their letter, dated 1st February 1954, that an enquiry into the charges would be held on 19th February 1954. On 9th February 1954 Shri A. K. Sen, Presidency Magistrate, found in Case No. P. R. 122/54 that the evidence on record could not be said to be sufficient to raise any reasonable suspicion in one's mind regarding the stolen character of the properties and accordingly he acquitted the accused Man Bahadur under section 245(1), Cr. P. C. Then by his letter, dated 12th February 1954, petitioner Man Bahadur Chhetri wrote to the opposite party company objecting to the holding of the enquiry during the pendency of the other criminal case against him as the same would prejudice his case in the Court. The company forthwith replied by their letter, dated 13th March 1954, to say that the enquiry could not be postponed. On 19th February 1954 the opposite party company held enquiry into the charges against Shri Man Bahadur Chhetri when Lawyer of Shri Man Bahadur Chhetri was present. During the enquiry no witness on behalf of the opposite party company was examined to prove the charges against the petitioner. Only the petitioner Shri Man Bahadur Chhetri was interrogated by company's Officer. Questions and answers were recorded. Pages 20 to 25 of the record contain copy of the proceedings of the said enquiry. Presiding Officer Mr. J. K. Johnstone found Man Bahadur Chhetri to be unreliable type of employee. Accordingly he did not believe Man Bahadur's version of the incident, wherein Man Bahadur maintained that the two members of the Port Police who apprehended him, falsely implicated him as he had earlier challenged one of them what he was doing with a drum in the tank compound. Having regard to his past

service, Mr. J. K. Johnstone recommended his dismissal (*vide* page 26 of the main record). On 8th March 1954 the Manager of the company issued order dismissing Man Bahadur from service with effect from 10th March 1954. His decision was mainly influenced for alleged past misconduct when Man Bahadur was said to have been involved in removing coal from a wagon inside the installation. (*Vide* page 27 of the main record.) The dismissal took place during the pendency of an adjudication proceeding in respect of an industrial dispute between the opposite party company and their workmen who were found by the Hon'ble Labour Appellate Tribunal to include the petitioner as well. Then on 26th March 1954 the other criminal case C. R. 106 of 1954 against the petitioner ended in his acquittal and the drum and the rope were directed to be returned to the petitioner. After such acquittal the petitioner Man Bahadur Chhetri wrote to the company requesting to be allowed to rejoin duty as the Criminal Courts found him not-guilty. The company replied on 5th April 1954 stating that its decision as communicated by their letter, dated 8th March 1954, stood.

Against this background the complaint under section 33A of the Industrial Disputes Act was filed on 8th June 1954. The company opposed the complaint. It maintained that the dismissal was justified and that it acted *bona fide*.

DECISION

The onus to bring home the charge is upon the employer. In case of dismissal for misconduct the Tribunal will interfere if there be no evidence to support the action of the employer. It will also interfere if any of the four elements be present:—

(a) There is want of *bona fides*.

(b) It is a case of victimisation or unfair labour practice or violation of principles of natural justice.

(c) There is basic error of facts.

(d) There has been a perverse finding on the materials.

(*Vide* the case of Buckingham & Carnatick Co. reported in 1952, L.A.C. 490.) In the present case not only no witness on behalf of the company was examined during the enquiry held on 19th February 1954 but also none before this Tribunal to support the charges. The company depends only on circumstances and these may at best raise suspicion. But suspicion, however strong, is no proof of the charges. Then the charge-sheet must not be vague, but clearly state the particulars. In the charge-sheet in question it was not stated whose property it was which the complainant attempted to steal and misappropriate. None of the employees had been examined before this Tribunal to identify the articles as belonging to the company. On the other hand, the charges upon which the petitioner was dismissed, arose out of the same facts as led to the two prosecutions and were held not to have been established. Acquittal in criminal case is of course, no bar to departmental enquiry but then there must be evidence to support the action of the employer. In the present case it has already been noted that there is no material to support it. It appears that company's action was actuated having regard to his past conduct but it is principle of universal acceptance that when a man is charged with an offence, his guilt must be proved on the evidence adduced and the mind must not be influenced by his past conduct. So, on the materials on record, I am unable to hold that the dismissal of the petitioner was justified, but none the less it does not appear that the company acted *mala fide* or from extraneous considerations. Merely because the enquiry

was conducted during the pendency of the criminal case, it cannot be said the management was actuated from extraneous considerations, more so, when the petitioner himself suggested in his letter, dated 19th January 1954, that in case his request for postponement of the enquiry be not acceded to, an early enquiry should be held whether he should be allowed to bring a lawyer. It has already been seen that the petitioner was allowed to be present at the enquiry with his lawyer. The fact of dismissal by the company without taking permission from the Tribunal, it appears, was due to misconception on the part of the company as the pending adjudication proceedings were treated as not involving petitioner but other category of workmen. It appears that the company has no *mala fide* in the matter but acted *bona fide* on the belief that no permission was necessary in the circumstances. So, on the materials on record, though I am unable to sustain the dismissal, I think having regard to the circumstances that no reinstatement should be allowed. Looking at the matter on the objective standard, for peace and harmony in the industry, I allow four months' salary as compensation in lieu of reinstatement.

It is awarded accordingly.

ORDER

No. 51-I.R./D/11L-115/56.—4th January 1957.—Whereas under the Government of West Bengal, Labour Department, order No. 4110Dis./D/11L-15/56, dated the 12th September 1956, the industrial dispute between Messrs. J. B. Dastoor & Company, 28 Grant Street, Calcutta-13 and their employee Shri Jitendra Lal Mukherjee of 12/1 Becharam Chatterjee Road, Calcutta-34, represented by the Association of Employees' Unions, Commercial Buildings, Block No. 3, 2nd floor, 23 Netaji Subhas Road, Calcutta, regarding the matters specified in the schedule thereto was referred for adjudication to the Second Industrial Tribunal;

And whereas the said Second Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. J. B. Dastoor and Company, 28 Grant Street, Calcutta-13 and their employee Shri Jitendra Lal Mukherjee, 12/1 Becharam Chatterjee Road, Calcutta-34, represented by the Association of Employees' Unions, Commercial Buildings, Block No. 3, 2nd Floor, 23 Netaji Subhash Road, Calcutta-1.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI G. P. MUKHERJEE, *Judge, Second Industrial Tribunal.*

Appearances.

For the employee: Shri Jiten Banerjee, Joint Secretary, Association of Employees' Unions.

For the Company: Mr. S. R. Metha, Attorney.

The Government of West Bengal, Labour Department, by its order No. 4110Dis./D/11L-115/56, dated 12th September 1956, referred the above dispute to this Tribunal for adjudication.

The only issue as contained in the schedule to the order of reference is as follows:—

To what compensation is Shri Jitendra Lal Mukherjee entitled due to his termination of service by the Company.

AWARD

The case of the Association, which took up the cause of Shri Jitendra Lal Mukherjee is that Shri Mukherjee was a stenographer employed in this Company and was drawing Rs. 125 per month. He had put in 8 years' service. But the Company discharged him with effect from 1st October 1954 in contravention of the salutary principle of "last come, first go". His discharge was due to certain extraneous reasons on account of personal bitterness. Accordingly, proper compensation for loss of his employment was claimed.

The Company in its written statement contends that the agency known as "Tomco Products" was the main stay of its business, and that the said agency was terminated by a notice issued in January 1956. As a result of this, the Company was financially crippled, and majority of the employees in this concern became superfluous. Accordingly, such employees were given notice, and in that notice they were asked to exercise either the option of two months' salary being paid to them forthwith, or the option of serving the Company six months more from the date of such notice. Shri Jitendra Lal Mukherjee elected to serve the Company for six months more. The Company wants to say that Shri Mukherjee, in the circumstances, is not entitled to get any compensation whatsoever.

In view of the issue as formulated for adjudication, it is not necessary for the Tribunal to make an enquiry into the propriety of Shri Jitendra Lal Mukherjee's discharge by this Company. The Tribunal must confine its attention to the issue as it is framed, and cannot travel beyond it. It will not be proper for the Tribunal to say anything as to whether Shri Mukherjee was discharged rightly or wrongly by way of retrenchment, and whether such retrenchment was *bona fide* and justified, inasmuch

as such questions are beyond the scope of the issue. The issue seems to suggest as if Shri Mukherjee had rightly been discharged by the Company. The only point for decision in the present case is whether Shri Mukherjee is entitled to get any compensation for his termination of service. On a consideration of the matter, it appears that the service of Shri Mukherjee had to be terminated by this concern by way of retrenchment, when this Company had lost soap agency of Tata Oil Mills Company, Ltd., which was the main stay of its business. The rights and liabilities of employers and workmen, in so far as they related to retrenchment, have now been codified and embodied in Chapter VA of the Industrial Disputes Act, 1947. The said rights and liabilities shall now be determined in accordance with the provisions of that Chapter. Section 25F enumerates the payments, which are to be made to an employee, when he is retrenched by his employer. According to that section, each employee must be paid at the time of retrenchment, compensation at the rate of 15 days' average pay for every completed year of service or any part thereof in excess of 6 months. It further provides that he shall get one month's wages in lieu of notice. But in the instant case, the Company wanted to defeat this right of the employee concerned to such retrenchment benefit. The Company's case on this score is that as this employee on getting a notice, dated 12th April 1954, from this Company regarding termination of his service exercised his option to serve in this Company for a period of 6 months more instead of accepting immediate termination of his service with effect from 1st May 1954 with two months' salary as special compensation, he is not entitled to get any more compensation. The said notice is Ext. A. It appears from the evidence of this employee and also from Ext. A(1) that Shri Mukherjee duly received this notice, dated 12th April 1954. Exhibit C (acknowledgment) which is dated 20th April 1954 and which has admittedly been signed by Shri Mukherjee, further goes to show that he acknowledged receipt of the notice for termination of his service with effect from 1st October 1954. This means that he exercised the option of staying on with the Company till 30th September 1954 instead of being released by the 1st of May 1954 with compensation of two months' salary. I do not think that by electing to stay on with this Company till 30th September 1954 Shri Mukherjee gave up his claim for retrenchment compensation or benefit as provided in section 25F of the Act. In the notice (Ext. A) or in the acknowledgment (Ext. C), there is nothing to indicate that Shri Mukherjee would forfeit his claim for getting retrenchment compensation according to law, if he stayed on with the Company till 30th September 1954. Had there been such provision in the aforesaid documents, the Company could have reasonably argued that Shri Mukherjee by agreeing to serve the Company for a period of six months more, had lost his claim to retrenchtment compensation in terms of section 25F of the Act. In this view of the matter, the Tribunal holds that the Company cannot escape its liability to pay retrenchment compensation to Shri Mukherjee according to law. The Company wanted to put another hurdle in this respect. Relying on Ext. B, which is a receipt signed by Shri Mukherjee on 29th September 1954, it was argued on behalf of the Company that Shri Mukherjee waived his right to getting any compensation whatsoever for termination of his service. As the foundation of this argument is based on the receipt (Ext. B) granted by the employee concerned, it will be worthwhile to state what is written therein. The said notice runs as follows:—

Calcutta, 29th September 1954.

Received with thanks from Messrs. J. B. Dastoor & Co., the sum of Rupees one hundred and twenty-five only towards my salary for the month of September 1954. This is in full and final settlement

of my dues on the termination of my services, *vide* notice letter, dated 12th April 1954.

Rs. 125-0-0. J. L. MUKHERJEE.

This receipt was put to Shri Mukherjee while he was being cross-examined, and he admitted his signature there. But he added that he signed this receipt knowing that it was a receipt for his pay. On a careful consideration of the matter, I do not think that the language used in the receipt could be construed to be an expression of an unambiguous intention to accept the amount in full settlement of all his claims, so as to bar his right to get any relief according to law. The question of the effect of such acceptance of the wages or salary by the employees came up for consideration before the Labour Appellate Tribunal on several occasions. That Tribunal held "Considering the unequal position of an employer and needy workmen, mere acceptance of wages in lieu of notice, without more, should not be given the normal effect it would have in law. It must be proved that the acceptance was voluntary and made with full knowledge of its consequences upon the dispute." In the present case, there is no proof of the kind. In such cases, we must also take into consideration the unequal position of an employer and a needy employee, and mere acceptance of wages or pay in lieu of notice, without more, should not be given the normal effect, which it would have in Civil Law, unless it is proved that the acceptance of such wages or salary was a perfectly voluntary act on the part of the employee, with the knowledge of its effect upon the dispute regarding his non-emloyment, and that the employee concerned consciously gave up all his claims against the employer arising out of his discharge. On a careful consideration of the matter, I am of the view that the said receipt put to him for signature, conveyed the idea to him that he was bound to accept the salary for the month of September 1954 by granting that receipt, and that at that time, he had not full knowledge of its consequences. For the reasons stated above, the Tribunal holds that Shri Mukherjee did not waive his right against the Company to get retrenchment compensation as provided in law. The Company was no doubt considerate and generous enough in keeping him in its employ till September 1954. But the fact remains that he worked throughout that period, and thereby earned his remuneration. In the result, it is decided that Shri Mukherjee shall get retrenchment benefit as provided in section 25F of the Act for termination of his service by the Company. Next question that arises for decision is what compensation he is entitled to get. In this respect, the length of his service in the Company is an important factor, and should be determined. The Association in its written statement has stated that Shri Mukherjee put in 8 years' service in this Company, but the written statement as filed on behalf of the Company is quite silent on the point. Even, there is no denial as regards the statement made by the Association in its written statement about the length of Shri Mukherjee's service in this Company. Shri Mukherjee in his evidence before the Tribunal has stated on oath that he joined this Company in September 1946 and was discharged in September 1954. His evidence indicates that he worked in this Company for 8 years. O.P.W. 1 Shri Fredoon N. Bava Adom, who is a partner of this Company and who deposed on behalf of the Company in this case, has stated that Shri Mukherjee worked with them approximately for 5 years. The Company could have proved the length of his service by producing the relevant documents, such as attendance registers and pay registers for the period. But the Company has not cared to produce the same, although those documents are admittedly in its possession. In the absence of any material, which could have been produced by the Company to disprove the

positive testimony of Shri Jitendra Lal Mukherjee about the length of his service, the statement of O.P.W. 1 that Shri Mukherjee worked in this Company approximately for 5 years, cannot be readily accepted. I believe the version of Shri Mukherjee and hold that he worked in this Company for 8 years. There is no dispute ragarding his pay, which was admittedly Rs. 125 per month at the time of his discharge. Lastly, an argument was advanced on behalf of the Company that the employee concerned could get no compensation whatsoever for the termination of his service by way of retrenchment, inasmuch as there was closure of the business, in which he was mainly employed. In support of this contention, a very recent decision of the Hon'ble Supreme Court of India was referred to. But the Company could not produce before the Tribunal that decision. So, the Tribunal is not in a position to know under what circumstances, their lordships of the Hon'ble Supreme Court made such pronouncement. From newspaper report, detailed treatment of the case cannot be had. Furthermore, it appears from the said newspaper report that their lordships held that no compensation for retrenchment should be given to the employees, when there is *bona fide* closure of the business. But in the instant case, the facts are quite different. From the evidence of O.P.W. 1, it is manifest that the Company did not close its business altogether, but only a department of this Company known as the soap agency of the Tata Oil Mills Company, Ltd., in which this employee is said to have been mainly employed, had to be closed. Admittedly, the Company is still in existence, and has been carrying on its business in respect of its other departments. So, what has been observed by their lordships in the case appearing in the newspaper, is not applicable to the present case. So, on a careful and anxious consideration of all the facts and circumstances as discussed above, it is decided that Shri Jitendra Lal Mukherjee shall get compensation equivalent to 15 days' average pay for every completed year of service, the length of his service in this Company being 8 years. To be precise, he will get such compensation as retrenchment relief for 4 months only. But he is not entitled to get one month's salary in lieu of notice, because it is abundantly clear that he got notice from the Company regarding termination of his service with effect from 1st October 1954 as far back as 12th April 1954 (*vide* Ext. A). The issue is answered accordingly. The payment as directed above be made to Shri Jitendra Lal Mukherjee within 15 days from the date when this award becomes enforceable.

This is my award in the present case.

Legislative Department

NOTIFICATION

No. 165L.—22nd January, 1957.—The Governor having been pleased to order, under rule 48 of the West Bengal Legislative Assembly Procedure Rules, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

THE CONTINGENCY FUND OF WEST BENGAL (AMENDMENT) BILL, 1957.

A BILL

to amend the Contingency Fund of West Bengal Act, 1950.

WHEREAS it is expedient to amend the Contingency Fund of West Bengal Act, 1950, for the purpose and in the manner hereinafter appearing; West Ben. Act XL of 1950.

It is hereby enacted in the Eighth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title and commencement.

1. (*1*) This Act may be called the Contingency Fund of West Bengal (Amendment) Act, 1957.

(*2*) It shall come into force immediately on the Contingency Fund of West Bengal (Amendment) Ordinance, 1956, and the Contingency Fund of West Bengal (Second Amendment) Ordinance, 1956, ceasing to operate. West Ben. Ord. V of 1956. West Ben. Ord. VI of 1956.

Amendment of section 2 of West Ben. Act XL of 1950.

2. In section 2 of the Contingency Fund of West Bengal Act, 1950, for the words "a sum of one crore of rupees" the words "a sum of five crores of rupees" shall be substituted.

Savings.

3. Anything whatsoever done or any action whatsoever taken under the Contingency Fund of West Bengal Act, 1950, as amended by the Contingency Fund of West Bengal (Amendment) Ordinance, 1956, and the Contingency Fund of West Bengal (Second Amendment) Ordinance, 1956, shall, on the said Ordinances ceasing to operate, be deemed to have been done or taken under the said Act as amended by this Act as if this Act had commenced on the 6th day of October, 1956.

STATEMENT OF OBJECTS AND REASONS

The object of this Bill is to replace the Contingency Fund of West Bengal (Amendment) Ordinance, 1956, and the Contingency Fund of West Bengal (Second Amendment) Ordinance, 1956, which were promulgated by the Governor under Article 213(*1*) of the Constitution of India on the 6th October, 1956 and the 24th November, 1956, respectively, when the Legislature was not in session.

The above Ordinances authorised the increase of the Contingency Fund of West Bengal from Rupees one crore to Rupees two crores and from Rupees two crores to Rupees five crores respectively.

The necessity for promulgation of the above Ordinances arose due to the prevalence of widespread distress in some areas in the State requiring a large scale expenditure on relief operations in excess of the Budget grant which could not be covered by advances from the available amount in the Contingency Fund, without augmenting it.

As similar contingencies may crop up in future, it is necessary to retain the enhanced amount in the Contingency Fund of the State as a permanent measure.

B. C. ROY,
Member-in-charge.
